Digital Video Conferencing for Remote Tutoring/Teaching of Deaf Students (T330D)

James R. Mallory   **Email:** jrmnet@rit.edu
National Technical Institute for the Deaf
Laury, Dean

Tuesday, 6/26/2001 -- 3:30 PM
Location: LBJ [060] 1510

Strand: Online and Distance Education
Type: Formal   **Audience:** All

Summary:

  NTID has used traditional and cutting-edge course delivery technologies in Distance Learning (DL) classes for six years. We collected data from deaf and hearing students who participated in both on-campus and DL courses in order to better understand the relative effectiveness of these varied technologies from their perspective.
