Who Needs a Fall Quarter Co-op?

Bruce A. Austin   baagll@rit.edu

19 August 2003

Two Rochester-area Co-ops are available for the Fall 2003 quarter. For one, the interested PTC student needs a solid background (a professional core, perhaps) in computers, IT, or web design; the student must also be a good writer. For the second Co-op, marketing, survey research, and report writing skills are required.

Each Co-op is an excellent opportunity for the "right" PTC student. Want more information? Contact Bruce Austin: 585-475-2879 or via email at baagll@rit.edu
