

ROCHESTER INSTITUTE OF TECHNOLOGY

Student Council Minutes  
March 4, 1946

The regular meeting of student council was called to order by the president Bill Esch. at 4:15.

Those present were: Bill Esch, Mary Ryan, Jerry Less, Ruth Ambler, Bob Anselm, Ansel Brennan, Phyllis Besley, Eleanor Lea, Tina Meragas, John Robinson, Bob Martin, Lenord Morris, Marion Spinks, Ann Keppler, Ray Zaidel, Jean Marie Belmont, and Phyllis Kipp,

Marion Spinks gave his report on finding a smoking room. Dr. Ellingson asked that when the weather is warm enough, students refrain from smoking in the hall by the bookstore. Smoking will be allowed only in the hall directly below where smoking is permitted now; the new council for next year to enforce that rule. There also will be no smoking facilities in the new school.

Lenord Morris gave his report on the yearbook expenditures. Much work has already been put on the yearbook - work was started last May. Matt Gingold refused to stand behind the book if it has to be published for \$2600.00, but will stay if he can raise the \$800.00 extra throughout school. A vote, sponsored by Matt, showed that a large percentage of the students was in favor of paying \$1. for their yearbook. As Matt has stated definitely that not more than \$800.00 will be needed, a motion was made and accepted that the yearbook staff will be allowed to get the \$800.00 by charging the students \$1. for the book.

So far Herb Watt has collected \$128.00 for the Red Cross. He will now meet Tuesdays and Fridays with his representation.

The meeting adjourned at 5:12.

Respectfully submitted,

Phyllis Kipp, Sec.
