Congratulations to two Department of Communication faculty members who recently had research articles published.

Rudy Pugliese, Associate Professor, has had his article entitled “Bridging the Quality Divide in State Legislature Websites: New Jersey Leads by Example” in the New Jersey Journal of Communication (vol. 11,no. 2, Fall 2003). Rudy’s co-authors are Paul Ferber and Franz Foltz.

Both Grant and Rudy will be happy to share information about their publications with interested individuals.
