

# PROPOSED NEW CHARGES FOR TWO STANDING COMMITTEES

Ettlie proposals

## PROPOSED FACULTY AFFAIRS COMMITTEE CHARGE:

I move that the Faculty Affairs Committee investigate and present the costs and benefits of adopting a new title/status for ~~instructors~~ **teaching faculty** typically called “~~clinical faculty~~” **“Professors of Practice”**. Present a recommendation for further action based on presented costs and benefits.

## **RESEARCH AND SCHOLARSHIP COMMITTEE CHARGE:**

**I move that the committee review the current funding policies for PhD students, which limit a student to one-year of RIT support. Assess the value of providing up to three years of support in disciplines where extramural grants and contracts are rarely available.**
