

DOC Peer Mentor Introductions

10 October 2006

The Department of Communication's Peer Mentors send a warm welcome to new and returning APR and PTC students, and invite any questions or comments you may have concerning your acclimation to the Department and the Institute. While your Peer Mentors do **not** assist you with academic advising (see your faculty advisor for help with course selection and other matters related to fulfilling your degree requirements), they are excellent resources for questions or concerns about classes, clubs on campus, student-run activities and other stuff about both the Department and RIT. Below you'll find short bios, pictures, and contact information for the five DOC students serving as Peer Mentors for the 2006-2007 academic year.

Luke Auburn

2nd Year PTC Major

Contact Info:

E-mail: lra9802@rit.edu

Interests: Hello, my name is Luke and this is my second year here with RIT and the PTC program. I am a Rochester native, born and raised, so if you are ever looking for interesting places in the area, I might know of some. I enjoy traveling, and I have been to many different places within the United States and overseas as well. Just this summer I got the opportunity to visit England for my first time. Most of my other hobbies involve music in one way or the other. I have been playing the cello for 11 years now, and I love many different types of music such as rock, blues, reggae, punk, and the list goes on. I'm not too difficult to spot around campus, usually I can be found somewhere around the SAU or the library. Please feel free any time to stop and talk with me or send me an email if you have any kind of questions about classes, RIT, or anything else. I am always open for a good conversation.

Yarinet Lopez

2nd Year PTC Major

Contact Info:

E-mail: yxl19891@rit.edu

Interests:

I am all mostly about music and dancing. The truth is I like to enjoy life so regardless of the activity I am engaged in, I always spice it up with culture, fun and humor. I love making fun of reality shows: I enjoy breaking them down more than watching them. I am also a big fan of Latin style music and dance but I keep an open mind to all music. Big Yankee fan by the way...

If my future plays out the way I have planned it to be when I graduate from RIT, I will be living in beautiful, sunny, exotic Puerto Rico. I will be working in some area of communication that touches other people's lives while giving me full freedom with my credit card. Family is very important to me and everything I do is for them, so I want to stay close to them regardless of any sacrifice. However, I know as well as you should that RIT will open many doors to a successful future.

I'm from Syracuse. When I'm not busy with school I like to hang out with friends, watch movies, and do anything girly- especially shop. I love animals and music, especially country music. Feel free to contact me if you have any questions at all. I look forward to meeting you all!
