A Web-Supported Course for Deaf College-Aged Students
(M4P)

Linda Gottermeier   **Email:** lggnca@rit.edu
National Technical Institute for the Deaf

Monday, 6/25/2001 -- 4:30 PM
Location: LBJ [060] LBJ STREET

Strand: Strategies for Assessing the Impact of Technology in Teaching/Learning Process
Type: Poster   **Audience:** All

Summary:

  This poster session will provide an example of a web page that was developed to support the course Organizational Communication and the Deaf Employee. Power Point presentations were linked to the web site along with course readings on an electronic reserve file. Results of a student survey will be summarized.
