Monday, 6/25/2001 -- 4:30 PM
Location: LBJ [060] LBJ STREET

Strand: Using Technology to Support Learning
Type: Poster   **Audience:** K-12

Summary:

  This K-12 poster session describes how residential and mainstream schools use the Internet as the main tool to deliver instruction to deaf students. Included are online activities, sharing instructional resources, and building a community of learners. An array of possibilities other than simply saving materials on the Internet is described.
