22 December 2004

Department alumni have recently chosen to make the Department's current students the beneficiaries of their generosity. About 18 months ago, an early Professional & Technical Communication (PTC) graduate, offered a donation that made possible this year's Ethics in Communication Award. Late this fall, another PTC alum began the process of making a generous gift to benefit the Department's students. Following this second donor's lead, full-time faculty in the Department made a matching gift.

Thanks to the generosity of two PTC alums as well as full-time faculty, the now officially name Department of Communication Student Alumni Fund is robust and growing.

Happy New Year!
