NEWS BRIEFS

STUDENT ASSEMBLY MEETING WILL BE TELEVISED ON OCT. 26 --
RIT Students will have the opportunity to see their student government in action when a special "instructional, educational experience" planned by the Student Association and RIT Television Center is telecast over RIT-TV, Channel 7, on Monday, Oct. 25 at 8 p.m.

The Student Assembly, the main student legislative body, will be featured in a regular meeting titled "Student Association in Action," the purpose of which is to introduce the student representatives to their constituents.

Members of the RIT Television Center production staff, including Thomas L. Russell, TV Center director, are donating their services to the special project.

"The cooperation we have received has been fantastic," notes Greg Enos, Student Association secretary of public relations, and coordinator for the program. "The people at the television center are as enthusiastic about this experiment as we are and that could be one of the keys to success."

Dr. Richard Zakia, director of Instructional Research and Development, gave approval for the program within a week after the proposal was made, Enos noted.

"Elaborate preparations are being made so that the entire Institute community will be able to participate in the program," Enos said.

Thomas Tyberg, a senior printing major and interpreter for the deaf, will serve as student coordinator for students of the National Technical Institute for the Deaf (NTID). NTID interpreters will be stationed at various locations in the dormitory area.

Television center telephone lines, manned by Student Association personnel, will be used to accept questions, which will be answered during the show. Interpreters for the deaf will phone the questions for the non-hearing students.

"This first show is an experiment, with programs on other sections of student government a possibility if this one is successful," Enos said.

RIT COLLEGE UNION BOARD CINEMA/ARTS PRESENTS

MONDAY, OCT. 19

The Talisman Film Festival presents THE COLLECTOR and A UNICORN IN THE GARDEN (short) at 7:30 and 10 p.m. in the College of General Studies Auditorium, admission \$.50.

THE COLLECTOR (Color, 119 min.): Terrance Stamp was voted "Best Actor" and Samantha Eggar "Best Actress" at the Cannes Film Festival for their performances in this drama. Based on the first novel of John Fowles, THE COLLECTOR's musical score was by Maurice Jarre, who won Academy Awards for his "Lawrence of Arabia" and "Dr. Zhivago" scores.

A UNICORN IN THE GARDEN (Color, 9 min.): Employing James Thurber's own unique drawing style, UPA Pictures' animation artists created this cartoon version about the meek little man whose wife won't believe he really saw a unicorn in the garden.

FRIDAY, OCT. 23

The Talisman Film Festival presents THE BLACK CAT at 7:30 and 10 p.m. in the Booth Auditorium of the Frank E. Gannett Memorial bldg., admission \$.50. THE BLACK CAT is the first in a series of six horror films.

SATURDAY, OCT. 24

Talisman II presents CAN HERONYMUS MERKIN EVER FORGET MERCY HUMPPE AND FIND TRUE HAPPINESS, and CANNON (short) at 7:30 and 10 p.m. in the Booth Auditorium of the Frank E. Gannett Memorial bldg., admission \$1.00.

CAN HERONYMUS MERKIN EVER FORGET MERCY HUMPPE AND FIND TRUE HAPPINESS (117 min.): Determined to outlive the all too brief span allotted to him by his life insurance policy, Heronymus Merkin has assembled on a beach the undying 'monument' to his life and career.

RIT COLLEGE UNION BOARD CINEMA/ARTS PRESENTS (continued)

SUNDAY, OCT. 25

The Humanitarian Film Festival presents "THE HANGMAN, THE LAWLESS, and INTRUDER IN THE DUST at 7:30 p.m. only, in the Booth Auditorium of the Frank E. Gannett Memorial bldg., admission \$1.00.

THE LAWLESS (83 min.): A forceful, action-packed drama of an American boy of Mexican parents who, though innocent, is charged with a serious crime and hunted down by a lynch mob...simply because his skin is not white enough. A stirring indictment of racial discrimination.

INTRUDER IN THE DUST (87 min.): By permitted the local moderates to prevent the lynching of Lucas Beauchamp, the film retains Faulkner's insistence that the South's racial problems have to be solved by the Southerners themselves. Juano Hernandez lends dignity and pride to Beauchamp which is anomolous in that time and place, but is clearly Faulkner's conception and is perhaps necessary to avoid the stereotype of the shambling Negro.

THE HANGMAN (12 min.): With an eloquence beyond rhetoric, THE HANGMAN pierces to the conscience of mankind and leaves him no choice but to speak out against all injustice.

* * * * *

ENGDAHL PRESENTS "MYSTERY OF COLOR" -- The Erie Color Slide Club of Erie, N.Y., opened its annual series of programs Sept. 25 with a slide-lecture by David A. Engdahl, associate professor and assistant to the director in the RIT School of Photographic Arts and Sciences.

The other teams in the ICAC are Hobart, Alfred, St. Lawrence, Clarkson, Ithaca, and host RPI.
