There will be a drive held for the World University (WUS) in March. Anyone wishing to work on the drive was asked to see Art Pavelle following the meeting.

**Legislative and
Financial**

Bob Kohler explained the financial reports which have been submitted to Council by the Treasurer.

In regard to Don Lenhard's motion of two meetings ago, Kohler's committee has changed the motion to dispense with wordiness. A motion was made to reject Lenhard's motion. The motion was seconded and passed. It was moved by John Markowski that we accept the recommendation of constitutional changes as submitted by Kohler's Division. This motion was seconded and passed.

Kohler recommended that the Council approve the Inter-Organizational Book of Statutes as was approved by the Inter-Org Council at their meeting last Tuesday night. However, some members of the Council felt that they wanted to see the Book of Statutes; this was moved and seconded. The motion was amended that the committee take any new policy from the Book and print that for Council. The amendment was seconded. After some discussion the second was withdrawn. Since there was no other second made, the amendment was declared void. Discussion followed. Some members did not want to pass anything until they saw exactly what was being passed. Other representatives, however, felt that the Council ought to have enough respect for Inter-Org to trust their judgment on the Book of Statutes. The previous question was moved, seconded, and passed.

Old Business

A question was raised about a student loan fund which might conceivably come from the surplus fund of Student Council. A report will be forthcoming at the next meeting.

The faculty parking lot behind the gym has not been utilized and should be devoted to student use. The decision will be left up to Mr. Harry Rider as to whether or not students will be allowed to use this lot.

Lighting will be installed in the Technila office either this week or early next week.

The Reporter will be sent to people on work block. However it is up to Council to obtain the names of those people to whom papers will be sent. They will not be sent to anyone living at the Men's or Women's Residence Halls while on work block. The following volunteered to obtain the names of block students from each department:
