

Reflections about FLC

Raluca Felea

- 1. I learned a lot about the benefits of the team work for undergraduates.**
- 2. I enjoyed listening to the teaching experiences and advises of my colleagues.**
- 3. I had a good time at the Lily conference where I listened to very good and helpful talks.**
- 4. Being an international, it was very useful for me to find out more about the life of the American student.**
- 5. I had the opportunity to be exposed to teaching research materials which I would never found out by myself.**
- 6. I learned how to conduct a class research.**
- 7. In summary, it was a wonderful experience.**
