NEW RIT BOARD MEMBER RECENTLY NAMED -- Former Rochesterian John L. Blake, deputy manpower administrator in the U.S. Department of Labor, has been elected to RIT's Board of Trustees.

The announcement was made by RIT Board Chairman Arthur L. Stern following a recent meeting of the Board of Trustees' Executive Committee.

Blake, who is widely known for his professional activities in Rochester and for his involvement in numerous community activities, was appointed to the Labor Department position in July of 1969. In his role as deputy manpower administrator, the number two post in the Labor Department's Manpower Administration, Blake has played a key part in implementing the reorganization of the Manpower Administration and the decentralization of its field operations. He has direct supervision of field operations for the Labor Department's \$2.5 billion work and training programs and is responsible for the administration of 10 regional Manpower Administration offices and one in the District of Columbia, all of which comprise more than 2,000 field personnel.

Blake is also a direct link between the Department of Labor and the more than 2,400 offices of the State employment services throughout the country including Puerto Rico, the U.S. Virgin Islands, Guam, and the U.S. Trust Territories of the Pacific.

Prior to his Department of Labor appointment, he was associated with Marine Midland Trust Company, Rochester, as assistant secretary for loan administration. He has also served as deputy director for the Monroe County Human Relations Commission, training coordinator at Ritter Pfaudler Corporation (now Sybron Corp.), and taught at West High School in Rochester. While on executive leave from Ritter Pfaudler, he served as first general manager of the Rochester Business Opportunities Corporation.

At the time of his Washington appointment, he was active in Rochester as president of the Board of Directors of Montgomery Neighborhood Center; vice chairman of the Ralph Bunche Scholarship Committee; and on the boards of Hillside Children's Home, Junior Achievement, and Partners, Inc.

Blake also served on the advisory committees of Upward Bound, Urban League, and the New York State Employment Service.

He holds a bachelors degree in business administration from Michigan State University and did graduate work at Syracuse University and the University of Rochester.

Blake is a former charter member and Polmarch (President) of the Rochester Alumni Association of Kappa Alpha Psi fraternity and former President of the Michigan State Alumni Club of Rochester.

PHOTO EXHIBITION SET FOR WALLACE MEMORIAL LIBRARY -- "The Mexican Portfolio" by noted photographer Paul Strand is currently on exhibit through Jan. 5 in the second floor gallery of the Wallace Memorial library. As part of the library's photographic collection, the twenty gravure plates are the second edition (1967) of the original portfolio published in 1940.

Paul Strand, American photographer, was born in 1890 and currently lives in France. His photographs of the common man -- Mexican and Italian peasants, Irish fishermen, city derelicts -- portray the subjects in heroic stature.
