OFFICIAL PUBLICATION OF THE ROCHESTER INSTITUTE OF TECHNOLOGY

Volume 29 February 28, 1955 Rochester, N. Y. Number 11

R. I. T. COLLECTION

Pictured at the Powers Hotel Ballroom are the candidates for Queen of the Sweetheart Ball surrounded by their sponsors, Kappa Sigma Kappa Fraternity. Ball was held Saturday evening, Feb. 19. See picture at right for the successful candidate. (Turner Photo)

Karen Smith New KSK Sweetheart

A new Sweetheart of KSK was crowned and the election of officers was announced at the Sweetheart Ball held on Saturday evening, Feb. 19, in the luxurious ballroom of the Powers Hotel.

In a tradition filled ceremony, Karen Smith was chosen as Sweetheart of the fraternity for the year 1955. Named as her attendants during the crowning ceremony were Misses Mary Milison and Sue Hart.

Elected as president of the fraternity for the coming year was Archie Spinney of the Department of Printing. He is also active as one of the three male

cheerleaders at the Institute and was in charge of the publicity for the dance together with Norman Radziwon.

Music for the occasion was

Karen Smith

supplied by Jack Nunn and his orchestra who in a special effort to please, played numerous requests throughout the evening.

Other candidates, who received orchids in appreciation for their cooperation, were Sharon Bonady, Barbara Clark, Jane Fees, Nancy Lind, Neva Hansen, Sandy Niven, and Sue Morin.

S.S. Tests For Students Slated Soon

The Selective Service System College Qualification Tests will be given for the second and last time during the current school year on April 21, 1955.

All full-time students who are Selective Service registrants and who entered the Institute in Sept. 1954, or since, should plan to take the test at this time provided they did not take the test when it was offered last December.

The deadline for which application must be made for these tests is midnight, March 7, 1955.

An application to take the test is essential. Application forms may be secured from the Registrar's Office or from Selective Service Headquarters, 5 St. Paul St., Rochester, N. Y. Applications must be postmarked prior to the March 7 deadline date in order for the applicant to be eligible to take the examination.

The test, on which a score of 70 or better is considered as passing, is given for the purpose of providing Selective Service boards with evidence of the students' qualifications for continuing his college education. Students passing this examination are given priority for continued deferment over those who score 70 per cent. In addition, the class standing of the student is considered in determining deferment.

At the end of the school year the Registrar's Office is required to forward to Selective Service boards the class standing or rank of each student who is subject to Selective Service regulations.

Sabbath Observed

The first Hillel Sabbath Service was held on Friday evening, Feb. 11, in Clark Union. As far as is known these were the first Services held by and for Jewish students at the Institute. The entire Services were conducted by students. The sermon, on the Tenth Comandment, was delivered by Sheldon Potter. A social hour and refreshments followed the service.

A square dance, sponsored jointly by the RIT and U of R Hillel chapters, was held on Feb. 20, in Cutler Union.

The RIT group is planning a Purim Festival for March 7, when, it is expected, Rabbi Joel C. Dobin of Temple B'rith Kodesh will read the Megillah (Book of Ester). This will be followed by a party.

Students Take Entrance Exams

Approximately 100 prospective RIT students from Rochester and the surrounding area reported to the Eastman Building on Saturday, Feb. 19 to take entrance examinations for admittance to RIT for the 1955-56 school year.

This was the first of four such scheduled examination dates. Other applicants for admission will take entrance examinations on either April 2, June 4, or August 30 of this year.

For those students who live some distance from Rochester, entrance exams are mailed to their local high schools for administering. At the present time, approximately 50 such examinations have been completed and returned to the Registrar's Office.

An invitation to the prospective Institute students was extended by the Varsity Lettermen's Club to attend the basketball game against Roberts Wesleyan College on the previous Friday night, as well as the Alfred-RIT wrestling match scheduled for the afternoon of the exams.

Mrs. Dailey Welcomed

RIT welcomes Mrs. Albert F. Dailey to the Printing Department staff as Justewriter and Teletypewriter operator and teacher. Pat is taking the place of Dorie Starks who recently left to take up household duties.

Previously, Mrs. Dailey was employed in the Bureau of Ships, Navy Department, Washington, D. C. as a secretary.

Mrs. Dailey was born in Wahpeton, N. Dak. where she attended high school and the State School of Science Junior College, majoring in commercial courses. While attending this school she took and passed the U. S. Civil Service examination. She then left Wahpeton and went to work in Washington.

Exams Scheduled March 2, 3, 4 Edgerton Residents Form Social Committee

It has been announced that the examinations for the completion of the second quarter will be given on March 2, 3, and 4. This will affect all departments except Retailing and Foods. The schedule is not yet complete, but will be posted on department bulletin boards.

In order to co-ordinate and promote recreational and social activities for married students and faculty living in the Backus Street apartments in Edgerton Park, a committee to act in a liaison capacity between the residents of the apartments and the office of Mr. Howard Simmons,

housing director, has been formed.

The committee under the chairmanship of Chris Kellogg, has formulated several statements of policy regarding the functions at the Backus Street apartments. Also planned by the committee for the near future is the addition of a kitchen in a room adjacent to the basement recreation room and the placement of a bulletin board alongside the mailboxes.

The new kitchen will expand the facilities for social functions and the bulletin board will serve as a central location for information regarding forthcoming social activities.

The following regulations for social function have been tentatively drawn up:

1. The recreation room is to be used for the social functions of residents of the apartments, although outsiders may attend as guests of the residents. Married students living outside of the Backus Street apartments will be welcome at all open social functions.

2. A closing time of 1 a.m. is to be placed on all social activities and parties.

3. The responsibility for each social function rests with the committee which may, in turn, delegate this responsibility, for various duties and details, to the chairman of the particular event concerned.

4. A social calendar is to be set up and intended social functions must be cleared through the committee chairman. This will alleviate the chance of conflicting dates.

5. In case of a conflict over a slated event, Mr. Simmons' office will decide on who will be given preference.

In addition to Chairman Kellogg, the committee is composed of Mrs. Howard O. Brown, Vice-chairman, Mrs. Warren Bills, Mrs. Robert Lorenzen, Mr. and Mrs. Armin Wimmer, Mr. Morris Jaffe, and Mrs. Chris Kellogg.

Advertising Design Students Win \$100 In Cash Awards

Prizes amounting to \$100 were presented February 10 in the Beaver Building by Mr. H. Dean Quinby, Jr., President of the Quinby Company, to 3rd year Senior Advertising Design students for the most outstanding creation of a Quinby folder.

The first prize went to Richard Grant, a third year Advertising Design student.

Second prize was awarded to

John Stoller, a U. of R. - RIT cooperative student. His work will be used on the brochure, although Grant won first prize. Order of prizes were: Richard Grant, John Stoller, Shirley McMaster, Edgar Watson, Edward Donaher, Joyce Tilley, Diana Dick, Rita Madalena, Gerald Shaia.

Honorable Mention: John Davidson, Charles Hamer.

Three minds with a single thought: the designing of a brochure for the Art Department's contest. Shown here are Shirley McMaster, third place winner; Richard Grant, first place, and John Stoller, who placed second.

EDITORIAL

School Spirit Sags

We have been writing rather continually about the ascendance of school spirit. "The students are beginning to stand behind their own activities. . ." At the Brockport game, it seemed the student body had taken the bit in its mouth and was running wildly uphill with frenzied spirit.

Now the indication is that for some people the effort was too great on that weekend. Their spirit has suffered a relapse. Now, if they are asked, "Going to the game?" it seems that shrugging a shoulder is the greatest response they can make.

Perhaps you were one of the few who could spare time from their busy "noon hour" and attend the "Beat Utica" pep rally. If we said there were more than 30 persons in the audience, we would be fooling only ourselves. It was a shameful showing.

Where were the students? We tried to hustle several persons from the hall into the auditorium to take part in the rally. "Not me!" said one fellow. "You can't get me to go in there—I've got things to do!" Several minutes later we found our "eager beaver" kibitzing at a pinochle game in the Eastman Lounge. He had lots of company too—all too busy to go to the pep rally.

Where was the band? Well, this is a story in itself. Intersority Council sponsored the rally but in their planning, forgot to realize that a request should have been made the previous Monday for the band's "services" and that Mr. Kaufmann was the man to make arrangements with. It had to be done at that time for that is when the band rehearses and that is when Mr. Kaufmann would have given his permission for the band to play. Mr. Kaufmann is also custodian of the music and it is next to impossible to arrange to get it from him at any other time.

We won't go into the now famous "sweater situation."

Now we come to the bright spot in the rally—the Cheerleaders; God bless 'em. They were there in force. They showed the spirit we were looking for. The meager audience did not dismay them; their voices were as strong and their cheers as lusty as at the games.

They are a group we can be proud of—they set the pace; they showed the spirit. Let's follow their example.

"Going to the game?"

"You bet your sweet nature we are!"

Reporter Needs Weekly Schedule

Everyone is familiar with the old saying that "What this country needs is a good five-cent cigar." This cliché has been practically driven into the ground through repeated use, but it could still serve as the framework for a similar adage—that "What RIT needs is a good weekly newspaper."

At the present time, the *RIT Reporter*, dubbed the "official publication of the Rochester Institute of Technology" is published bi-weekly on the Graphic Arts Research Division's ATF web-fed offset press located in the basement of the Clark Building. This 8-page tabloid-sized newspaper is produced by the lithographic offset method.

As most students probably do not realize, and as many of the staff members do, the *Reporter* is financed through appropriations obtained from the administration and the Alumni—and not by Student Council funds as are the other RIT publications, such as *Techmilla*, the *Student Directory*, and the *Student Handbook*.

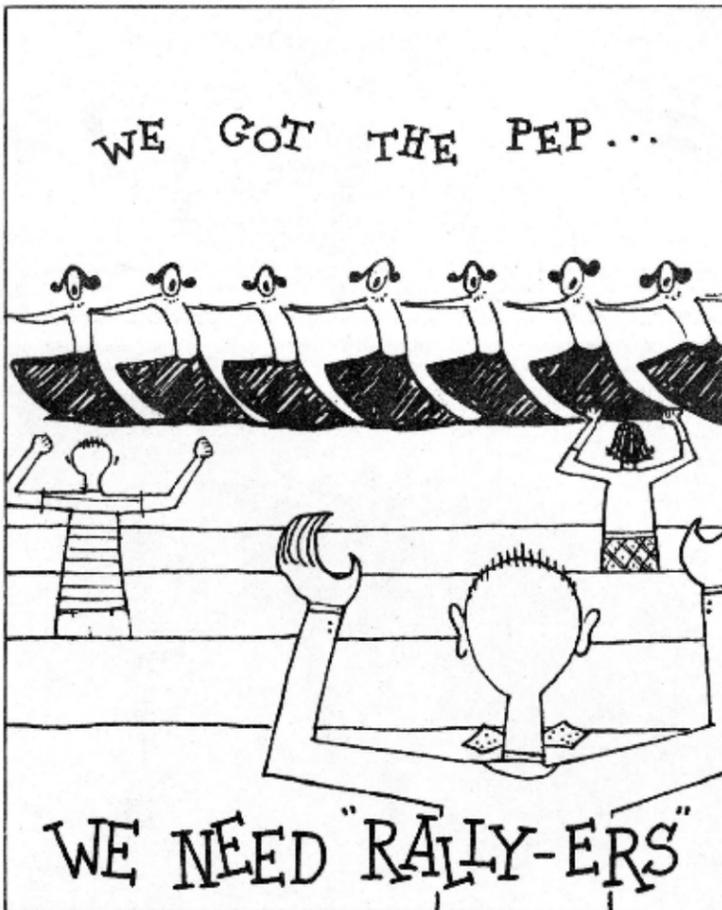

Financially speaking, the present arrangement may be the most effective. A method whereby Student Council and the Student Association allotted the funds necessary for the improvement of the *Reporter* would undoubtedly mean an increase in the amount of the yearly Student Association fee that each student is charged. However, if the students want a more up-to-date paper, the small increase would be worthwhile.

Even with present conditions remaining as they are, it seems that there is still a way to put the *Reporter* on a weekly basis. That is by enlarging the present staff. With an increased staff the added burden of doubled work would be absorbed and there would be greater pride taken in the paper on all sides.

At present, under the existing system, the staff is faced with a time handicap. In the majority of cases the timeliness of the stories is lost due to the scheduling of deadlines. Often stories have to be written before events occur or else appear in print long after they have lost their news value because of the fact that 10 days is required for just the mechanical production of the paper.

By reducing this time, the articles and stories appearing in the paper would be of greater interest and the areas covered by the reporters could have a much wider scope.

During a year in which school spirit has been the subject of much talk and thought, a timely and currently interesting school paper would be a tremendous asset.

Dear Editor

Editor, RIT Reporter

It seems a shame that so little information seems to be available on the recent developments of the gym plans. Is anything being done that the students can know?

There are several questions that students ask each other in their informal discussions. One of these is "Will there ever be a swimming pool at RIT?"

Now that the gym plans have been published, it seems fairly obvious that it will never be part of the new gym now under construction. Perhaps this is due to lack of foresight on the part of the administration. It would seem, to the inexperienced eye, that a little planning for the future could have been done on this subject and some room left for a pool to be built later in the basement of the new gym.

Another question that comes to mind is what outdoor facilities are going to be provided for the students. From rumors we have heard, there are to be six tennis courts and nothing else. Can this be so? Are only the students who can play or are interested in playing tennis to be considered in these outdoor facilities? It would seem that at least one basketball court and a handball court could be included to cover a wider scope of student interests.

Perhaps these questions could be answered by one of the persons who are scheduling or planning the facilities to be used in the gym?

Paul Darsey

Editor's note:

We will do our best to see that these questions are brought to the attention of the proper authorities. Perhaps we will be able to print the results of our quest for this information in the next issue. Thank you for your interest.

Chaplain MAC

Lent — ?
Whuzzat?

It's
A period of 40 days
(not including Sundays)
Prior to
Easter.

One of our S.S. kids
When asked,—
"What is Easter?"

Answered —
"The Sunday after
Palm Sunday!"
(Li'l Protestant pup!)

Lent
Isn't the past tense
Of "Lend" either.

It's about 5 weeks
When YOU
Can do a little better job
Of
Thinking through
Your Religion!

It began
Last Wednesday, Feb. 23!
Next Wednesday,
The RIT CHORALIERS
And Chaplain MAC
Will conduct the
COMMUNITY SERVICE
at 12:15-12:45 noon
AT THE BAPTIST TEMPLE.

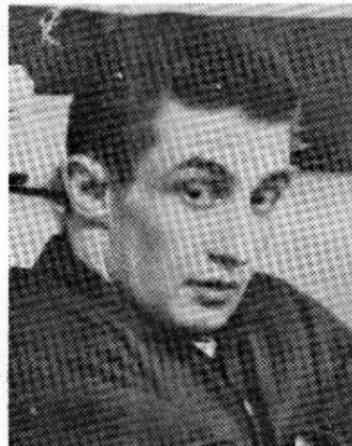

Thereafter
Our RIT
Lenten Services
Will be held in the
SMALL CHAPEL
(use Spring street entrance)
at 12:05 to 12:25
SHARP.

Let's
Take a look
at some things—
together.

Tech SPEAKS

Question

You have heard about the controversy over the serving of liquor in the War Memorial. Should beer be served at the snack bar in the new gymnasium?

Jim Cargnoni . . .
Electrical III

"The snack bar could provide beer for the social affairs, but let's stick to "coke" for the athletic events.

Lee Thorpe . . .
Commerce '55

"This would be all right for the formals and other dances, if controlled, but not during the day and school hours. Most people prefer a ball game to a brawl."

Cameron Hitchcock . . .
Photo '56

I do not think it is right to have beer served in a college gymnasium during sporting events, dances or social affairs. It is dumb even to think of it, because there are a hundred other places where beer can be bought. A gymnasium should not be one of them!

Joan Parry . . .
Retailing

"No, because people should be able to watch sporting events for the enjoyment of the game, rather than as an excuse to have a bottle of beer in their hands."

Did You Know?

By Margee Bennet

It can't be time for Spring Weekend 1955, can it? Well, not right this next weekend, but it's awful darn close and we'd all better get going on our ideas for booths for our organizations. Too, we'd better start saving our pennies and get to work on lining up a date. (That may sound funny, you fellas, but you'd be surprised if you knew all the girls that are already taken!)

Those of us that were here remember what a great time was had by those who attended the big event last year. Well, this year it promises to be the very best that ever hit RIT. More fun at the Friday night carnival, if it's possible to have more fun than we did last year, a bigger name band for Saturday night and better food served to us in the dorm on Sunday. (I'm not implying anything about the food, K.G.)

Point System

I guess that one of the most pertinent facts that we all should know about is the way our Spring Weekend Committee has decided to award the trophy. It will be on the point system, the same as last year, but it will run a little differently. The points are set up in three categories; Pre-Weekend Credit, Friday Night Credit and Other Credit. Pre-Spring Weekend Credit is divided into three small parts: 1. Advertising, this includes posters, leaflets and miscellaneous articles. The maximum number of points for this is 20. The second group under Advertising is Mr. Campus. All the ads and work put in to support a candidate for Mr. Campus is worth 10 points.

3. Rallies, Floats and others are worth 10 points. The second category is also divided into two parts. Friday evening credit can be earned in two groups; the total amusement value and the booth decor. These are worth 25 points each. The third category is rather unclassified except that it concerns one of the most important parts of the system of points. That is the meeting of the deadline set to have the booth completed and the Saturday morning clean-up. Each of these is worth 5 points. These 10 credits no organization can afford to lose.

Put all these together and you come up with 100 points total. If your organization can receive the most points then you can sport the trophy next year. Each organization on campus has an equal chance to get this treasured article and every club should make its best effort.

So, for this issue I'll close, but please keep S.W. on your minds, 'cause it's the most important date on your college calendar.

H.S. Art Exhibit Judged by Faculty

Six of the forty judges for the Regional Scholastic Art Exhibition were members of the RIT teaching staff. These were Howard Brown, Mrs. Sylvia Davis, Mrs. Jacqueline O'Connell, and Stanley Whitmeyer all of the Art and Design Department, and Mr. Hobart Cowles, SAC, and Ralph Hattersley, Photography.

The competition is held yearly for student of the junior and senior high school level. The Regional Exhibit is sponsored locally by the Sibley, Lindsay, and Curr Co., of Rochester and the contest is held on a national scale by Scholastic Magazine, a high school newsmagazine.

Highlighting the 13th annual Exhibition is the presentation of the awards on the opening day, Feb. 19, in the sixth floor recreation room at Sibley's. The winning pieces and some of the better non-winners will be on exhibit on the fourth floor until March 5.

From here, the gold key winners will travel to the national contest and exhibition at the Carnegie Institute located in Pennsylvania.

The work was judged on the originality of ideas and creative ability.

Wood Cuts On Exhibit

Two students admire the work of Leonard Barkin of Geneseo Teachers College, now on exhibit in Bevier Gallery. Show demonstrates steps in making of wood cuts, from start to finished product. (Allen Photo)

Mr. Leonard Barkin, Associate Professor at Geneseo State Teachers College, will stage an exhibition of prints from wood cuts in the Bevier Gallery from Feb. 7-28. Highlights of the exhibition will be graphic display of the progressive steps in making a wood cut print, starting with plain wood blocks to the

finished color prints. The exhibition was brought here by the Art Students League of RIT.

Mr. Barkin will display some of his experimental work as well as give a lecture and demonstration to the Art students on his medium sometime during the exhibition.

Highland Fling Theme of Dance

"So, com' along now lassie; it's the Highland Hop and you are gon' t' be there in your very best Scotch tartan."

That is the theme of the dance to be put on in the Eastman Lounge tonight. Delta Omicron is putting on a dance to replace their annual Minstrel Show which will be held at Spring Weekend this year. To be held from 8:30 till 11:30 p.m., there will be dancing and refreshments.

Brace In Accident

Mr. Ernest Brace, head of the woodworking section of SAC, suffered a broken pelvis Thursday, Feb. 10. He is now in Rochester General Hospital where he expects to remain for at least two weeks. The accident happened when he was walking in the recent near-summer weather.

Benefit Night At Theater

The Rochester Rotary Club is sponsoring a production at the Community Theater, the proceeds of which are used to support the Sunshine Camp for Crippled Children at Durand Eastman Park.

For the past several years, many of the personnel and students of the Institute have joined in the support of this project. As in the past years, one night has been designated as INSTITUTE NIGHT. This year Saturday, Feb. 25 has been set aside for anyone connected with RIT who wishes to attend.

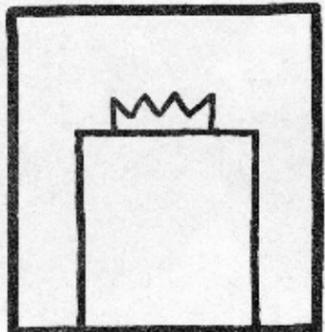

Tickets for this play are available from the Public Relations Office or from the Evening Division Office. Dr. Mark Ellingson, President of the Institute and Mr. Alfred L. Davis are the representatives of the Rotary Club.

A STUDENT'S BEST FRIEND is Lucky Strike. At any rate, the greatest, up-to-date college survey shows that college smokers prefer Luckies to all other brands—and by a wide margin. Once again, the No. 1 reason: Luckies taste better. They taste better, first of all, because Lucky Strike means fine tobacco. Then, that tobacco is toasted to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, good-tasting tobacco to make it taste even better. Luckies taste better anywhere, any time, as illustrated in the Droodle

above, titled: Skier enjoying Lucky while whooshing under bridge. Next time you *make tracks* to a cigarette counter, Be Happy—Go Lucky. Enjoy the better-tasting cigarette... Lucky Strike.

STUDENTS!

Chess Club Contest Won By Bedrij

The RIT Chess Club, formed three months ago, has completed its first intramural tournament. The purpose of the competition was to select a team which would represent the Institute in intercollegiate matches. There were 22 entrants, student and faculty members, which meant that each contestant had to play 21 games. The first five winners are, Orest Bedrij, who won 21 games and lost none, first; second, John Mayer (20-1); third, Walter Pyleshenko (19-2); Mike Cherney, fourth; and Don Pasto, fifth.

Bedrij unofficially participated in the Rochester Chess Club, losing two games, winning two, and tying one. The team is to play John Fishers College in the near future. The president of the Club, Orest Bedrij, believes his team "should be able to show some master techniques in the royal game of chess" to its opponents.

Most of the games are being played in the Eastman Lounge during the lunch hour. There beginners are being instructed by the more experienced masters. The club also meets the first and third Wednesday of the month when chess quizzes and other business are tackled.

Interfraternity Council's Advisor:

Douglas Crone

In this issue, the Reporter spotlight turns to the General Education Division and Douglas Crone for our faculty profile. In his two years at the Institute, Mr. Crone has become well known and well liked by his students and fellow teachers. His courses in International Relations, Economics, and Psychology give RIT students a sound basis in General Education, and are always well-attended.

Originally from Binghamton, N. Y., Mr. Crone received his B. A. from the University of Buffalo in 1951, and earned his Master's degree in Political Science from the New York State University in Albany in 1952. He hopes to be able to complete his Ph.D. requirements within the next few years, possibly in Europe.

Before coming to RIT, Mr. Crone taught history at Fillmore Central School in Fillmore, New York, and also served there as basketball coach. An avid sports fan, Mr. Crone declaimed himself in the interview as "one of the

finest Yankee fans in the U. S. A.", although he has a profound interest in all sports. His athletic prowess showed itself admirably in the years he spent on the University of Buffalo's football and basketball teams. These are included in his favorite sports, and he can be seen cheering RIT on at nearly all our games.

When pressed for a statement, Mr. Crone said: "I feel that the student-instructor relationship at RIT is one of the healthiest situations possible to make this school outstanding in the field of higher education. The instructors do not put themselves on a pedestal, and respect their students as human beings. I think RIT is one of the growing institutions in the U.S."

An active member of the RIT faculty in more ways than just in the class room, Mr. Crone is serving as advisor to the Interfraternity council, and is doing an excellent job.

Last summer, he received an all-expense fellowship grant to Case Institute of Technology for a six-weeks study in Economics, sponsored by Republic Steel Corp. One of fifty fortunate selectees, Mr. Crone studied under ten of the nation's leading economists, and visited a number of industrial plants in the Cleveland, Ohio area. The course demonstrated a practical and theoretical application of industry and economics.

Mr. Crone (for the moment) lives at 60 S. Washington St., but he will renounce his bachelorhood on March 5. He was very reticent concerning future plans, and would not divulge any further information as his plans are still in the formative stage.

We extend to Mr. Crone the congratulations of the Reporter staff and the entire school on his forthcoming marriage.

GREEK TALK

ΔO We're busy these days working on plans for our Spring Weekend show. Because we want to make this show a big success, we are concentrating all our efforts on it and are not going to give a Minstrel Show as we usually do.

However, we are going to have a mixer in the Eastman Lounge on the date that we had reserved for the show, Feb. 25. Get a plaid from any clan and come to the Highland Hop at 8:30.

We all enjoyed a delicious initiation dinner at the Manhattan Restaurant on Feb. 7. After the meal we held our traditional initiation ceremony and welcomed our new members into the sorority. Connie DeCamp, our honor pledge, was presented with the sorority pin.

Back at the dorm again, we all paused on the front steps of KG long enough to sing our DO song before going our separate ways.

ΓΦ We are all getting set for a new pledge period, and we are sure that we have a group of swell fellas who are going to pledge. Our rush party was held Feb. 17 at Ralph's Cafe, and everyone attending had a real good time. We have chosen pledges who are all loyal and true, not only to themselves, but to the school itself, and sure that they will keep the high standards of the green and gold throughout their stay at RIT.

Spring Weekend is approaching rapidly, and we are working to make the weekend the finest RIT has ever seen. Brother Con Huskey was appointed our Spring Weekend chairman, and so far is doing an excellent job. Our booth at the Friday night carnival promises to be a big success, and we would like to see you not only on that night, but we sincerely hope you will join with us in attending the whole weekend.

ΘΓ A big rush party was held Wednesday night, Feb. 9 at the Times Square Supper Club. The party was a great success and a good time was had by all. Those fellas attending the party were informed as to some of the activities of the fraternity.

Spring will soon be on its way, and along with it, all the activities planned for the warmer atmosphere. Spring Weekend is approaching and we hope everyone is getting involved in the planning for those three wonderful days.

Theta Gamma would like to thank Dick Doty for the pitch on WHAM.

Council Notes

In a lengthy meeting on Feb. 14, council members, acting on the recommendation of the Parking Lot Committee, voted to increase the cost of parking stickers for the student parking lot for the forthcoming 1955-56 school year.

The new cost—\$7.00 for full-time students and \$4.00 for block students—came after a great deal of debate and a previously defeated motion to set the cost at \$5.00 and \$3.00 respectively.

The primary reason of increasing the cost of the parking sticker, over the present yearly rate of \$3.00, is to try and make the parking lot a self supporting and self sustaining service. It should be stressed that the increase is in no way an attempt to build up a "kitty" for the parking lot fund nor to provide a large excess reserve.

The tentative asphalt topping of the parking lot will bring about a long range drain on parking lot finances as well as on the Student Council Reserve Fund. At present, the lowest estimate to top the parking lot is approximately \$2,400 with an added cost of \$400 or \$500 in three to four years for redressing. This is well beyond the realm of present Student Council finances. In the event that Student Council has to finance the cost of the slated improvements without outside aid, it would be in a better position to do so with the revenue derived from the added cost of the parking stickers.

Parking Stickers

In other action concerning the parking lot, council voted to have various colored stickers for the next school year. A separate color will be used for each group of students: Full-time, "A" block

and "B" block. The colors voted upon were red, green, and yellow. The final selection of which color will be used for which group of students will be left to the discretion of the parking lot committee.

In addition to separate colored stickers for each group of students, the stickers will all be individually numbered. This will enable the Parking Lot Committee to check on parking violators more conveniently and more efficiently.

Coffee Machine

That new coffee machine in the Eastman Lounge that you are all probably enjoying so much, has been placed there by the Alumni Executive Council for a probationary period. Unless the machine proves to be unfeasible from a service and maintenance standpoint, or unless it impairs lounge conditions, it will become a permanent part of the lounge.

School Rings

Mr. George Killip, representing the Bastian Brothers jewelry firm, will be at the Student Council office in Clark Union on March 10 at 4 p.m. and 7 p.m. to take orders for school rings. This will probably be the last chance this year to order a ring due to the fact that four to six weeks are required for delivery.

A one-third down payment of (\$7.00) is required at the time the ring is ordered. Ring samples are available at Mrs. Miller's office in Clark Union, and Mr. Killip will have other samples with him at the time of his visit.

Sports Profile

BY ART BOROCK

The RIT basketball team has won five straight games to date, the Tech wrestlers haven't lost a match all year with the exception of the Waynesburg contest. Yet there are still numerous students who feel that our teams aren't worth watching when in action.

But I've been beating the drum all year for our teams, how about someone else voicing their opinion? I recommend Harry Watts of our News Bureau; Harry has been covering RIT sports closely for the past two years. Here's what he has to say about the prevailing circumstances:

"From the way the noun 'fish' is bantered about the hallowed halls of the Eastman Building, a visitor is apt to gain the misleading interpretation that this aquatic animal is constantly the main bill of fare offered by our non-profit cafeteria.

"Naturally, this is not the case.

"Earl Fuller, educator and exponent of grunt and groan holds employed by college wrestlers, explains that 'a fish is not necessarily a product obtained by dropping a baited hook into a body of water. A fish is also a spineless individual who masques himself as a wrestler. Actually the guy is a bum.'"

Harry Watts

"This would explain what matman Jim Cargnoni meant when he told a teammate 'Ya better come to practice, there aren't any fish at Cornell.'" For the moment, a listener thought perhaps Cayuga Lake had dried up.

"That intangible thing called spirit seems to have been carried over from last

year when Fuller's well balanced squad mamboed through its 10 meet schedule, climaxed by twin victories in the 4-1 tourney of Jim (Monstro) Modrak and Gary Dotzler.

"Our guys' abilities, measured by a tie with Cornell and five victories, became even greater when using the Waynesburg College meet as a standard. We had a tie going with the Yellowjackets, 9 all, up to the 177 and heavyweight matches. Then superior ability and experience took its toll.

"Ronald (woops—Rock) Roman and Jumbo Jim Barclay, who sat in on the University of Pittsburg vs. Ohio State meet in the Steel City, says that R I T would be a good match for Pitt. Over-confident? Nope. Not coming from these two tiger sharks, and in this case we don't use fish as a colloquialism."

That Chesire Cat smile on the puss of faculty manager Steve Brodie after the R I T win over Brockport State's basketball team only momentarily held back bubbling enthusiasm over the courtmen's excellent performance.

But some guys are never satisfied.

Reporter editors Wimmer, Jaffe, and the Douglas Fairbanks of Brooklyn, Art Borock, mused over things that could have been, that is if certain circumstances had prevailed.

"Just think," said Borock, still a bit punchy from saber slaps about the head, "we could've had the greatest team in the state. How about this line-up that could have been—Kenny Rhodes and Ronnie Kilpatrick at forward, Dizzy Hale at Center, and Bucky Craugh and Gordy Thorp as guards."

"Just like Brooklyn College", Jaffe added, a far away look in his eyes.

"Yeah," said Borock, "and even guys like Don McCaughey, Bob Klos, George Holdridge, Johnnie Buckholz, Fritz Leutung, Dick Smith and Fred Moss sitting on the bench. Terrifying thought, huh?"

Yet, without this dream line-up, the courtmen have shown they are capable of fine play. Their showing at Akron University and Oswego State and against Brockport State in the second game proved that the squad of Hale, Craugh, Klos, McCaughey, Holdridge, Buckholz, and Moss doesn't harbor any "fish" either.

Although the snow seems to be leaving Rochester for this year, members of the RIT Ski Club are still able to find some of the white stuff for their annual ski trip. Here members line up to purchase their tickets for the long ride up on the ski tow to the top of the snow covered peaks.

RIT Fencers Cop AFLA Honors In Open Tournament

Two RIT fencers placed high in the Intermediate foil competition of the Amateur Fencing League of America, Sunday, Feb. 13.

Clea Cooper and June Johnson, RIT women's team co-captains, copped first and third place in the matches held at the Baden Street Settlement.

Cooper and Johnson also combined with Helen Sowinski and Barbi Brill to give RIT the team honors for the day. The Tech-women fenced against AFLA members from the Buffalo and Rochester area, who qualified for the intermediate competition.

Fran Breton, Buffalo's representative, finished second to Clea Cooper and provided the RIT with its only difficulty of the day. Cooper and Breton fenced one match which lasted for over 25 minutes before the deciding touch had been scored.

The Tech fencing teams, both men's and women's, will return to action when the men meet the University of Buffalo, and the women take on Buffalo State and Elmira, Saturday, Feb. 26. The match will take place at the Baden Street Settlement.

RIT Quintet Tramples Utica College 100-80

RIT's basketball team reached the 100 point mark for the second time this season as they soundly beat Utica College, 100-80, Friday, Feb. 11.

The Techmen wrapped up their 10th straight victory of the year and handed Utica their worst defeat ever suffered at RIT's home court.

Bucky Craugh and Kenny Hale led the attack for the RIT team, both displaying good ball handling and shooting. Hale scored 33 points to take top honors for RIT. He has now scored 441 points in 15 games. The big Tech center now is maintaining an average of 30 points per game. Craugh, playing an excellent floor game, registered 23 points.

Utica, victorious over RIT earlier in the season, attempted to out run the Techmen in the opening moments of the game, taking a 2-0 advantage on the fast break. But Don McCaughey and Craugh popped in two quick buckets and then held the lead until there was eight minutes left to play. Utica captured the lead for a short time, 28-25.

The combination of Hale, Craugh, and McCaughey quickly registered 14 points and the score at halftime was 49-37.

The second half found Utica exhausted from their early spurts and they were unable to cope with RIT's superior speed and height. Craugh and McCaughey continually intercepted Utica passes and raced down court to sink basket after basket.

With this win, RIT tied last season's record for consecutive

victories at five straight. The Techmen have two more games to play before ending their 1954-55 schedule.

RIT has now scored 1,207 points in 15 games against their opponents 1,081.

Fred Moss scores on a jump shot for RIT from the foul line area. Moss played a good game as the Techmen beat Utica College 100-80.

CORNER OF PLYMOUTH AND SPRING STREETS

Techmen Win Sixth Straight Game

Roll Over Roberts In 83-41 Contest

The basketball team playing its last home game at Jefferson High, registered an 83-41 win over Roberts Wesleyan College, Friday evening, February 19.

3 Disabilities Help Alfred, Buffalo To Top Grapplers

In the last home match of the season, held at Jefferson High Saturday afternoon, Feb. 19, Alfred University squeezed out a 20-18 victory over the RIT team.

The Techmen, missing Modrak and Barclay, as well as Roman, all out with injuries, had to forfeit 2 matches, and wrestle junior varsity men in two others, giving the Alfred team important points and an advantage RIT could not overcome.

Gary Dotzler, co-captain of the team, won his ninth straight victory by pinning John Dennis in 2:02 in the 157 lb. class.

Jim Cargnoni at 147 lbs., and Doug Keeler at 127 lbs., both pinned their men, in 1:20 and 1:23 respectively.

RIT led after 6 matches 18-10, but Don Dillie, filling in at the 177 lb. class was pinned, and RIT forfeited the heavyweight match, giving Alfred 10 points and the victory. The team record is now 4-3-2.

123 lb. class, Doug Keeler (RIT) pinned Snyder (A) pinned Pete Whitte (RIT) in 7:55; 137, Hank Graham (A) won on forfeit; 147, Jim Cargnoni (RIT) pinned Duke Van Warren (A) in 1:20; 157, Gary Dotzler (RIT) pinned John Dennis (A) Dave Walcott (A) in 1:23; 130, Hal in 2:02; 167, Jerry Hortop (RIT) decided Bill Reid (A) 3-0; 177, Dick Errid (A) pinned Don Dillie (RIT) in :50; heavyweight, Wayne Wales (A) won on forfeit.

Handicapped by the loss through injury of two key men, the RIT wrestling team bowed to Buffalo University Friday evening, Feb. 18 at the Buffalo mat, by a score of 18-16.

Jim Modrak, out with a chipped elbow bone, and co-captain Jim Barclay, out with a pulled leg muscle, were unable to compete, forcing RIT to forfeit in the 137 and heavyweight classes.

Next year the Techmen will play home matches in the new gymnasium.

One more match is scheduled for this season, at Colgate University March 5, and then comes the 4-I tournament at Cleveland, Ohio, March 11 and 12.

Whose smile is this? You can win a package of Chesterfields if you can identify the smile when the Chesterfield calls on you. If you know the answer and have your own pack of Chesterfields, you will win 2 free packs. Bud will make calls at random all over campus this week. Winners will be announced with next week's contest.

CLUE TO CHESTERFIELD SMILE CONTEST

He's smiling because of the success of National Brotherhood week.

This game was in marked contrast to the meeting of the two teams earlier this season, when RIT trailed throughout the game by 10 points, and fought an uphill struggle to win in the last few minutes of play.

Bob Klos, captain of the team and a senior, played the last home game of his career, scored 9 points and 6 assists.

Kenny Hale, playing less than half the game, scored 19 points on 7 field goals and 5 fouls.

Capt. Ed Duncan of Roberts scored 25 points, more than half his team's total, although he too only played half the game.

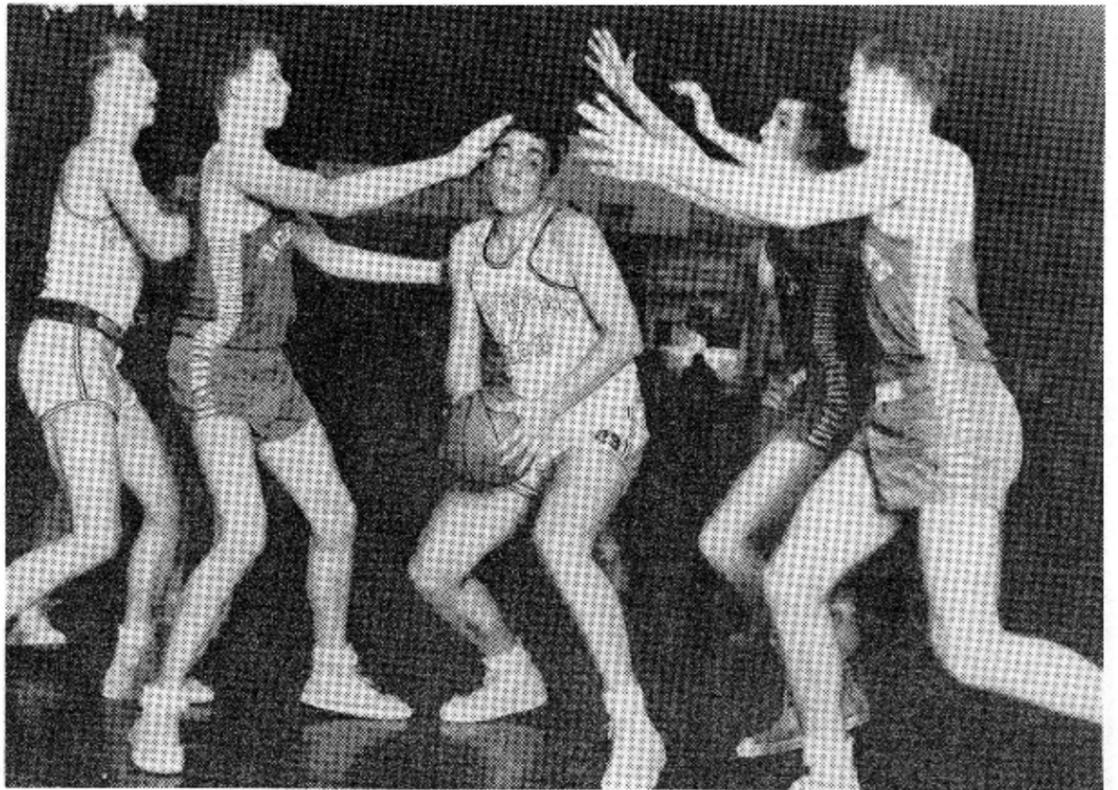

RIT went ahead, 10-2 in the early minutes of play, and was never threatened after that. The Roberts marksmen couldn't find the basket, and the zone defense they employed was not effective against the RIT players.

This win was the sixth straight for the Techmen, and they now have a record of 11 wins against 5 losses.

Bill Craugh scored 14 points for RIT for second high score on 5 field goals and 4 fouls, and played his usual fast aggressive game in his role as playmaker and ball hawk.

Every player saw action and scored, but the return of Dick Richenberg to action for the first time since his leg injury much earlier this season was especially noted. He played five minutes, and it is hoped that he will be on tap for the next two games, to be played on the road, Ontario College on Feb. 25 and Fredonia State, Feb. 26 are the opposition in these games, which close the season for RIT.

Halftime score: RIT 43, Roberts 23.			Officials: Zona and Bitetti.		

Bob Klos, RIT guard, runs into some difficulty in getting rid of the ball as three Roberts Wesleyan men close in on him. This game marked Klos' last appearance on RIT's home court before he graduates. While at the Institute he broke Stan Witmeyer's all-time scoring record of 477 points in three years. (Martin Photo)

Matmen Topple Toronto U. 26-10; Modrak Takes 18th Straight Match

The RIT grapplers continued their winning ways by downing Toronto University 26 to 10 in a wrestling match held at the Canadian school.

Pete Witte who is substituting for the injured Ronald Roman lost a hard fought decision to Jack McOut.

Doug Keeler pinned his opponent after 8:40 had elapsed. It was Keeler's fifth win.

In the 137 class RIT was forced to forfeit due to the fact that Canada has an extra weight class and it was decided that the team would be much stronger if each man moved up a weight class. In an exhibition match in this weight, Hans Dotzler pinned Gord Stephenson.

In the hardest fought battle of the afternoon, Jim Modrak decided Glyn Leyson in a really close thriller. This win enabled

Modrak to extend his winning streak to

Jim Cargnoni, wrestling 157, who won over three-fourths of his matches last year by pins, obtained his first fall of the 1954-55 season by downing Paul Hickey in 2:50 of the first period.

Undefeated co-captain Gary Dotzler added another win to his string of victories via the pin route. Gary obtained the fastest fall of the evening by pinning Orle Loucks in 2:24 of the first period.

Since Toronto could not make weight in the 177 pound class, Jerry Hortop won by forfeit, although in an exhibition match,

Jerry pinned John Wesly in 6:06 of the second period.

Lou Pierello lost a real close one to Bob Waugh in the last 15 seconds of the 191 pound class match. Up to that time Lou was leading 5-4 when he was caught in a near fall trying to escape.

In the heavyweight division, Jim Barclay decided undefeated Harry Robinson. Barclay continued wrestling in the third period although he had pulled a muscle in his leg earlier in the match.

Summary:
123, Doug Keeler (R) pinned W. Kami-Takahara (T) 8:40; 130, Jack McOut (T) decided Pete Witte (R) 4-0; 137, Gord Stephenson won by forfeit; 147, Jim Modrak (R) decided Glyn Leyson (T) 7-3; 157, Jim Cargnoni (R) pinned Paul Hickey (T) 2:50; 167, Gary Dotzler (R) pinned Orle Loucks (T) 2:24; 177, Jerry Hortop won by forfeit; 181, Bob Waugh decided Lou Pierello (R) 6-5; heavyweight, Jim Barclay decided Harry Robinson (T) 5-0.

Injuries Hit Wrestlers; Mo, Rock, Barclay Out

Jim Modrak (137), Jim Barclay (heavyweight), and Ronnie Roman (130) take it easy on the dressing room table after sustaining injuries which kept them out of the Alfred and Buffalo matches this season. Loss of the three starters halted RIT's winning string for 1955. All three hope to be back in action soon. (Meyers Photo)

Keeping Up With Institute Alumni

CLASS of 1920

It is reported that Alma Egert Fink (HE) died October 28, 1951 at the home of her sister in Allentown, Pa.

CLASS OF 1928

Leo F. Chrysler, (Elec) '28, and Mrs. Chrysler recently announced the engagement of their daughter Jean L. to Robert R. Willets. The Chryslers reside at 19 Spackenkill Road, Poughkeepsie, N.Y. Miss Chrysler is now teaching at the Rhinebeck Central School.

CLASS OF 1931

Loren A. Coryell (Mech) '31 is the co-owner of the Angelus Optical Instrument Service of Los Angeles, California. His address is 11846 Orchard Avenue, Los Angeles 44, California. He is married and has two children.

CLASS OF 1935

Lawrence E. Corwin (Mech)

'35 is now supervisor of the tool department of the Worthington Corporation in Wellsville, New York. He started as a cooperative student in 1932 and has been with the company continuously in various assignments until his present job in 1952. His address is Box 135, Baker Street, Andover, New York where he resides with his wife and four children.

CLASS OF 1940

Llenis Hillman Mason (FA) and her family are now living in their new home in Arcade, N.Y. Llenis has two sons: Jeffrey, aged 6; and Barry, 5. Address: Mrs. Harvey L. Mason, 222 Liberty St., Arcade, N.Y.

We just about had time to say "hello" this Christmas to Jimmy Liccion (Ph) who was in town for a Graflex "home office" visit. Jimmy now resides in California.

CLASS OF 1942

Roy Kern (Art) '42 has been named Art Director of the DuBois Press, Rochester. We in the Art School are delighted to hear of this appointment and extend our very best wishes to Roy.

CLASS of 1943

A newsy letter from Ruth Yendes Pravel (FA) tells of a son, Charles John, born last October. Her daughter, Shelley, is five years old. Ruth's husband is in the U. S. Marine Corps, and they are living on the beautiful Pre-

sidio in San Francisco. Address: Mrs. Charles Pravel, 1505 Pershing Drive—Apt. D, San Francisco, California.

Dean Arlidge (Mech) '43 is now sales and service engineer for the Optical Gaging Products of Rochester, New York. Dean received his Bachelor of Science in 1950 from the University of Rochester. He lives at 4 Ridgefield Road, Churchville, New York with his wife and two children.

CLASS OF 1944

Margaret Miller Wilkinson (Ret) '44 and her husband announce the arrival of another son, Jon Donald. The Wilkinsons reside at 19299 Northrup, Detroit, Michigan.

CLASS OF 1948

Evelyn Beard Boemi (FA) and her family have moved recently into a new home on Creekwood Drive, Rochester. Evelyn's son, Ronald, is 3 years old. Address: Mrs. Ross J. Boemi, 6 Creekwood Drive, Rochester 13, N.Y.

CLASS OF 1949

Ralph Maier (Art) '49 recently completed a mural decoration for a restaurant in Washington, D.C. It consists of silhouettes of scenes connected with the '49er gold rush. The restaurant is called the "Chuck Wagon" and is centrally located in downtown Washington. Congratulations go to Ralph on the successful completion of this assignment!

D.C. Alumni Make Plans

Shown at a recent meeting of the RIT Washington, D. C. Alumni Chapter are the following spark plugs: (firing from left to right) Back row, Otis Atherton, Eunice McDowell, Capt. Robert A. Eldridge, Mrs. Robert A. Eldridge, Milton Ford, Fred Bickford and Margaret Fortune; Front row, Rina A. Cursi, Kay Atherton, Marion Fisher, Shirley Ruppert, Marie Greenleaf and Warren McDowell.

The very active RIT Washington (D.C.) Alumni Chapter has appointed a finance committee headed by Ruth Schaefer to investigate ways and means of originating a scholarship fund to be sponsored by the chapter.

Assisting the chairman will be committee members Len Pimental and Ruth Farley.

Two suggestions for the Washington treasury fund have been raised in chapter meetings.

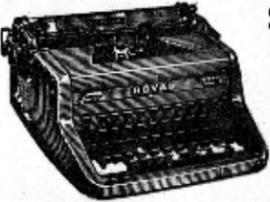

One idea was to have the scholarship set up for use by an RIT student from the nation's capital. This fund might be administered by the Rochester Alumni Association.

A second suggestion was made that rather than send individual contributions to the Greater Alumni Fund, the Chapter might contribute as a unit, the funds going to the Rochester Alumni Association for deposit in the Greater Alumni Fund.

In a letter to Alfred L. Davis, RIT Director of Public Relations, it was stated that a meeting of the Washington Chapter would take place at the home of Mr. and Mrs. W. E. Cressy, 6239-19th Street, North, Arlington, Va.

Chapter officers are Warren E. McDowell, coordinator; Miss Rina A. Cursi, secretary; Mrs. Margaret Fortune, treasurer.

Where They Are — What They're Doing

CLASS OF 1949

Marion C. Kohler (Ret) '49 has recently brought The Marks Hat Shop at 1788 East Avenue in Rochester, N. Y. Best of luck to her for success in her own business.

CLASS OF 1950

Virginia Norfleet (FA) has been since last June night food supervisor at the Westgate Stouffer's Restaurant in Cleveland. She does the head food supervisor's days-off relief regularly and is scheduled to take over that responsibility during the head supervisor's vacation. The Westgate Stouffer's is fifteen miles west of downtown Cleveland and was opened about a year ago. "Ginny" has her first car and is getting great pleasure from it. She writes enthusiastically of a reunion visit with Rita Brusehaber Francisco (FA) and Virginia Dawson Vidler (FA former student) on her way back to Cleveland last fall. Address: 26201 Center Ridge, Westlake, Ohio.

Catherine June Goodman (FA) was married to Albert E. Smith, of Washington on December 31. June was in Alaska for a year on the dietary staff at Mt. Edgecumbe Medical Center, and prior to that service she was a dietitian at Washington's Statler Hotel. Address: 3935 Macomb St., N.W., Washington 16, D.C.

CLASS OF 1951

Marcia Adamy (FA) is matriculating at Syracuse U. for her B.S. degree. Marcia has been for the past two years on the food supervisory staff of residence halls at Cornell. Address: 1101 E. Adams St., Syracuse, N.Y.

Alumni Tea Held

The annual Alumni Tea of Sigma Kappa Delta sorority was held on Sunday, Feb. 6, 1955 in the Blue Lounge of Kate Gleason Hall. According to SKD social chairman Helen Sowinski, who was in charge of the affair, refreshments were served from 3 to 5 p.m. and many former classmates were reunited for the first time since last year's affair.

Iturbi To Play Here

Jose Iturbi, world famous pianist and film star, will present a concert in Rochester on Wed., Mar. 2, at the Auditorium Theater. Tickets are available at the Eastman Theater.

Lost and Found

Today I found your dollar in such an awful place It really ought to shame you 'twas a terrible disgrace.

You dropped it on a busy lane where children in their play Would never ever find it without going out of their way.

But do not be discouraged nor fear of losing face I scoured the town until I found the proper losing place.

One chocolate malted gurgled down one face was steeped in joy Your dollar was found on a rubbish mound by a treasure-seeking boy.

SAC Instructor Takes Award

Hans Christensen, instructor at SAC, won a \$100 prize for first place in the Annual National Jewelry Exhibition at the Huntington Galleries in Huntington, West Virginia. The exhibition was for jewelry and related objects. Mr. Christensen's winning entry was a silver jewelry box with a rosewood lining.

This is the first exhibition of such magnitude, and it was co-sponsored by the Huntington Galleries and the Hickok Company. The show is scheduled to be at the Huntington Galleries from the first of February to the first of March and then to travel for two years.

L&M's Got *Everything!*

Janet Blair, Actress: "I have the fullest confidence in L&M's Miracle Tip... and L&M's taste so good, I made them my regular cigarette."

John Robert Powers, Creator of the Powers Girls: "I think L&M's filter is far superior to the others. Great smoke... wonderful flavor."

Patricia Morison, Musical Comedy Star: "I love L&M Filters. Never dreamed a filter cigarette could filter so thoroughly, yet taste so good!"

Stands Out FROM ALL THE REST!

- STANDS OUT FOR FLAVOR.** The pure, white Miracle Tip draws easy, lets you enjoy all the taste.
 - STANDS OUT FOR EFFECTIVE FILTRATION.** No filter compares with L&M's Miracle Tip for quality or effectiveness.
 - STANDS OUT FOR HIGHEST QUALITY TOBACCOS,** low nicotine tobaccos, L&M tobaccos... Light and Mild.
- MUCH MORE FLAVOR — MUCH LESS NICOTINE**

America's *Best* Filter Cigarette!
