Summary:

  The Postsecondary Education Network International (PEN-International) is a joint partnership between the National Technical Institute for the Deaf (NTID), Tsukuba College of Technology (TCT) and The Nippon Foundation, to establish a worldwide university network serving deaf students. PEN-International is being undertaken to help universities that educate student who are deaf to apply state-of-the-art instructional technologies, improve and update their technical curriculum, and update their computer hardware and software for instruction.
