SUBJECT: Proposal for the COS BS in Integrated Science and Entrepreneurship

CC: Sophia Maggelakis, Dean College of Science
Larry Buckley, Associate Dean for Academic Affairs College of Science
Roger Dube, Assistant Dean for Undergraduate Research and Interdisciplinary Programs

The Inter-College Curriculum Committee has reviewed the proposal for the new BS degree in Integrated Science and Entrepreneurship proposed by the College of Science. After thorough review the ICC concluded that this degree program meets a strategic curricular need to merge innovative deployment with creative scientific advancements and enhances the academic portfolio of RIT. The ICC unanimously approved this degree program and recommends that it be approved by the Academic Senate and the Provost.
