## Student Council Fines Delinquents in Lounge

Student Council has taken drastic steps in a last ditch attempt to alleviate the unfavorable treatment that has been accorded the lounges in past months.

A new system of punishment has been inaugurated by Council, whereby any delinquent apprehended twice will be assessed a fine not to exceed \$5. Failure of any student to pay this fine within a specified time will result in his being placed on non-academic probation.

All Council members will possess printed forms to be filled out at the time of infraction and will be signed by the offender and the Council member. These forms

will be filed and any name appearing on two or more sheets will be called before Student Senate where his case will be judged and his fine levied.

Council members feel that some such strong measures must be taken to make the student body realize that keeping the lounges clean is a student responsibility. Members further felt that it would not be fair to close the lounge indefinitely, thereby inconveniencing all the students for the infractions of a minority.

## Students Urged To Take Test

The Director of Selective Service has announced that the College Qualification Tests will be given at the Institute on April 22, 1954. Everyone eligible to take these tests is urged to do so.

Students should obtain applications for the tests in the Registrar's office before March 5.

To be eligible for the tests, the applicant on the testing date (1) must be a Selective Service registrant who intends to request deferment as a student; (2) must be satisfactorily pursuing a full-time college course, undergraduate or graduate, leading to a degree; (3) must not previously have taken the test.

All students are urged to act fast, since this will be the last test offered this school year.

## Programs Approved

Announcement has been given that the four-year programs established for the Departments of Photography and Printing have been approved by the Division of Higher Education of the State of New York at Albany.

About 800 alumni have been surveyed in regard to their plans of enrollment under the new program next semester. Returns from the survey have indicated a preference for enrollment in the Evening Extension Division courses.

## Three Additions Made to Faculty

Mr. Charles Bernhardt, Mr. Anthony Sears, and Mr. Harry Baldwin have been added to RIT's faculty staff. Mr. Bernhardt and Mr. Sears are full-time instructors while Mr. Baldwin adds his services as a part-time instructor.

Mr. Bernhardt has taken over Miss Caroline Ekstrom's classes in Layout & Lettering. Miss Ekstrom has left to take a position in industry.

A graduate of RIT, class of 1950, Mr. Bernhardt is also a graduate of the Syracuse School of Journalism and College of Liberal Arts, class of 1953. He was a full-time instructor in the graphic arts for two and one half years, financial advisor for the Syracuse Daily Orange, Executive Secretary to the Advertising Managers Bureau of the New York State Dailies at Syracuse University, and a member of Phi Beta Kappa.

He was also in the Air Force for three years and studied part time at the University of Alaska during his stay in the service.

Mr. Harry Baldwin is teaching Offset Presswork II part-time. When he is not teaching he works at Case-Hoyt.

Mr. Anthony Sears, graduate of the Institute this January, 1954, has taken over Offset Presswork I, Mr. Netus White, the previous instructor, is still on sick leave.

(Continued on Page 4)

Spring comes to RIT? Even though the weather is unpredictable George Deitz and Ed Branges were among the students that took advantage of the warm sunshine and the spring-like weather.

## Third Annual Sports Night Is Scheduled

Hilarious hi-jinks, rare sports fare, and bonus entertainment will be served up to RIT students Friday night, March 5, when the Varsity Letterman's Club presents its third annual Sports Night at Jefferson High from 7:30 to 11:30.

A march of athletes will open the evening's festivities. Athletes will be honored as they parade through the spotlight, led by Doris Britt and her fiery baton.

### OUTSTANDING EVENTS

Immediately following, will be some outstanding events such as a basketball game, pitting the rough-tough faculty against our hapless Varsity. Veterans from last year still smart when recalling the terrible trouncing they absorbed from the faculty aggregation. This year's game should prove to be quite a revenge-filled struggle.

### PRO WRESTLING MATCH

Another feature event will be the staging of a pro wrestling match, which last year left its viewers holding their sides and with tears of mirth flowing freely from their eyes.

These are but two of the many, many attractions to be presented. Others thus far scheduled or in the process of being scheduled are Ed Watson's magic act, a fencing exhibition, a table tennis match, baton twirling, musical solos, and more, all enacted by RIT talent.

### DANCE TO FOLLOW

After completion of the show, students will move next door for dancing and refreshments. All events of the evening will be covered by a nominal fee collected at the door.

A drawing will be held during intermission for prizes not yet decided on as this issue went to press.

### Mardi Gras Theme

## Beaux Arts Ball

Everything from convicts to rabbits will be in evidence at the Beaux Arts Ball, March 6, in the Victorian Room of the Hotel Sheraton.

Presented by the Art Student's League and the School for American Craftsmen, the masquerade has been billed as the "most original dance of the year." This year's theme is "Mardi Gras," and decorations will be spotlighted by mobiles and wrought iron fences.

Johnnie Hartzog and his orchestra will provide music to send the weird and the comical figures swaying and bouncing. Highlighting the evening, will be a grand march down main street at midnight. Refreshments will be served throughout the evening.

The idea of the Beaux Arts Ball was first conceived two years ago by students in the Department of Applied Art. Its immediate success prompted making it a tradition.

## Project Done

A tri-concern color-project involving RIT has been completed. "Creative Directions in Color Photography," a lecture given by Mr. Ralph Evans, head of Color Technology Division of Eastman Kodak Co., has been published in the February issue of the Photographic Society of America Journal.

P.S.A. supplied paper, Eastman Kodak Co. made color separations, and RIT contributed four three-color plates for the publication of the color lecture.

Masking, a means of reducing color contrasts, was utilized throughout the project.

## Application Records Being Broken

Registrar Alfred Johns announced that the applications for admittance to the Institute in September have exceeded those of last year at this time, in both number and geographic area.

Students from several foreign countries have sent in applications. These countries include Korea, Brazil, and Pakistan. Many applications are still coming in.

## Contributors Still Needed - Alumni Fund Grows

Four months have gone by since the Greater Alumni Fund Drive was started on Nov. 1, 1953 and a total of \$27,000 is still needed to meet the \$40,000 goal.

Number Seven's, every seventh alumnus who was asked to contact the other six, have done a good job with their assistance to the drive. Even though this is so, a great deal of work remains to be done before the funds to provide for scholarships, improve placement service for graduates, acquire adjacent property for expansion, and modernize classrooms and laboratories, are obtained.

Of course the number seven's and the fund committee have a psychological block to overcome before they can complete the job that they have been assigned to. Whenever anyone asks for a contribution the alumnus immediately shrinks back and asks where he will ever get enough money to contribute. As soon as endowment is mentioned he thinks in terms of hundreds of dollars. This is not the case here as there are over 12,000 RIT alumni. If each of these alumni would but contribute five dollars each the total would be \$60,000, or one and one-half times as much as is being sought as a goal.

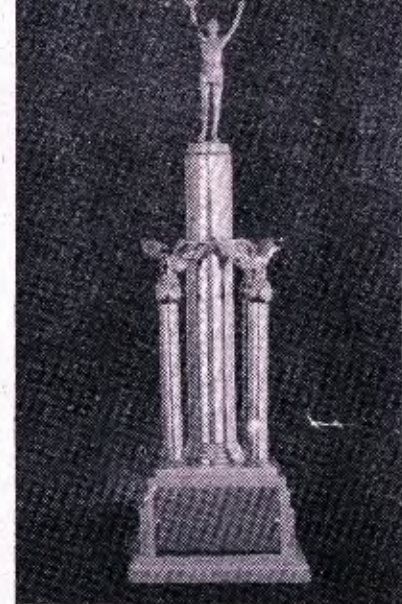

To date the fund has progressed rather steadily. Shortly after a month had passed, the drive had netted \$6,667 from 379 alumni. Then, after another month, the end of the first week in January, the fund had risen to \$10,450 with 616 giving. Now, after almost four months have passed, the total is at \$13,000 with about 900 contributions. This means that only about eight per cent have contributed.

Mr. Raymond E. Olsen, general chairman of the Greater Alumni Fund campaign has stated that he hopes everyone will take a careful look at his or her own situation and try to make a contribution he can afford.

## "He Who Hesitates" - SW Draws Near

Preparations are again underway for Spring Weekend, RIT's largest and most widely known annual social event, with the Spring Weekend Committee setting a fast pace.

This year something new has been added to the already exiting weekend in the form of two trophies to be awarded to some hard-working organization. One of the trophies is a huge 36 inch golden memorium which will have the winning organization's name inscribed on the side and kept displayed by the Institute. The other, a smaller but still huge, trophy will be presented to the winning group.

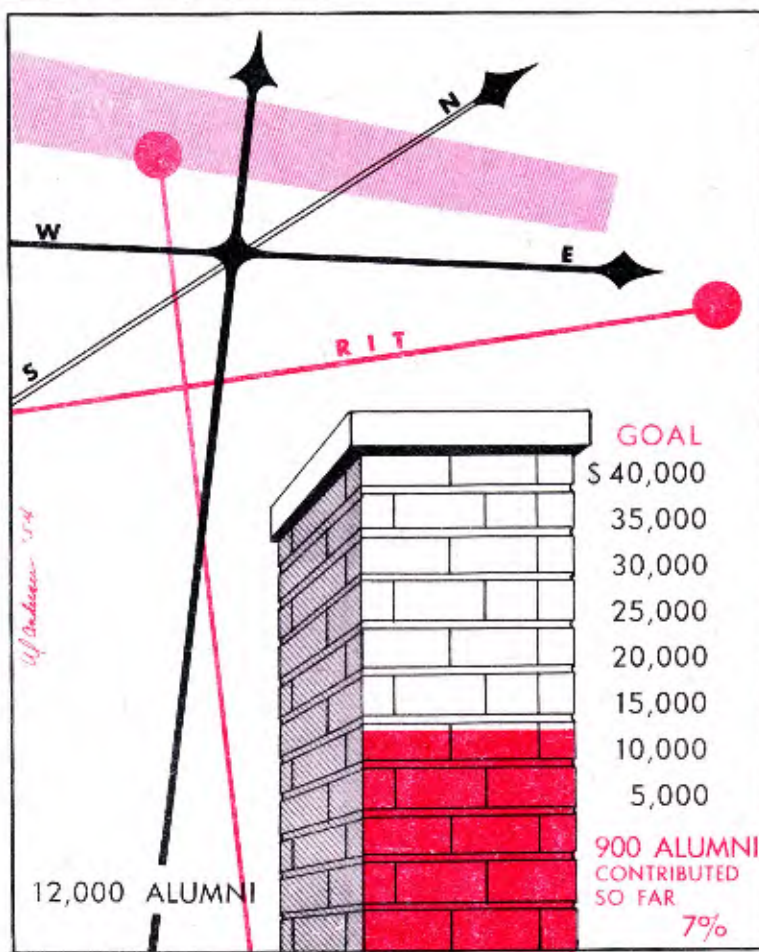

Spring Weekend Trophy

Organizations that have not done any preparations as yet should get into the act as the time is quickly sliding by and no one wants to be caught only half ready when the time to set up displays comes.

The name of the band has not yet been announced but judging by the reputations of those on the committee you can bet your bottom dollar it will be a good one.

Outstanding events of Spring Weekend are the formal dance on Saturday night, the election of "Mr. Campus," games in the booths that are set up in the Eastman Building, and Open House at Kate Gleason Hall. Each of the larger organizations on campus tries to have a booth set up where the people with all the money come to unload themselves and have a good time.

The whole affair starts on Friday night with an informal dance and the carnival. Students can sleep late on Saturday but Saturday night brings with it the huge formal dance with one of the name bands if finances permit. Sunday all the boys look forward to a dinner at Kate Gleason Hall as the girls prove their culinary artistry.

## PARADE OF OPINION

### Censorship, Maryland Style . . .

A photograph showing crowded dormitory conditions prompted the dean of men at the University of Maryland to confiscate several thousand copies of the *Diamondback*, student newspaper.

When Dean Geary Eppley objected to a picture of basement living quarters for 24 women students, he decided to make off with the papers so nobody else could see it.

It wasn't the first censorship attempt at Maryland. According to Elin Lake, *Diamondback* editor, the administration tried earlier this year to keep the public from knowing that the dean of women received a summons for failing to stop for a school bus that was loading and unloading passengers.

When a reporter from the *Baltimore Sun* was sent to the Maryland campus to cover the University's censorship activities, he was arrested by a campus policeman and momentarily kept from phoning the story to his paper.

### Two Front Pages . . .

To celebrate national newspaper week, the *Syracuse Daily Orange* put out two front pages—and ran them both inside the paper.

One was a typical American page, with headlines like "Pious Work Stressed" and "Magazine Prints Student's Article." The other was an example of what the same page might look like if the *Orange* were printed in a totalitarian country. The headlines were changed to "Subversive Arrested" and "State Cites Alvin for 'Basis' Story." Only the temperature in the weather ear remained uncensored.

### Sever the Cords . . .

In an effort to eliminate discrimination, the State University of New York has ordered all fraternities and sororities to break their national connections or disband.

The measure affects 25 nationally affiliated groups at the University's two medical schools and at the nine teachers colleges. The order was made "effective immediately" but a five-year period of grace was granted to enable groups to take care of financial problems that will come up when they break from their national organizations.

State University President Willia Carlson said fraternities and sororities might all "claim a clean bill of health and declare that the organization does not discriminate and that anyone is eligible for membership. Unfortunately we cannot take these assurances at face value."

### Much Ado About A Queen . . .

Name calling, hair tearing and long distance phone calls preceded the election of Marilyn Harris as Homecoming queen at Illinois State College.

The campus was in an uproar when a violation of election rules was announced. The football players had been permitted to vote before leaving for their game in Michigan, which was okay until someone remembered that under the rules the polls could only be open from 8 a.m. to 4 p.m. on election day. This meant the team members had cast their votes before the polls were legally open.

After much discussion, election officials phoned the team votes and subtracted the ballots from the total to make it legal.

As it turned out, Miss Harris would have won either way.

There were two elections last term for Homecoming queen at the University of Illinois. All ballots cast in the first election were declared null and void because of a polling place mixup.

Contrary to the rules, misinformed judges allowed one vote for each identification card presented; some students presented large blocks of votes by getting several cards together. Since each student is entitled to only one vote, the whole election had to be run off a second time.

### Colombia: Against Preparation . . .

Students in Bogota have gone on strike against the planned introduction of a course in preparatory studies. The rector of the University of Medellin joined the students in opposing the plan, which he said would result in students' going to foreign universities.

At Javeriana University in Bogota, the problem has been solved by dividing the first year of study into two semesters—the first half to compromise the preparatory studies and the second to correspond to the first year's curriculum.

### India: Universal Military Training . . .

Compulsory military training for all college and high school students in India was discussed without the conclusion in the House of People in New Delhi. Speakers generally supported the scheme and said it would make young people more disciplined.

### Russia: TV in Siberia . . .

Students at Tomsk Polytechnical Institute in Siberia are producing their own television programs on a transmitter they built themselves. It took 50 students 18 months to do the job. Now they are putting on regular news, documentary and variety shows.

(The following column is a sequel to the comments appearing in this column in the issue of Feb. 12—What do you think of RIT men?)

## What do you think of RIT women?

Jack Loughlin . . .  
Commerce Freshman:

I would say they are very sociable, but fickle. All in all, their apparel is chic except for knee sox.

Max Bellune . . .  
Photography:

I have always heard that "Yankees" were an unfriendly lot but the women of RIT have disproven that almost 100%.

Bruce Davidson . . .  
Photography:

I think the women are very "Kosher" as the saying goes. In general fine specimens of humanity.

Laurie Herlan . . .  
Art and Design:

As far as my personal opinion goes women at RIT are really friendly to most of the fellows.

# Committee Sets Competition Criteria For '54 Spring Weekend's Mr. Campus

Mr. Campus of 1953 was Mike McClatchey, a Printing student who is shown here receiving his awards from Spring Weekend Chairman Bill Clarke.

by Jo Italiano

The day, or shall we say, the time of reckoning is at hand. All through the year, at RIT, the femme fatales enjoy basking in the publicity of being crowned queen or sweetheart of one of the fraternities. Finally, as plans for Spring Weekend get underway, the eyes of the students turn toward the masculine sex, in search of an individual, who deserves the honor of being called "Mr. Campus."

"Mr. Campus" will be elected at the formal on the Saturday night of Spring Weekend, April 10. The ballots will be totaled, and this year's "Mr. Campus" will be announced. Instead of many small gifts, he will be awarded fewer, but more valuable ones.

"Mr. Campus." As these two words echo in our ears, we begin to wonder who "Mr. Campus" will be. This "Mr. Campus," who is an all-around guy.

In the next few paragraphs, I will

give you a few clues as to who he will be, what activities he will be in, and what he will be like.

To begin with, he'll be somebody whom most of us already know or somebody we have heard of, because he'll be like any other guy, he won't know everybody at RIT. He'll hold a few offices, maybe one big one, and one small one, because he won't be too big a wheel.

He will not be the instigator, but he will go along with the gang, whenever they want to start a little friendly mischief. He probably took part in the "panty raid" last year, and maybe he even got hauled away with the other 19.

He will probably have some party spirit in him; not an overdose, but just enough. We have probably seen him down at Jake's quite often, and he has probably walked more than one pal around the block, in the wee hours of the morning.

He will be somebody whom his friends can trust, so that they won't be afraid to confide in him now and then.

He will do his share of fixing the students up for formals and such, because he will be interested in other people besides himself.

There it is: "Mr. Campus of 1954." We won't have to look too far to find him. He will probably be at the next party we attend. Maybe we will see him chatting with an advisor to one of the organizations, of which he is a member. Maybe he will be offering a bit of advice to a fellow student. We might even see him down at Rudner's sipping a soda with his girlfriend of the hour. No, we won't have to look too far to find him. He is probably right under our noses, and who knows? He may be Suzy's heartthrob, or he may even be Bob's roommate.

Warren Bills, editor of the Reporter, points out operations of the Teletypesetter to high school editors during recent visit.

### STUDENTS LEAVE SAC

Departing by land and sea, two students left the Woodworking Department of the School for American Craftsman last week.

"Roger Franke has been" assigned and joined to the United States Army via the draft law.

Contributing an Associate in Applied Science in Art to the Woodworking Department, Franke commenced his study in that department in Sept. 1952.

Richard Dettelbach, on a two-week cruise with the Naval Reserve, will return to school Mar. 1.

### ALUMNUS PROMOTED

Donald R. Goodman (Pr '52) has recently been promoted to the rank of corporal. He is stationed at Fort Bragg, N. C. and is with the Psychological Warfare Branch, Headquarters, 6th Radio Broadcasting and Leaflet Group, 7th Reproduction Company, at Fort Bragg. Don is a resident of Syracuse, N. Y.

### ALUMNUS GIVES EQUIPMENT

Clarence Tripp (Ph '41) has given a photographic studio to RIT.

Mr. C. B. Neblatte, head of the Department of Photography, praised the addition of equipment:

"The studio, the largest unit we have, will be particularly valuable in color photography."

Providing illumination are three electronic flashlighting units having an output of 1800 watt-sec.

### CORRECTION

In the Jan. 15 issue of the Reporter, the maiden name of Mrs. Raymond W. Ellis was incorrectly spelled. Mrs. Ellis, a graduate of the Home Economics Department, spells her maiden name Dorothy R. Crowell. She is originally from Seneca Falls, N. Y., and now resides in Devon, Pa.

When you come right down to it, you smoke for one simple reason . . . enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky Strike means fine tobacco . . . light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better . . . always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

### COLLEGE SMOKERS PREFER LUCKIES

A comprehensive survey—based on 31,000 student interviews and supervised by college professors—shows that smokers in colleges from coast to coast prefer Luckies to all other brands! The No. 1 reason: Luckies' better taste!

We're rooting for our favorite team! The arguments are loud. But smoother-tasting Lucky Strike Wins cheers from all the crowd.

Hi Guys and Gals:

This hurrying and scurrying around is certainly helping me to lose weight, but I don't mind a bit, because I am fulfilling my very noble duty to you worthy students, by clueing you in on the goings-on and happenings at RIT.

As Barb Susong and her buddy walk through the halls, the world sees, in reality, two people "walking on air". Tell us about it Dave.

Ask Kenny Dewhirst if you can see his prize snapshot. Life can be beautiful, can't it, Kenny?

I hear they have a very good counseling center at the Barracks. Counselors are: Earl "Doc-See-Daddy" Wolfe, Fred "See-Son" Steinbeck, and Norm "See-Son, Jr." Radziwon. By the way, did you know that Earl has added another nickname to his list? "Marlon" is his name of the hour. How did you get that one "Doc"?

The Sweetheart Ball was really a Ball. Everbody had a great time! Congratulations to "Sweetheart" Gail Crannell and her attendants, Joan Fogarty and Jane Fees.

Did you know that Bob Pelouquin

is paying alimony? Ask him, I'm sure he'll tell you about it.

Congratulations to Jackie Purcell, who is celebrating her 18th birthday today!

Lyn Thiemke is having trouble on what to do after Convocation. Learn how to sew on buttons.

Have you heard that "Buddy" Fiorito can do a neat "Charleston"? How about a few lessons, "Buddy"?

Letters are flying fast and furiously between Do Miller and a certain Air Force man stationed in Lockport.

We were all sorry to see Marian Appell leave a few weeks ago. She left to join her husband in Boston.

About a few weeks ago, snow fell suddenly upon us spring fevered students—a reminder of winter, and kept us in our rooms—a reminder of study!

That about covers it for this week, so I'll sign off for now.

## KSK Picks Queen At Annual Formal

Gail Crannell was crowned the Sweetheart of Kappa Sigma Kappa for 1954 before approximately 150 couples who attended the Sweetheart Ball presented by Kappa Sigma Kappa fraternity at the Collegiate Club, Feb. 13.

Miss Crannell's attendants were Jane Fees and Jean Fogarty, each of whom received a trophy as a remembrance of the occasion. Miss Crannell also received a trophy plus the honor of competing in the KSK national contest. Last year's Sweetheart, Joan Lenz, crowned Miss Crannell with a head piece of yellow roses.

The music of Mike Arena added to the atmosphere of St. Valentine's Day, as did the red and white streamers and gigantic heart used to decorate the Ballroom.

## Staffers Cover Meeting

Printing Industry of America sent educators from Carnegie Institute of Technology and RIT to summarize eight group discussions at a conference of sales executives in St. Louis, Missouri, on Feb. 4.

Discussion summaries of advertising, general commercial publications, Web Offset, and business forms have been made and will be published by P.I.A. in a sales executive conference booklet.

Acting in the capacity of "special reporters" from RIT were Norman Reamer, Herbert Morrow, Alexander Lawson and Milton Bebee.

## CAMPUS GREEK TALK

**ΓΦ** Pledging is in full swing, and we would like to introduce our pledge group to you. They are: Guy Iannello (Mech), Danny Pasto (Chem), Mike Agrecky (Ph), Bill Pennington (Pr), Fred Edwards (Chem), Jimmy Hattab (Art), Dick Ryan (Mech), Stan Killian (Ph), Roger Allen (Ret), and Neil (Goose) Butterfield (Mech).

We are planning a cabin party with Sigma Kappa Delta, our sister sorority. The party will take place on Feb. 28.

Plans for the "Underworld Ball" are also being made. This dance promises to be one of the biggest of the year.

We were very happy to welcome back Brother Buddy Dewhirst, who was here for a visit, while on leave from the Navy.

Interest in interfraternal basketball was shown when we played Theta Gamma at Jefferson High School, on Feb. 13. The game was very close, but we came out the victors.

We are undertaking a project to help collect money for the Jesus Lighthouse Mission, here in Rochester. This will be just one of our services to the community in '54.

About six brothers and six

pledges started out for Buffalo one night a few weeks ago. Two of the three cars made it, and the third had to turn back. What happened Kenny, Mike, Lenny, and Gene?

**ΔO** We have been kept busy the past two weeks with making plans for both Spring Weekend, and our annual minstrel show. Angela DeRoma and her committee are cleverly gathering songs, props, and novelty numbers for the production of our greatest minstrel show yet.

Our apologies to Theta Gamma for a statement made in our last Greek Talk. The Theta Gamma Sweetheart Song was written last year by Roy Getman. Delta Omicron pledges wrote the answer to the song.

It was a new experience for the dorm to hear the after-hour serenade from Theta Gamma for Pretzie Boucher and Dick along with the sorority answer. We hope the other sororities will follow suit.

DO is very happy to see such a fine looking group of prospective members for Theta Gamma. Take it easy on them fellows!

**ΘΓ** Well, the brothers are finally sporting their new black and gold beer mugs, and they sure are anxious to put them to good use. We won't have long to wait either, for there is a cabin party coming up Feb. 23 at the South Cabin in Powdermill Park. It's pledging time again, and the brothers are living the life of a king once again. Shoes are shining and rooms are being cleaned regularly. We hope there will be more constructive projects for our pledges to work on

such as we have done in the past at Clark Union.

Interfraternity basketball games, played before wrestling matches, began this month. We lost our first game to Gamma Phi. It was a rather bad start for us, but we hope we can make up for that as the season progresses.

**ΦΥΦ** We, the sisters of Phi Upsilon Phi, would like to congratulate our brother fraternity, Kappa Sigma Kappa, on the wonderful success of their recent formal, "The Sweetheart Ball." Everyone who attended had a tremendous evening.

We would also like to congratulate our sister, Gail Crannell, on being chosen Sweetheart at the ball. Congratulations are also in order for Jane Fees and Joan Fogarty on being chosen runners-up.

Spring Weekend will soon be here, and Phi Upsilon Phi will present a musical comedy in the Eastman Assembly Hall on Friday night. Mary Lou Blum has been appointed director for the show. Assisting her are Pat Putney, Alice Hellert, Joyce Tilley, and Ailene Nelepa.

## KSK Sweetheart

"And she'll live in our hearts forever, she's the Sweetheart of KSK." Yes, beautiful Miss Gail Crannell has been selected as the most wonderful creature on the campus by the men of Kappa Sigma Kappa on the eve of Valentine's Day at the Collegiate Club.

For her there should be poetry  
To express a deep devotion  
That fraternally raises  
More than its praises  
To show how much love we've  
engrossed in.  
For her there should be gilt-edged  
words  
But only an angel speaks  
In heaven's foreign tongue  
So in a lyric as yet unsung  
She will hear the thoughts of the Greeks.

# Tech Bows to Fredonia; Also Edged by Uticans

Tech and Fredonia hoopsters met Friday, Feb. 5 for their last encounter of the season at Fredonia State Teachers' court. Fredonia went ahead from a three point lead at half time to whip RIT 91-72.

Fredonia outscored Tech 24-13 McPhee sparking the drive.

McPhee was top scorer at the contest with 29 points. In losing the eighth game during our eleven meets Tech could only hit 25 of 86 from the field while Fredonia scored on 38 of 89. Captain Bob Klos was our high scorer with 16 points.

The Utica contesters edged RIT 83-80 at Jefferson high gym Feb. 12 in their second win over Tech this season.

# Buffalo Fencers Down Tech Teams In Dual Contests

RIT fencers suffered a dual disappointment Feb. 6 being beaten by the University of Buffalo and not being able to meet the University of St. Lawrence due to hazardous traveling conditions.

Buffalo whipped RIT by the score of 19-8 at the Baden St. Settlement here in Rochester. The swordsmen from Buffalo took the honors in all three weapons used; foil 7-2, epee 6-3, and saber 6-3.

The surprise of the day came when the RIT women's foil team gave the Buffalo men some stiff competition in an exhibition tournament losing by the close score of 9-7. Sparking the drive were four wins registered by Clea Cooper, captain of the women's team.

RIT women fencers will meet Keuka College at home today and tomorrow the Varsity travels to Buffalo for a three-way match with Canisius and Buffalo.

# MSA Watches Movie On Steel; Modern Progress Shown Students

Importance of the human element in making fine steel was pointed out in movies shown to the Mechanical Students Association during a technical meeting, Feb. 18. Produced by Allegheny Ludlum Steel Corp., the movie script was written around steel mill foreman, Big Saul Kosko. In demonstrating the human element, Big Saul showed modern

techniques applied in the electric melting furnaces, soaking pits, blooming mills, and strip sheet mill.

Another film shown to the group dealt with research in metal turning and showed modern high velocity turning as developed by the Jones and Lamson Co. in cooperation with other similar industries.

# Records Fall As Grapplers Win

Long-standing records were being snapped like too tight banjo strings Feb. 13, as the RIT wrestling team thrashed the University of Toronto team to a 32-7 defeat in a home stand at Jefferson gym.

It was seven in a row for RIT without defeat or tie as the matmen closed out their home schedule for the year.

The first five men of the Toronto team to meet RIT wrestlers were pinned with only the fifth match lasting long enough to hear the bell ending the first of the three three-minute bouts. Six pins were recorded in all by RIT to set a new record breaking one that has stood against Mansfield (Pa.) State Teachers College since the early 1930's.

RIT's Jim Cargoni moved closer to setting another team record with his pin of Don Smith (T) in 1:59. Cargoni now has 30 points to his credit for the year. He needs 13 more to tie the team record held by Larry Wilson, captain of the 1952-53 team. Wilson scored 43 points in twelve matches. Cargoni has three matches in which to make the 13 points.

Jim Modrack, who with Cargoni is unbeaten, scored a pin in 2:40 over Alex Patenaude (T).

Quickest pin of the afternoon was made by Joe Falardeau, who threw Jack McQuat (T) with a half nelson and press in 1:45.

## RIT OVER CORTLAND

Cortland State Teachers College almost tipped the RIT team on Feb. 8, in a close 18-16 event at the Jefferson gym.

Cortland won the first two matches to take an 8-0 lead, but the Tech team won three in a row, two by pins, for a 13-8 advantage. Dick Lee of Cortland tied it with a pin victory in the 167-pound class, then Jim Barclay copped the 177-pound division by a pin to insure RIT at least a tie. Al Chase (C) beat Ed Ross, Tech's heavy, but only by a decision.

In the preliminaries the Cortland Jayvees trimmed the RIT Jayvees, 20-8.

Again, because of the necessity of the publication deadline falling more than a week ahead of time, the coverage of the meets between Edinboro State Teachers College, Feb. 19, the Feb. 20 meet against Alfred University, and today's meet against the University of Buffalo, will be covered in the next issue of the Reporter.

Friday and Saturday, March 12

and 13 the Interstate Wrestling Tournament will be held at Case Institute of Technology, Cleveland, Ohio.

## Aggies Edge RIT Cagemen

The RIT basketeers traveled to Guelph, Ontario, on Saturday Feb. 13 for the 19th game with Ontario College since 1939.

Although having six men in double figures, RIT basketball team dropped a 97-92 overtime decision to the Ontario Aggies.

Tech's squad took a 28-24 first quarter lead and maintained a 43-40 advantage at the half. RIT widened the margin to 67-71 after three quarters but saw Ontario score a free throw in the final second of regulation time to tie the score 87-87.

Bucky Craugh tossed in 20 points for Tech to lead all scorers.

left in the game gave a hard earned decision to Utica College.

Pensero gave the spark which broke the game open in the later stages after Tech had pushed ahead 80-78. He scored on a full court break to tie up the squads.

After Utica grabbed a rebound from a missed set shot fired by Tech's Harry Hinman, the stocky backcourt man cut in the key to lay up a basket. He added a free throw to gain the last point, due to a technical foul called on Bill Craugh of Tech with less than a minute left.

Norrie Pensero scored 26 points high for the evening. Tech captain Bob Klos registered 18, top scorer for RIT and second high for the night. It was Klos who put Tech in the lead at 80-78 with 2:12 minutes to play in the last quarter, just before Pensero broke loose.

## Council Gets Trophies, Dismisses Nine Reps

Trophies for Spring Weekend were presented to Student Council by Bud Ruzitsky, chairman of Spring Weekend, at a weekly meeting of the council, Monday, Feb. 15. The student government accepted the trophies and upon doing so they placed them on display in the Eastman Building.

An annual attraction to the students, the trophies have caused a great deal of enthusiasm and keen competition among the various organizations in the past and have thus made the biggest social event of the year an annual success.

Approximately nine student council members were relieved of their duties as members of the governing body at the same meeting because of their poor attendance records. All members of the Student Council are required to attend 65% of the meetings.

**For Fellowship... High Adventure... and a proud mission... wear the wings of the U. S. Air Force!**

● In days gone by, young men in shining armor ruled the age. Today, a new kind of man rules the age—America's Knights of the Sky, the *Aviation Cadets!* They rule from on high, in flashing silver-winged Air Force jets... a gallant band that all America looks up to! Like the Knights of old, they are few in number, but they represent their Nation's greatest strength.

If you are single, between the ages of 19 and 26½, you can join this select flying team and serve with the finest. You will be given the best jet training in the world and graduate as an Air Force Lieutenant, earning \$5,000 a year. Your silver wings will mark you as one of the

chosen few, who ride the skies in Air Force jets.

As an Aviation Cadet, your kingdom is space—a jet is your charger and your mission is the highest. You are a key defender of the *American* faith, with a guaranteed future both in military and commercial aviation.

Join America's Knights of the Sky, new men of a new age. Be an Aviation Cadet!
