Budget report of \$250. as expenses for the riding club was approved, also \$20. as expenses for the rifle club was approved.

The glee club has not submitted their by laws so the budget still stands tentively approved.

The cost of the mixer was approximately \$50 for the band and \$22.50 for food.

Lenard Morris reported on the hangar for a gym. It is still just an idea as there is no definite information on it. The possibility of the old Eastman building for athletics is being looked into.

Report on the questionnaires was also made by Lenard Morris. Signs are to be printed and posted explaining their necessity for the Student Directory.

Photo Tech seniors have classes until 5:00 on Mondays so a new date for council meetings may have to be set. It was found that there is no night when all members would be free. The problem was held over until council can check on the Photo Tech schedule.

All plans for basketball have been completed. The Jefferson gym is to be used.

New business brought up was smoking. Dr. Ellingston said that the school can set aside part of the old printing department but maintainence is impossible to get. It was suggested that students be hired. It is to be reported to Dr. Ellingston that council will provide cleaners if he will provide the room.

The left handed boys in the P. and P. department are complaining about the desks. Bob Martin is going to see Mr. Culver about it.

The public is pushing ahead of the faculty and students in the cafeteria. Miss Medden is going to take the problem to the food department and have signs made so the public will use the Plymouth Street Door.

The meeting was adjourned at 5:10.

Respectfully Submitted,
