Adequate Testing and Evaluation of On-Line Learners
(M230A)

James R. Mallory   **Email:** jrmnet@rit.edu
National Technical Institute for the Deaf

Monday, 6/25/2001 -- 2:30 PM
Location: LBJ [060] PANARA THEATRE

Strand: Online and Distance Education
Type: Formal   **Audience:** All

Summary:

  One challenge with on-line teaching is properly evaluating the learner's knowledge in a fair, secure and efficient manner. NTID has been teaching Distance Learning (DL) courses for the past six years and will report on valuable experience gained using three different means for remotely evaluating students in computer programming classes.
