As graduation draws near, Department of Communication students are making post-commencement plans. Two Professional & Technical Communication students – perhaps somewhat ahead – have been accepted to graduate programs. Jonathan Bove will attend the University of Vermont, Department of Residence Life, and earned a Graduate Assistantship for RA Training and Selection. Shaun Jamieson will attend the University of Massachusetts Amherst (Higher Education Administration) and has accepted a Graduate Assistantship working with the University's Student Activities Department.

Congratulations to Jon and Shaun!
