

Info on Conservation Internships Posted

Bruce A. Austin baagll@rit.edu

5 November 2001

A booklet describing Summer 2002 internships available through the Student Conservation Association (SCA) has been posted on the bulletin board across from the student mail folders. Selected internships include salary, travel expenses, housing and insurance; some of the internships offered through SCA may qualify for PTC Co-op credit. Cathy Smith, DOC Staff Assistant, has the application materials; ask her for a photocopy of the package. And check out SCA at www.sca-inc.org
