and HH perceived Advantages of Blended Learning

"part where we can take part of the course in the classroom."

"that is fun to do project but I rather try credit because I have off campus and stuff of go learn something new. I would like to get online to do something new that means that it is going to be much better."

"the course was confused with online time. I used to manage this time better. It is better for me, so it takes a lot of stress away from me to not go to class every time."

"the course is more independent for the..."
