AN ODE to PEANUT I

Oh peanut butter,
So rich and creamy,
Surely you are quite dreamy.
You dance and spin
When you are in
My mouth.
Whether on crackers,
A banana,
Nothing
Or bread,

You are always in my head.

Oh peanut butter

So excellent in teste,

Eating you is never a wask.

You delight my mind

Each and every time

I eat you.

On celery,

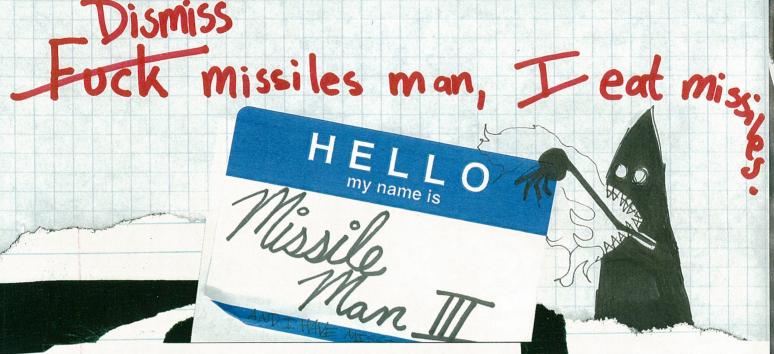

With chocolate,

Or just plain,

You feed my brain.

there if they don't like their rooms, or their roomates. Trecently someone tried tacking his bed into the lounge and compensated by taking

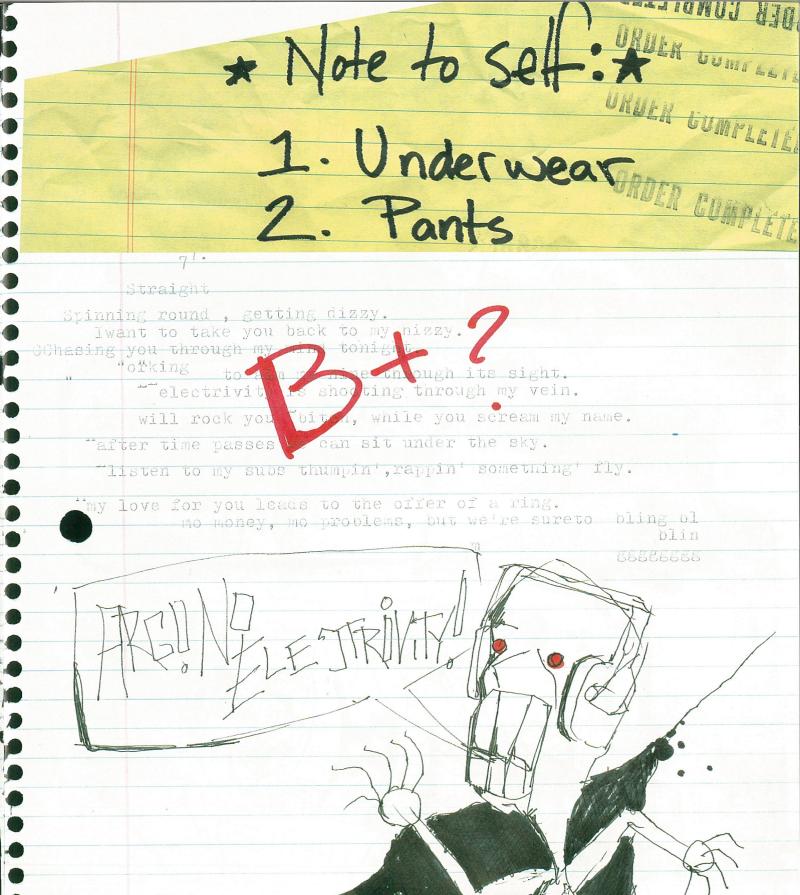

one of the couches into his old room.

he then locked himself in the teat
lounge and ate the windows. We haven't heardf
from him since, then again, no one heard
from him when he was in his room.

MONDAY ... 3-28-05

There should be compliments on stall walls. Something
like "Have a nice day!" or "That's quite a package you
have there!" All I can find are really offensive things,
like "I hope owls eat your ass" and I swear it's in
my Writing and lit protesser's handwriting. For the time
being, I responded by saying "that's what your mom said last night

TUESDAY ... 3-27-0

I want back to the stall with my last paper and compared it to the graffiti on the wall. It Is my professor's handwriting. Not only is it his, he responded to my last comment with the remark "sure it wasn't your sister? "9" IM

THESDAY ... 4-5-05

That asshole runs like dockmork; every morning at 9:30 am, same stall. The last thing he said was that I am the offspring of my mother and an exceptionally phallic piece of shit and that I got the better half of my genes from the shit.

I, in turn, accusted him of eating my father for breakfast.

restling match between Macho Man Randy Savage t to use the catch phrase "oooh yeah!" A lotta people

might say that a wrestling match wouldn't be fair, seeing as Randy Savage is a wrestler and the kool aid guy holds and dispenses kool aid; but I think it would be fair. I mean, the kool-aid guy can burst through walls; Macho Man can snap into a slim jim, but walls are the limit. And, hell, you try doing a wrestling move on a glass pitcher of any size, let alone one that's so big it doesn't even try to use doors. Granted, I suppose Kool would be done for if Randy tipped him on his side, but Kool could just pick Macho up and drown him inside his own head. Not to mention, I'm pretty sure Kool carries that extra pitcher of juice just for emergencies like those; and if he emptied that pitcher into himself to revitalize his kool-aid fueled life, I bet it would make a pretty kick ass weapon; especially if he broke it and used the shards of glass, like, "I'll cut you like a depressed teenage girl, bitch," and randy would be like, "shit!" and wouldn't be able to hide or anything, because he always wears neon. Macho would run, though, just like anyone would if a self-contained red flood were chasing them, then Randy would be like "oh, no!" and Kool would be like "oh yeah!" and slice randy and drain his blood into his pitcher. This would offend FOX viewers, though, and then little kids would kill small animals and drain their blood into pitchers, and that's when the American Red Cross or AIDS Are Bad or the FBI would step in and be like "whoa, whoa, whoa, this isn't cool." And they'd put Kool on trial; then he'd be like "oh, no!" and the Macho Man would be like "no, ass, that's my new catch phrase," but he'd be dead, so it wouldn't matter.
