Reporter Photographers Contribute Their Free Time

Trials and tribulations of all types abound in the production of a newspaper, and the *Reporter* is no exception. Far be it from this staff to contradict such a tradition and bring shame to a perfectly confused industry.

To narrow the "permanent crisis" area a little, photographs have been one of the problems fought to a grinding halt at each deadline (or slightly thereafter). If it were not for a small group of interested "shutterbugs" who work on their own time and often with their own materials, the "Reporter" would look like a dictionary that had been run over by a steamroller.

To them go the thanks of the Reporter staff. To you, the reader, here they are:

Carter Allen is one of the present two photo editors on the staff and is in charge of the color section. He is a second-year creative illustrations student from Brookston, Indiana. Previously, he attended Monmouth College in Illinois where he was a member of ATO. Other activities in which he takes part are the Camera Club and Techmila and the Photographic Society of America.

His cohort and name-sake, David Allen, is in his second year of photographic technology and is the other photo editor on the staff. Having become interested in photography through a good friend and teacher in high school, Dave undertook it as a profession. He worked on Techmila last year and is Advertising Chairman of the Camera Club and a member of "Eta Beta."

Dennis Martin, former photo editor, is a third-year student from Freeport, Illinois. His work revolves around color shots and

an occasional dab of humor. Dennis while he was photo editor, was the great organizer for the color work published in the "Reporter."

Pete Turner, the businessman-photographer, has turned in some excellent work, his latest contribution being the photos on the basketball picture page. He is a third-year man, majoring in cre-

(Continued on Page 8)

Clark Lounge Gets New Furniture

The recent addition of seven tables and twenty-four chairs to the Clark Lounge has increased the seating facilities by about 40 places. The new furniture was obtained through an appropriation voted by Student Council.

Three of the new tables are square and these have been placed on the north side of the lounge along with the appropriate number of chairs. The remaining tables, which are oblong, have been placed along with the remainder of the chairs in front of the wall benches on the west side of the room.

The chairs, made on-chrome frames, are of dark green upholstered leather. This matches the existing leather-covered wall benches. The tables feature gray formica tops on chrome frames.

Management Convocation To Hear Dr. McGregor

Dr. Douglas McGregor, professor of Industrial Management at the Massachusetts Institute of Technology, will be the speaker at the 29th Annual Management Convocation. The Convocation and dinner will be held on April 5, 1955, at 6 :30 p.m. in the Rochester Chamber of Commerce Banquet Hall.

Approximately 170 graduates of the Evening Division's Management program who are employed by leading business and industrial concerns in the area, and who attend classes at night, will be awarded diplomas at this time. Graduates are to receive one of three different types of diplomas; Industrial Management, Office Management, and Sales Management. Presenting the diplomas will be, once again, Mr. Donald H. McMaster, vice-president and general manager of Eastman Kodak Company, and chairman of the Industrial Management Council of Rochester.

Dr. McGregor is especially suited to speak at this, Convocation. He was, until recently, president of Antioch College at Yellow Springs, Ohio. Besides his excellent background and experience in education, Dr. McGregor has had a varied and successful career in the business field highlighted by his service as Industrial Relations Director of the

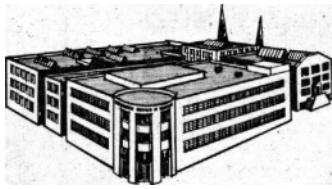

Dewey Almy Chemical Company for three years.

Seven hundred and fifty people are expected at the dinner, including key personnel and industrial executives of the city. Mr. Vernon R. Titus, assistant director of the Institute's Evening Division is chairman of the program.

Delta Omicron Wins Inter-sorority Award

The ballroom of the Rochester Club on East Avenue was the regal setting chosen for the "Waltz of the Winds," the annual semi-formal dance presented by Inter-sorority Council on March 12.

The dance was also the occasion for awarding the Inter-sorority Council's annual scholastic trophy to the sorority which achieved the highest scholastic average over the past year. This year the trophy went to Delta Omicron. Last years winner was also Delta Omicron sorority.

Senior Retailers Observe Markets In New York City

A group of senior students from the Retailing Department recently completed their annual visit to New York City. The trip began on Sunday, March 6 and found the class returning to Rochester on the following Saturday.

During the course of the visit, the Retailers were able to gain much valuable experience in their field by studying and observing various markets. Included in the students' program was a trip to the United Nations headquarters, a visit and luncheon at the J. C. Penny Co., and a tour of the Eastman Chemical Products, Inc. Miss Bernice Mohlenoff, a former RIT faculty member served as hostess for the group during the Eastman visit.

On the final day of the trip the students made a quick tour of the offices of Conde Nast Publications and obtained a first-hand information on how a large fashion magazine is produced.

Mrs. Mary C. Copeland of the RIT Retailing faculty served as group leader during the trip.

C C N Y President To Speak On WUS

An all-school assembly featuring an address by Dr. Buell Gordon Gallagher, president of City College of New York, will highlight the observance of the World University Service program here at RIT on March 26-28.

In addition to the assembly the observance will include noon-hour movies, a Coffee Hour, and informational bulletin board displays.

Sponsored by the Civic Activities Committee in conjunction with Student Council, the World University Service program is being conducted at RIT on a larger scale this year than ever before. World University Service is an international organization designed to foster a closer understanding and promote co-operation among college students from all nations. The main objectives of RIT's observance of this program is to make the student body aware of the material and informational deficiencies that are facing foreign college students at the present time as well as solicit funds for this worthwhile organization.

The World University Service program will get underway on Tuesday, March 29 with the

showing of noon hour movies in the Eastman Assembly Hall at 12:30 p.m. The movies, shown through the co-operation of the Students Association, will deal with some of the existing problems that confront the people and students of foreign countries.

A Coffee Hour, also scheduled for the Eastman Assembly Hall, will be held on Wednesday, Mar. 30 from 3:30 to 5:00 p.m. This will provide an opportunity for the students to meet and become better acquainted with some of the foreign students that are attending RIT at the present time. Members of the Religious Activities Committee will assist Student Council committee members in conducting this social function.

The all-school assembly, to be held in the RIT Chapel at 11 p.m. on Thursday, Mar. 31, will bring to the RIT student body the national chairman of World University Service. Noted as a provocative and witty speaker, Dr. Buell Gallagher will speak on the functions and activities of WUS. The RIT Choraliers under the direction of Dr. Phillip Kaufman will also appear on the program.

A bulletin board display featuring an informational display of the functions of WUS has been set up on the first floor of the Eastman Building. In addition, posters concerning WUS have appeared on all departmental bulletin boards.

Once again this year the Civic Activities Committee is following the policy of accepting voluntary contributions to World University Service. At the Coffee Hour, a booth or desk will be set up in the assembly hall at which students can receive more detailed information on the functions and particular activities of WUS, as well as take advantage of the opportunity to sign over their locker deposits to the WUS organization.

(Continued on Page 7)

'Mr. Campus' To Be Elected

Spring Weekend is close at hand and with it comes the announcement of the candidates for the much coveted title of "Mr. Campus."

According to the custom of the past six years, the four sororities of the Institute select men whom they think have served their school in the best possible manner. These men are supported by the sorority and, this year, by any other organization who wishes to help.

Alpha Psi's candidate for Mr. Campus is Jess Maffuid a student in the Mechanical Department and the president of Gamma Psi fraternity. Delta Omicron has nominated Don Nagel from Theta Gamma. He is a fourth year student in the Art Department. Sigma Kappa Delta is sponsoring Jerry Uelsman. Jerry is a senior in the Photography Department. Phi Upsilon Phi is supporting Marcel Letourneau. "Lou" is a senior in the Printing Department and a member of KSK.

Mr. Campus will be chosen at the Saturday night dance at the Collegiate Club. He will be elected by secret ballot by everyone who attends the dance. At intermission, the winner will be announced and the awards will be made.

Leading the Pep Rally in a parade around the Institute are Bob Lorenzen and Gary Transue. The wrestling team was thus given a fine send-off to the 4-I Tournament held at Case Institute, Cleveland. A motorcade followed the team 15 miles out of town. For results of tournament, see page 5. Moffa Photo

by Margee Bennet

Now to go on where I left off last time.

With its ups and downs since its formation, the Dance Club gave it another try on Friday, March 11. The "downs" of the organization happen when the President, Hugh DeJonge, goes on block. However he is back now and with him he brought Tom Bernardi, a former Arthur Murray dance instructor who is ready to teach members and non-members any dance they want to learn. Lessons will be given every Friday evening from 7 to 8 p.m., in the Eastman Lounge.

Delta Lambda Epsilon fraternity of the Department of Photography sponsored its photo-graphic sale March 16. This DLE project is a service to the entire Institute, and everyone had the opportunity to "swap or shop" for photographic material.

Ed Donaher is head of the Art Section. He is busy drawing up the layouts for the tickets and other materials. You must know by now I'm a spy in the outfit. We have two wonderful advisors, Mr. Robert Belknap and Mrs. Hope Miller. (Both of whom I'm sure you know).

By now you must be wondering why I've left out two important officers of the committee! Well they are Dave Shuckman and Dick Anderson, the co-chairman. On their shoulders lies the responsibility for the work of all of us. They work more than just an hour a week, to say the least.

We all hold a responsibility on the committee, but we alone can not make Spring Weekend a success. It must be done with the help of the whole student body. All of us, regardless of our own feelings must work TOGETHER to make S.W. a pleasant and memorable occasion.

If from this pinpoint, I
Can chart an endless sky
If from this minute place
I can fathom outer space
If from this spot so small
I can tell when stars will fall
If from this miniature home
I can see the comets roam
If all these things I see
It then seems true to be
That from some pinpoint, He
Is as easily watching me.

The deadline for applications to be at the "Reporter" office is April 1. During the period from the deadline date for the applications until April 13, the applications will be considered by the Publications Board and those persons best qualified will be called before the board for a personal interview.

poetry or humorous articles are also being sought.

Members of the incoming class in September, 1955 will also have an opportunity to participate in the newspaper's activities as reporters.

On April 14 and 15 the personal interviews will be held and on the following Monday, the names of the persons selected for the new staff will be announced.

The positions for which application can be made are as follows: Publisher, Editor in Chief, News Editor, Campus Editor, Sports Editor, Photo Editor, Business Manager, Circulation Manager, and Mechanical Superintendent. In addition to these key positions, assistants are being sought for the Art and Photo Editors and the Mechanical Superintendent.

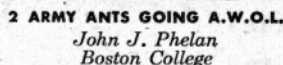

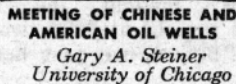

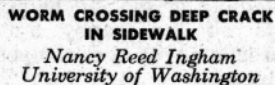

Prior experience in newspaper work is requisite for persons applying for the higher positions in the staff such as publisher, editor, etc. However, where no persons with prior experience are available, the jobs are open to everyone.

Staff reporters, the backbone of the newspaper, are being sought from all departments to help in the editorial end of news publication. Persons possessing special talents such as writing

Lawrence Copeland, instructor at SAC, is presenting his third one-man show in the Fountain Room of the Davidson Art Gallery in Middletown, Conn. The exhibition will run from March 2 to 24. It was arranged by special invitation of the Gallery's director.

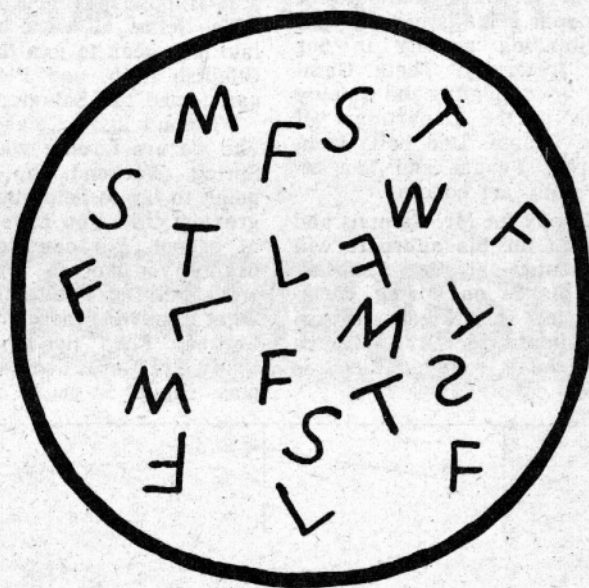

Mostly hollow ware, the exhibit consists of about forty pieces with the majority having been done within the last year. Other shows that Copeland has given were held in Paris, France, in 1949 and in the Cranbrook Museum in Michigan in 1950.

WHAT'S THIS? For solution see paragraph below.
Droodle suggested by Norman Gerber, C. C. N. Y.

HAVE A LITTLE FUN when you smoke. Enjoy yourself. Give yourself the pleasure of a better-tasting Lucky Strike. The enthusiasm often inspired by Luckies' famous better taste is illustrated in the Droodle (*right*) titled: Alphabet soup for Lucky smoker. So why *stew* over what cigarette to smoke? Luckies' taste is *letter*-perfect. After all, L.S./M.F.T.—LuckyStrikemeans fine tobacco. Then, that tobacco is toasted to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco

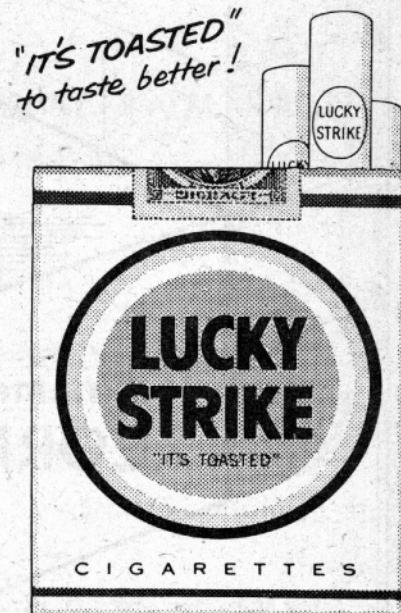

to make it taste even better... cleaner, fresher, smoother. When you light up, enjoy the better-tasting cigarette... Lucky Strike.

STUDENTS! EARN \$25!

Lucky Doodles* are pouring in! Where are yours? We pay \$25 for all we use, and for many we don't use. So, send every original Doodle in your noodle, with its descriptive title, to Lucky Doodle, P. O. Box 67, New York 46, N. Y.

*DROODLES, Copyright 1953 by Roger Price

Better taste Luckies... **LUCKIES TASTE BETTER**...Cleaner, Fresher, Smoother!

CAMPUS GREEK TALK

Θ Well, here it is spring time again at the Institute and pledging is well under way. The new pledges know their ABC's and all the other needed information. They all seem very accurately equipped and are quite spirited. In fact at times too spirited. One of the pledges the other day asked the wrong question. He said "Where's Kenmore." By the way "Pres." just where is it?

It seems Theta Gamma didn't do too well in the Inter-Fraternity basketball league so our sisters of Delta Omicron challenged us to a game. Our sisters came through with a victory after being outscored by a mighty Theta Gam team through most of the game. The rules were altered some to make the game a little tougher on the fellas. A few minor changes such as walking for the fellas and hands off the ball when girls had possession. It made things somewhat confusing. All was forgotten by the men but the girls will always remember that Theta Gamma went down in defeat. The score was 37-36.

Theta Gamma - would like to congratulate Delta Omicron on their wonderful scholastic average again this year. It has enabled them to obtain the scholarship plaque once more; for the 13th consecutive year.

Don,t forget Spring Weekend—It's almost here!

ΔO We are pleased that the Inter-sorority Ball turned out so well last Saturday night. We are also proud that we again won the Inter-sorority Scholastic Trophy for the 13th consecutive year.

All the girls in DO are extremely happy to have chosen Don Nagel for their candidate for Mr. Campus. This is his 4th year of outstanding activity in our brother fraternity, Theta Gamma. He is completing the topping program in the Department of Art and Design. Don hails from Pittsburgh, Penna. and has received many art honors.

The trophy for Mr. Campus and the award for his alternate will be presented at the Saturday evening dance on Spring Weekend. We feel Don Nagel is a worthy candidate for Mr. Campus and that he is well qualified for the title.

ΑΨ Here comes Spring again, and of course with the change in weather each year comes the big event. This year it is called "Disneyland" and will incorporate all the familiar Disney characters. Alpha Psi sincerely hopes that everyone will support the big school sponsored event in every way.

Things have been moving along quite rapidly for the sorority. New jackets and sweatshirts have been ordered and soon you will all be seeing those smart looking girls going through the halls.

Our part of the responsibility for the Inter-sorority formal was the decorations. It wasn't much this year, with such a beautiful room. Congratulations, council on a wonderful dance.

Good luck goes to our brothers too. Gamma Phi has a great bunch of pledges this time and we all wish them the very best. That sure was a great serenade on March 14. You are sounding better all the time.

We might add here that our candidate for Mr. Campus for Spring Weekend is Jess Maffuid and we're mighty proud of him. He is president of Gamma Phi. Just a reminder—Don't forget Spring Weekend.

ΓΦ Well, pledging is just about over, and we can all look back on the swell times we had during the past three weeks. There were times the pledges had to work and times they had just to have an all around good time. No matter what they were doing, they all put their hearts into the fraternity, and we are sure they will do the same as members. The pledges are: Mel Bushart, Jim Drew, Bill Dannan, Bob Brice, John Alsup; John Ordeveza, Bob Conover, Bill Towns, and Manny Teschner.

The fellas all went up to Buffalo last week to join the popular Goldfish Club, and Pledge Dannan joined the Salamander Club.

We don't like to make it sound like we are forcing you to go to Spring Weekend, but we are going to try to help you have the greatest time you have ever had at school. We can do that by urging you not to miss Spring Weekend. Don't miss the Friday night carnival, where you will see Gamma Phi's Spring Weekend Cinderella crowned. Will the glass slipper fit you? Come to the

Gamma Phi Booth and find out. So get your date and help to keep the ball rolling. See you there.

We received a pleasant surprise two weeks ago when Brother Jack Kaslaitis came up for the weekend. Jack is working ' in Connecticut. Most of his stay was at a place called K.G. (Wonder why?)

We would all like to bid a hearty farewell to a fine brother, and a fine ex-president, Dave Radens. Dave is leaving us to join Uncle Sam's army. We are all going to miss him and we won't forget all that he has contributed to Gamma Phi.

As you all must know by now, Sports Night is approaching rapidly, and we are all wondering if the team comprised of three all-star members of the fraternity teams will stand a chance against the varsity. We are rooting for them. It is a game you won't want to miss. The three all-star players selected from Gamma Phi were Jerry Price, Bob Sloan, and Joe Media.

ΚΣΚ A thorough study of personality and character traits preceded the decision that elected the following members as new officers of KSK: President, R. J. Spinney; Vice-president, Bill Walsh; Secretary, Joe Miller; Corresponding Secretary, D o n Mackey; Alumni Secretary, Dave Homeier; Treasurer, Barry Rice; Social Chairman, Pete Turner; Public Relations Officer, Dick Mort; Chaplain, Ed Hnilicka; Sergeant-At-Arms, Kenneth Dewhirst; Historian, George Rubert; Parliamentarian, Larry Raizman.

Pete Turner is an expert at his post. This is Pete's third year as Social Chairman and his accepting the responsibility of helping to maintain RIT's high level of social activity establishes a new record of service by a fraternity member.

Hinting about an elaborate display for the KSK booth at Spring Weekend's Carnival, Dick Mort, chairman of SW activities says: "The die is cast for a big time on Friday night." (Last year several students found our Dragnet scheme rather shocking.) For the love of Mike, Dick, don't set up a gallows this year!

ΦΥΦ Room 308 was knee-deep in flour and the succulent aromas of pizza sauce filled the dorm as Phi Up initiated its first pizza sale. Marty Galbreath can be credited with making it a huge success.

"Uncle Lou's our honey" for the Mr. Campus campaign this Spring Weekend. A Kappa Sig, Pi Club member Student Council representative, "Turtle Club member" and also a Dean's list student who can't be beat. So cast your vote for Marcel Letourneau—"Il a raison."

We would like to congratulate our brothers for a grand time we all had at "Du-Drop-Inn," and for their winning of the scholarship trophy at the much enjoyed "Waltz of the Winds."

Agnes McElhaney has been appointed corresponding secretary for this block and Mary Millison is the treasurer.

Council Notes

A topic that has come in for a great deal of discussion at recent Student Council meeting has been that regarding the present absence and tardy regulations. After discussions which were carried over a period of several weeks regarding the general consensus of opinion of the student body—as determined by the polling of students by the council representatives, it was voted upon at a recent meeting to send a list of recommendations to the Administration's Policy Committee for consideration.

These recommendations, to be forwarded to the Policy Committee through Mr. Robert Belknap, Policy Committee member and advisor to Student Council, will consist of the following specific points.

1. That there seems to be a school-wide complaint about the

use of absence slips. It was thought that possibly another system could be devised. At the present, it appears that the various departments are enforcing and interpreting the existing regulations in a variety of inconsistent ways.

2. That perhaps upperclassmen and those i n good academic standing could have less rigid restrictions and regulations regarding their absences and tardinesses.

3. That the current regulation regarding class cuts both before and immediately after a scheduled holiday seem to be rather severe. Perhaps this point should be reconsidered and re-evaluated.

As stated in the Student Council minutes, any possible changes by the Policy Committee regarding absences and tardy

the next school year.

Another recommendation as passed by the council regards the proposed campus film program. As first brought forth editorially in the last issue of the "Reporter" the idea behind the proposed program is to present top notch films to the student body at a nominal cost, as is done at many other institutions. Besides presenting an opportunity to bring back some of the better films of recent years, this economical means of entertainment would also serve as a "filler" for gaps in the school social calendar.

Student Council members voted upon and passed the recommendation that the student group which first raised interest in such a program investigate and look into the feasibility of adopting such a program here at RIT.

On Mar. 14, elections were held for a new B block secretary to Student Council. Karen Smith, retailing freshmen, was elected to fill the position vacated by the resignation of June Johnson.

Turnabout: Girls Outnumber Boys In Typography Class

The first class of art students have completed the new course in Hand Composition and Typography in the Department of Printing. This was an unusual class as far as the Printing Department w a s concerned, since the majority of the students consisted of girls-13 girls to 8 boys. The students were taught something of the mechanical aspects o f typography a n d an appreciation of the compositor's problems.

Mr. Raymond Vosburgh, the instructor, and the students agreed that the course was not long enough. The class met for a three hour laboratory session once a week. during the last quarter. "By the time the students learn the workability of type," Mr. Vosburgh commented, "the course is over and they have no chance to put their own designs into type." Expressing the sentiments felt by other students, Mollie Jo Bernstein, senior art student, thought the course should run for at least two quarters. "Before, we just heard of

the printers' problems, but now, we have a better understanding of them," she said, "however, the course is over just as we learn how to use type ". Since this was a new course it is expected that a somewhat revised and improved program will be offered to future classes.

Four Secretaries Join Tech Staff

Four new members have been recently added to the Institute's secretarial staff. One of the four has been permanently assigned to a department, and the other three are working as members of the "secretarial pool."

The new secretarial personnel consists of Miss Sylvia Kramer, Miss Janet Emmerling, M r s. Mary DiGuardi, and Mrs. Hilde Sahmel. Mrs. Sahmel's post is in the library of the Graphic Arts Research Department.

Sports Profile

BY ART BOROCK

Well, it's all over but the shouting! The Tech Wrestling and basketball teams have completed their 1954-55 seasons, and rather successfully, we might add. All of the pep rallies, dinners, bon-fires, and motorcades however, are at an end, but why?

Because, very few people realize that there are three other teams at the Institute besides the wrestlers and basketball team. How many of you, are able to na-me the captains of the baseball, fencing and tennis teams at RIT? There are such teams. If you don't believe me, ask someone who has been steadily working to capture a berth on any of these teams. They'll let you know about it.

Ask their coaches; Ray Vosburgh (baseball), Bill Toporcer (tennis), or Harold Florescue (fencing. They'll tell you about a group of hard working individuals who train just as hard as any other team, even though they don't get much of the glory as the others.

What do I mean about glory — well it's this way. When Awards Day comes around, sometime 'in May, the people who have represented RIT in intercollegiate athletic events are honored by their fellow students. They are given awards, in the form of letters, sweaters, and keys. The basketball and wrestling teams are given major awards, the others receive awards of minor significance. Seems silly, doesn't it? They work just as hard.

There are, however, a lot of silly things going on about the Institute. One of these is a rule in the Constitution of the Athletic Board of Control which states: "*no team shall be regarded as a Varsity team until it has been in existence for a period of three years, and participates in a sport which has a good spectator appeal.*"

In other words, you can go out and die for old Alma Mater, but if more than 100 people don't see you do it; it won't be recognized. You may gain championships and titles recognized throughout the nation, but because' you did it in an empty stadium or gymnasium, no mention will be made of it.

In the past year and a half, we have seen-some great athletes represent RIT on minor varsity teams. Clea Cooper and June Johnson are recognized as the top women fencers in Western New York by the Amateur Fencer League of America ; Johnny Ordoveza, a member of the RIT tennis team has competed in many Rochester City Championships; and Frank Silkman has been batting at a .500 clip for the past two years. But what have they received for their efforts?

Nothing! There has never been a pep rally for the tennis team, or a motorcade for the fencers, or a dinner in honor of the baseball team. The least that you can do is to go out and watch these various teams engage other colleges in competition. Let them feel wanted, somebody knows they're doing their best.

The fencing season is completed this week, but baseball and tennis are just starting. The home baseball games will be held at Genesee Valley Park, just a short bus ride from the steps of the Eastman Building. Where tennis will be played is still a problem, construction of the inner-loop forfeited RIT the use of the Fitzhugh St. courts. When a home court is found, the *Reporter* will make notice of it. Let's see you out there, they need your support!

RIT Places Fifth In North Atlantics

The RIT fencing team placed fifth in the 1955 North Atlantic Intercollegiate Fencing Conference, at Buffalo, Saturday, March 12.

The Tech saber team captured third place behind the blades of Captain Carl Nelson and Bob Ginsburg. The saber team compiled a total of eight wins and six losses. Nelson was victorious in five of his matches, while Ginsburg won three.

Juan Carvajal also registered five wins in foil competition. Carvajal, a freshman, lost only two matches during the event. Both being tied at 4-all before the deciding touch landed.

Bill Plunkett took four of eight in epee for the Tech swordsmen, while Norm Kay lost all of his bouts.

Buffalo University won the overall competition for the third straight year with a total of 35 points. The University of Detroit was second with 32, Syracuse and Drew University tied for third with 26 points apiece, and RIT followed with 21 points. St. Lawrence University, Lawrence Tech and Fredonia State also placed.

Coach Ray Vosburgh's baseball team carries out a fast pepper game in preparation for the forthcoming season. First game for RIT will be against UB, April 23. Moffa Photo

Barclay, Dotzler Place In 4-1 Wrestling Matches

A bruised and battered RIT wrestling team returned from the 4-I Wrestling Championships at Case Institute in Cleveland 'with only two top position holders. Jim Barclay, RIT heavyweight, captured third place and Gary Dotzler, 157-pounder, placed second best.

It was in great contrast to last year's tourney when RIT placed third overall and Dotzler and teammate Jim Modrak won championships. Dotzler, however, was suffering throughout the competition with an injured hip and Modrak withdrew from the contest because of a chipped elbow. By doing this, Modrak forfeited the trophy and championship which he won last year.

Ronnie (Rock) Roman entered the 130-pound semi-finals, but lost to Charles Goldthorp of Lockhaven College because of a rib injury which had been keeping him on the sidelines for the latter part of the season.

Barclay took third place in the heavyweight division after winning a referee's decision over Tom Crawford of Kenyon. The RIT heavyweight then wrestled Charles Williams of Waynesburg College and lost another referee's decision after drawing with Williams at 4-all.

In the process of placing second, Dotzler pinned two opponents in a row. He was pinned, however, in the finals by Pete Damone of Hofstra College.

Jim Cargnoni, wrestling in the power-laden 147 pound class, reached the semi-finals but lost to John O'Neill of Ohio. O'Neill went on to win the 147 pound championship.

Baseball Team Opens With UB; Plays Nine Games

An away game with the University of Buffalo will open the 1955 baseball season for RIT on April 23. The Tech team will play a total of nine games this year.

A new opponent has been added to the RIT schedule to replace Erie County Technical Institute. Brockport State will meet RIT twice this year. Brockport and RIT have been rivals in basketball since 1919, and it is hoped that an annual diamond series be in the offing.

Coach Ray Vosburgh has a number of returning veterans around whom he has hopes of shaping a winning ball club. Captain Frank Silkman, Dick Brouse, Toni Lipani, Mynie Nodecker, Ralph Van Peursem, Jim Allen, Jim Modrak, and Ray Swedeberg make up the returning contingent.

Veterans and freshman applicants have been meeting regularly in the Eastman gymnasium for practice sessions since the early part of the month. With the coming of Spring they will hold outdoor practice at Genesee Valley Park. All home games will take place at GVP.

Schedule:

April 23, at University of Buffalo; 30, Paul Smith's College; May 4, Potsdam State; 6, at Genesee State; 7, University of Buffalo; 14, Genesee State; 21, at Brockport State; 23, Brockport State; 28, at Fredonia State; Oneonta State tentative (no date set).

EDITORIAL

Shutterbugs Aid Reporter

At this time, with the term of office of the present editorial staff drawing to a close, the staff of the *Reporter* would like to offer a few kudos to a group of staff workers who receive relatively little credit for the job they do.

Every color photo printed in the *Reporter* represents much work and planning. For example, the photo of the Sweetheart Ball taken in the Ballroom of the Powers Hotel and printed in the Feb. 28 issue, done by Pete Turner, meant several hours of preparation in the ballroom, another 2 or 3 hours to pose the group, and two rolls of film were shot.

Joe Moffa spends several hours on each "Tech Speaks" interviewing students, shooting them, and then printing the pictures.

We single out the photographers especially, although other groups such as the art and design students also spend many hours preparing material for the *Reporter*, because they receive virtually no recognition from their own department. The art students prepare material during class hours with the active assistance of their instructor, although they receive no class credit for the ads and cartoons they design. However, the camera clickers get very little aid or guidance from the Photography Department, even though a class in photo journalism is taught.

Perhaps it would be possible next year to effect a change so that the photo journalism class will deal with *Reporter* coverage just as the special journalism class has a direct bearing on the paper. It seems to us that a wonderful opportunity to practical experience is being lost by the photography students who wish to major in photo journalism.

SW Just Around The Corner

Spring has arrived, and with it has come an onslaught of frenzied preparations for Spring Weekend, the greatest of all great weekend social events.

Outstanding activities of the weekend are the formal dance on Saturday night, the election of "Mr. Campus", games in the booths that are set up in the Eastman Building, and open house at Kate Gleason Hall. Each of the larger organizations on campus tries to have a booth set up where the people with all the money can come to spend and have a good time.

The whole affair starts on Friday, April 22, with an informal dance and the carnival. Students can sleep late on Saturday but that night brings with it the huge formal dance with one of the name bands supplying the music. Sunday all the boys will be looking forward to a dinner at Kate Gleason Hall as the girls prove their culinary artistry.

If you've been reading Margee Bennett's "Did You Know" column, you know that the huge golden memorial trophy initiated last year will have the name of the organization winning the most competitive points inscribed upon it. Also an individual trophy will be awarded that organization. It's worth working for!

At the present time, details on the Spring Weekend festivities are scarce. In the next (April 18) issue of the *Reporter*, four pages are being turned over to the Spring Weekend committee to use as they see fit. In addition we will try to fill in on details they don't cover.

We hope this will be the biggest and best Spring Weekend in the Institute's history. Let's all try to make it come true. Have fun!

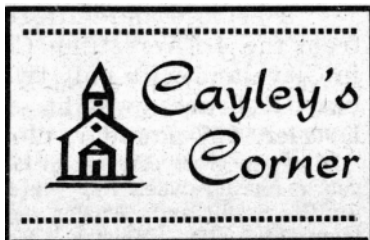

Students Unite With WUS

"Help them to help themselves." ... This slogan will be in evidence a great deal this coming week as the World University Service program here at RIT gets under way. World University Service is a channel through which the students of the world unite to help each other help themselves. Thirty-two national branches are at work in Asia, the Middle East, Western Europe, and in North America.

World University Service works without prejudice to race and nationality, religious and political conviction, and social and economic background. It encourages and supports all efforts on the part of the students, professors, and others to meet the basic needs of the universities throughout the world.

The most powerful weapon in the fight against poverty, disease, ignorance and despair—which haunt the vast populations of South Asia, Africa, and other world areas—is educated leadership. It is this advance of educated leadership that World University Service is helping to promote.

Today with the present existing world conditions and the technological and scientific developments that have made people who live half way around the world practically our next-door neighbors, the future of these people is also our future, and educated leadership is the cornerstone of the future for all people.

Take off
Circle
Land.
Take off
Circle
Land.
I watched them—
Hour after hour.
"The drudgery of it,"
One of the best pilots
Called it!
But
The same Captain
Showed me how
To put on
TWO parachutes
(fore and aft)
And open the
Emergency hatch
And get going
IN NINE SECONDS
FLAT.
Drudgery taught that
Too—!
That's necessary,
TO STAY ALIVE,
Sometimes.
Sloth kills!
Experiment
Read,—study—
write.
Experiment
Read—Study
Write.
That's
College drudgery.
But, tell me—
What did you
Come here for?
I could name
Some Sloths whose
Fall term papers
Aren't in yet!
Get Going
IN NINE SECOND
FLAT.
Sloth kills.
YOU
Can stay alive.

Chaplain M A C

Students Observe International Day

"Europe and World Peace" was the topic of discussion at Keuka's seventh annual International Day, at Keuka College, Keuka Park, New York. Foreign students from the entire area gathered on March 5-6 to hear Mr. Alan B. Horn, deputy director of the British Information Service in New York City, the principal speaker.

RIT's foreign students sent a delegation consisting of Ernest Ho-a (Hawaii); Nirmal Chand (India); Nguyen-Ngoc-Nha (Vietnam); Henry LuMeng (Philippines); all from the Department of Printing, and Shi Young Rhee (Korea) of the Electrical Department. Accompanying the group was their faculty advisor, Mr. Robert Koch.

International Day was organized to bring together foreign students from neighboring colleges for discussing problems in a friendly manner.

RIT Timetable

WEDNESDAY, APRIL 6, 1955
Easter Vacation, 5 p.m. until Tuesday, April 12, 1955, 8 a.m.

Question

What do you think would be a good name for the new RIT athletic building, and why do you feel this way?

Roy Coggin. . .

Photo Freshman

RIT Palestra. Because that means a place where wrestling and other sports events are held and viewed.

Beverly Dickenson . . .

Commerce Freshman

RIT Field House. It would be a good name because it soon will be the center of all athletic and social events held at the Institute.

George Nan . . .

Photo Freshman

RIT Sports Arena. Because a lot more emphasis will be placed on sports than any other activity after the building is erected.

Laura Cass . . .

Commerce Freshman

Clark-Shumway Memorial. I think this would be the most appropriate because it was through their aid that our gym and skating rink is a reality.

Keeping Up With Institute Alumni

Where They Are — What They're Doing

CLASS OF 1936
Friends of Jerold L. Welch (Mech) will be interested to learn that he is now with General Electric Corp. as an Equipment Consulting Engineer for their 135 plants on automation. He plans on attending the Alumni Banquet this year and is looking forward to meeting many of his former classmates. His address is: Grafton St., Shrewsbury, Mass.

CLASS OF 1949
George Paraghamian (Ph) '49 is with the Weston Electric Instrument Company and writes that he has a four month old son, and is already "grooming" him for RIT.

CLASS OF 1950
Douglas P. Kehler (Elec) has recently written the Electrical Department. Douglas is now working as an electrical draftsman with the Goodyear Aircraft Corporation in Akron, Ohio. His address is: V2 West State Street, Akron, Ohio.

Mary Ellen Spaulding, (Ret), wife of John J. Murray, writes that son, John J. III was born just in time to greet the New Year. Sue Ellen, two years old, is just as thrilled with her new brother as the parents are. They have just bought a new home at 34 Deumont Terrace, Kenmore, New York.

CLASS OF 1951
Jerry Kermin (Ph) '51 is now the Technical Director for the Picot Studios in Brooklyn, N. Y.

CLASS OF 1952
PFC Donald E. Logan, (Pr '52) son of Mr. and Mrs. Edward A. Logan, 109 Surrey Lane, Tenafl, N. J., was recently graduated from the 2d Armored Division's Non-Commissioned Officer Acad-

emy in Germany.
An assistant mortar gunner in Company B of the division's 43d Armored Infantry Battalion, he received instruction in leadership of units, map reading and other military subjects.

Doris A. Seebold, (Ret), informs the "Reporter" that she is now Mrs. Robert E. Anderson, and that they have a daughter, Karen Jean, born November 1, 1954. The family's address is 101 Walbar St., Rochester, N. Y.

Ronald W. Holzman (Ph) '52 visited the Institute's Department of Photography March 1 to see old friends. After graduation, he was employed by the Eastman Kodak Company in the photographic testing department. He later went on active duty with the Army in Oklahoma as a Signal Corp Photo Technician and was discharged Feb. 9. He expects to return to Kodak and continue photographic work there.

CLASS OF 1953
Bill Kroll (Ph) '53 has recently returned from Lakeland, Florida where he was working for **Dick Phillips** (Ph) '48. Bill has accepted a job in the Photographic section of Cornell University.

Donald Bujnowski, (SAC '53) 6 Robbins Ct., Norwich, Conn., recently was promoted to corporal while serving with the 7th Infantry Division in Korea.

Men of the "Bayonet" division, the only U. S. Army division now in Korea, are engaged in a comprehensive training program, including realistic field problems and maneuvers.

Bujnowski, a distribution clerk with the 17th Regiment's Headquarters Company, entered the Army in November 1953 and arrived overseas last May.

Fencers Split Matches With Orange, Lorries

RIT's fencing team wound up its season with three wins and six losses, whipping St. Lawrence University, 18-9, and losing to Syracuse University, 12-15, in a triangular meet held Saturday, March 18.

Against St. Lawrence, RIT won all the events, foil 7-2, epee 5-4, and saber 5-4. RIT dropped foil 3-6, epee 4-5, but won saber 5-4 against Syracuse.

Juan Carvajal was high man for RIT., winning six matches and suffering no defeats in foil competition. Bob Ginsburg compiled a 5-1 record in saber, and captain Carl Nelson went 4-2 in saber.

The match was the last of the year for RIT who have beaten Fredonia State twice and Syracuse once. The Tech team has been beaten by the University of Buffalo, University of Detroit, Case Institute and once by Syracuse. They placed fifth in the North Atlantic Intercollegiate Fencing Conference.

Women Beat St. Lawrence
While the men split their two matches, the RIT Women's team beat St. Lawrence 11-5. Captains Clea Cooper and June Johnson making their last appearance on the strip for RIT, took all of their matches compiling a 4-0 record each.

This win extended the Tech winning string to seven consecutive matches. The Women's team has registered victories over Fre-

donia State, Buffalo State, Elmira College, and St. Lawrence.

The next event for the women will be participation in the Inter-collegiate Women's Fencing Association Tournament. The defending champions are Elmira College. RIT has beaten Elmira twice, 12-4 and 15-1, and is regarded as a top contender for the 1955 title. The championships will take place in Rutherford, New Jersey, in the latter part of April.

C C NY President

(Continued from Page 2)
This method of contributing, as adopted in previous years, is again being employed in that it seems to be a fairly painless way of contributing to an outstanding humanitarian organization.

Prior to his election to the presidency of City College of New York in June 1952, Dr. Gallagher's career had embraced several fields. His educational career, which began in 1925 with the teaching of economics at Doane -College in Crete, Nebraska, has embraced two years of active service as a Congregational minister, ten years as president of a Southern college for Negroes—Talladega in Alabama five years as a professor of Christian ethics at the Pacific School of Religion in Berkeley, California, and three years in Federal educational posts.

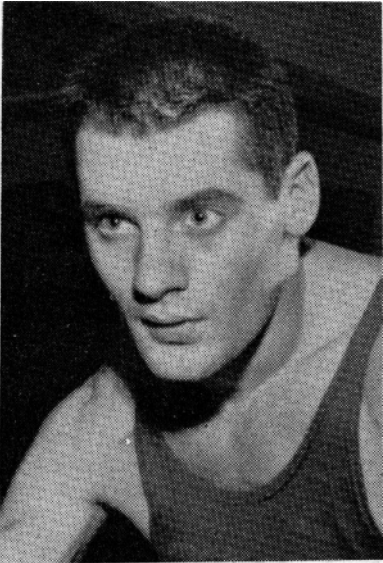

On behalf of WUS, Dr. Gallagher spent several months during the summer of 1953 visiting India, Pakistan, Turkey, Greece and Italy.

Members of the Civic Activities Committee who have worked with Mrs. Hope Miller in planning this World University Service observance have been Bette Bassett, committee chairman, Rod Brower, Jean Hancock, June Johnson, a n d Arthur Richards.

Dotzler,Modrak Cop Niagara AAU Wrestling Crowns

Two RIT wrestlers won championships in the Niagara District AAU Tournament, as Jim Modrak and Gary Dotzler placed first in the 145 and 155-pound classes, Saturday, Mar. 18.

Dotzler successfully defended his 155-pound title, decisioning Burt Berger of the Hamburg Ath-

Gary Dotzler

letic Club, in a narrow margin • 3-2 match. Last year, Dotzler also won the title on a close decision. This was his last collegiate competition, he is graduating in May.

Modrak, undefeated in collegiate or amateur competition since entering RIT, had no trouble in either the qualifying or preliminary matches. In the finals he decided defending champion Gene Hiller of the Buffalo Jewish Center, 3-2.

Ed Grain, a heavyweight from the Rochester area, also brought back a trophy to the Flower City by winning the heavyweight title. Grain works out and practices with the RIT team when he is not working.

Alumni Fund Contributors

Names of donors to the Greater Alumni Fund "Cornerstone Campaign" will appear in each issue of the "Reporter" for the duration of the campaign.

Key to the departmental names follows: Applied Art (Art); Architectural (Arch); Chemistry (Chem); Commerce (Com); Construction Supervision (CS); Domestic Art (DA); Electrical (Elec); Evening School (ES); Food Administration (FA); Home Economics (HE); Lunch Room Management (LMT); Mechanical (Mech); Normal Industrial Training (NIA); Normal Manual Training (NMT); Printing (Pr); Photography (Ph); Retailing (Ret); School for American Craftsmen (SAC); Staff and Faculty of Day and Evening (St).

NEWS SPOTS

Motorcade a Success

The man behind the very successful pep rally and motorcade in which about 50 cars participated on March 10, was Wes Kujawski, president of the 'B' block Mechanical Student Association. Other officers of the association were Richard Carlson, vice-president; John Dowd, secretary; and Loren Wetzel, treasurer.

Foreign Secretary

Added to the Institute's secretarial staff March 14 is Mrs. Hilde Sahmel who is now in charge of the library at the Graphic Arts Research Dept.

Mrs. Sahmel is originally from Germany and came to America in June 1953 with her husband and three boys.

Cayley Speaks

The Rev. Murray A. Cayley, RIT Chaplain, recently spent five days at Stalling Air Force Base, North Carolina, delivering a series of lectures to Air Force instruction personnel and enlisted men. The Air Force sent a special plane on March 6 to pick up Mr. Cayley. A World War I Air

Force pilot himself, Mr. Cayley piloted the plane on part of the return flight on March 10.

Although attendance to these lectures on philosophy of life, morals, and religion, was voluntary, the Chapel was filled each time he lectured.

The Commanding Officer of the Air Base sent a letter to Mr. Cayley again inviting him for another lecture series next year. That will be the third year the Air Force men will have heard the RIT Chaplain.

RAC Guest of Hillel

The next Dinner of the Religious Activities Council is tentatively scheduled for Sunday, April 3. Hillel members, acting as hosts to the Council will provide the program and prepared a kosher-style meal for the occasion.

Hillel Active

Hillel local organizations have held three events recently, all at U of R's Cutler Union. On the evening of March 6 RIT Hillel and Hillel groups from other schools in the area assembled for a party to celebrate the Jewish festival, Purim. A talk on the present tensions in the Middle East was given on March 13, and a Sabbath Service was held on Friday, March 18.

CC NY Prexy Lunch Guest

A luncheon, honoring Dr. Buell G. Gallagher, president of City College of New York, will be held Thursday, noon, March 30th, by RIT President, Dr. Mark Ellingson. The luncheon, scheduled for the Henry Lomb Room in the Eastman Building, will be held just prior to the all-school assembly at which Dr. Gallagher will be the principal speaker.

Those attending the luncheon will include faculty and administration officials, student members of the Civic Activities Committee, and invited faculty and student representatives from local area colleges.

The invited guests from local institutions will be representatives of the World University Service organizations on both the Men's and Women's campus of the University of Rochester, as well as from St. John Fisher College, Roberts Wesleyan College, and Nazareth College.

Dr. Gallagher is making a special trip to RIT to speak on behalf of World University Service, an international organization devoted to co-operation and intellectual understanding among college students from all over the world.

Reporter Photographers

(Continued from Page 2)

active illustration courses, and affiliated with KSK, the Camera Club, and "Techmila."

Joe Moffa, the inquisitive (or is it inquiring?) reporter whose main job is the compilation of Tech Speaks is a photo student from Dansbury, Conn., who got his start in photography from a "bug" who sat next to him in his high school history class. He has done work for "Techmila" and is a member of the Camera Club.

Among the occasional contributors, whose photos are appreciated just as much as those of the "regulars," are Barbi Brill, Don Kuhn, Norman Kerr, and Jordan Freeman. Perhaps they will become more active as they see more of their pictures in print. We hope so!
