

Funding (\$ \$ \$) Opportunities for Student Research

Bruce A. Austin baagll@rit.edu

25 September 2003

The College of Liberal Arts is offering funding support for research conducted by all Liberal Arts degree program students during the Winter quarter. PTC and CMT students are eligible to apply for research grants up to \$500. The research support can be used for expenses incurred as part of a research study such as software, materials, postage, photocopying and so forth.

Complete details on the Liberal Arts student research grant have been posted near the mail folders; Ms. Chris VanHemel and Ms. Helen Adamson also have copies at their desks. The deadline for applications is 15 October 2003.
