THE WINNERS!—Individual and team champions from the Invitational Debate Tourney held at RIT on Nov. 3 include (l. to r.) Guy Pilato, St. John Fisher; four members of the winning Cortland State team, and Pat Hunter, Houghton College. (Roske Photo)

'Reporter' Wins First-Class Rating In ACP Survey

Scoring "excellent" in eight categories, the "Reporter" has been awarded a first-class honor rating in the 55th All-American Critical Survey sponsored by the Associated Collegiate Press for the second semester of 1955-56.

The "Reporter" was one of only five collegiate newspapers in its class (bi-weekly, 1000 plus enrollment) to receive this rating.

A first-class rating, which was announced last spring, was also received by the "Reporter" for issues published during the first semester of 1955-56.

Excellent rating scores were given for editorials and editorial page features, front page make-up, headline schedule, and treatment of copy (with respect to news value, completeness of detail, and placement in the paper).

Printing, typography, and photography also received excellent scores in the opinion of the judges.

A total of 395 papers were entered in the judging in all categories with 123 receiving first-class honor ratings.

Finley Resigns As Council Veep

Kay Finley (Chem 2), "A" block Student Council vice-president, resigned from his position as of Nov. 6.

In a letter to Robert Ball, Council president, Finley listed personal reasons as necessitating his resignation. Finley was elected at the last Council meeting in May 1956.

Dick Nally (Pr 2), currently serving as the "B" block vice-president, will assume full time duties of the vice-presidential position.

Cortland State Debaters Capture Tournament Trophy

Cortland State Teachers College debaters, with an impressive record of 6-0, captured the first place rotating trophy in the Invitational Debate Tournament at RIT on Nov. 3.

Squads from Colgate University, Houghton, Hobart, and St. John Fisher Colleges all were tied for second honors. Other participating teams in the event, held under the auspices of the Western New York Forensic League, came from the University of Buffalo, LeMoyne College, Syracuse School of Forestry, Geneseo and Fredonia State Teachers Colleges, Utica College, and RIT.

Patricia Hunter, a Houghton freshman, who astonished fellow debaters in her first college debate, was awarded a plaque as the best negative speaker. Guy Pilato, from St. John Fisher, won the plaque for the best affirmative speaker.

RIT's squad with Richard Carlson and Carlton Huskey, affirmative; Charles Botsford and John

A&D Dept. Assumes Bulletin Board Control

Announcement has been made of a change in supervision of the main bulletin board in the Eastman building on the west side of the corridor.

Students or student groups wishing to utilize this board should contact Mrs. Thomas O'Connell, part-time instructor in the Art & Design Department. In the past, the library staff has had supervision of this board.

Donelda Choate Harvest Queen

HER MAJESTY—The honor of crowning Harvest Festival Queen Donelda Choate fell to Debby Chambers, last year's queen, as Pat Hutt, one of the two alternates, looks on. (Cherak Photo)

Crowning of Donelda Choate as queen of Gamma Phi fraternity's Harvest Festival highlighted the Harvest Moon Ball held Saturday, Nov. 10, in the Ritter-Clark Memorial building.

Kate Gleason Hall's candidate, Miss Choate was crowned by Deborah Chambers, last year's Harvest Queen. "Donni" as she is known to her friends, is a second-year student in the Department of Art and Design.

"I was surprised and stunned," she said when asked her reaction when it was announced that she was queen. "I've always wondered how it felt to be queen,

but it really isn't any different," Miss Choate added.

A member of Phi Upsilon Phi sorority, Miss Choate is also on the fencing team and belongs to the Art Students' League. Her home town is Lancaster, N.Y.

Attendants to the queen were Patricia Hutt (Corn 2) and Roberta Masseur (Ret 3). Miss Hutt was Theta Gamma fraternity's candidate, and Miss Masseur represented Delta Omicron sorority.

Couples at the Harvest Moon Ball danced to the music of Syl Novelli and his orchestra under a ceiling of deep blue and black streamers. A harvest moon, pumpkins and corn stalks completed the decorations.

Mr. and Mrs. Thomas O'Brien and Mr. and Mrs. Joseph McGurn served as chaperones. Gordon Price was chairman of the dance.

Opening Harvest Festival activities on Friday, Nov. 9, was the Harvest Square Dance held at Elser's Barn. Members of Gamma Phi presented a floor show as entertainment at the square dance. Candidates for Harvest Queen were introduced at that time.

The Harvest Jazz Festival completed festivities for the weekend. Held at the Golden Grill, it featured the Ramblers, well known for their Dixieland style.

Carabinieri Band CMA Attraction

One of the world's greatest musical organizations of its kind—the famous Carabinieri Band of Rome—will appear in the War Memorial Auditorium on Monday evening, Nov. 19, as a "special" attraction of the Rochester Civic Music Association.

The Band has a glamorous and unique history. It consists of 102 actual players, recruited from among the best in Italy as a result of severe elimination contests.

Currently on its first tour of the United States, the famous Band has played in most of the leading capitals of Europe.

Tickets for the concert are now available at the Eastman Theatre box office. Prices range from \$1.00 for unreserved seats to \$2.00 and \$3.00 for reserved seats.

Editorial

In Solemn Passing

Let this editorial serve as the epitaph of the dying student interest on the campus of RIT.

Throughout this quarter, shouts of apathy and plans to defeat it have been echoing through the portals of the Institute. Yet this dread disease still flourishes on the "concrete campus." We have only to reflect on recent happenings to see its pock marks.

A referendum on a question that has been a prominent student issue for years was presented to the student body. Only 653 students took the time to express their feelings on this issue. Yet on the question of national elections, running on the same voting machine, 691 persons voted.

In conjunction with this same referendum, a debate by opposing factions was held in the Snack Bar. While the discussion was going on, we noted that several groups of students did not have the common courtesy, let alone display enough interest, to curtail their card games while the speakers were expressing their views. Does RIT really have the much publicized, higher caliber type of student so often claimed?

In electing Student Council representatives, it was noted that in one department, only one vote was cast to elect a person to represent 24 members of the class! We question the student body as to whether this is not a step toward chaotic anarchy in student government?

Immediately after our return from the summer vacation, we found ourselves with a social or "beer" ban. This gave rise to immediate shouts of indignation from the students. Two weeks later, all was quiet again save the slow workings of the Inter-org Council. Slowly the social program has begun to disintegrate into a straight diet of closed events.

We wonder if campus organizations are too passive to meet this problem and produce a bold new social program?

Recently, at four announced times, student activity cards were distributed. Of those eligible, 297 failed to pick them—and these were not freshmen lacking knowledge of procedure, but upperclassmen! Still another example—attendance of members of the student body at a recent Masquer's Guild production was less than three hundred.

Perhaps the student body would rather see the cessation of all activities save those with an abundance of beer and Presley?

Many galleys of type could be expanded citing the scars of this apathy and plans for redevelopment. All would be ineffective until YOU, the students, attack this problem. The problem is YOURS, directly affects you, and most of all only YOU can solve it.—PCH.

Purchasing Agent Named

Mr. Robert H. Tollerton, former senior buyer for the Bendix Aviation Corporation in Utica, joined the RIT staff as purchasing agent on Monday, Nov. 5.

The new position was created by the separation of purchasing

agent duties from the office of bookstore manager. Miss Margaret Vetter has served in both capacities for a number of years. She will continue as manager of the bookstore.

Mr. Tollerton is an Army veteran and attended Hamilton and Utica Colleges. He is married and has two young daughters. Before his association with the Bendix Corporation, he was employed as a teller at the United National Bank and Trust Company in Utica, N.Y.

At present, Mr. Tollerton will have his office in the bookstore where Miss Vetter will assist him temporarily with his new duties.

Vacation Offers Time For Exam Preparation

Suitcases snap shut with much pushing and pulling and sitting-on-the-top to make them close as students pack to go home for Thanksgiving vacation next week.

And inside each suitcase will be hooks, hooks, books—heavy, midnight-oil-burning hooks that have another purpose besides impressing the folks at home. With the Fall Quarter finals beginning the day after students arrive back from Thanksgiving vacation, there will be much exam cramming during that weekend.

Newman Club Advisor Transferred to Ithaca

Farewells are invariably sad occasions, accompanied by the memories of shared experiences and moments of wondering what the future will bring. Such was the farewell to Father Zimmer a few weeks ago . . .

Rev. Edward Zimmer, chaplain of the Newman Club on campus, left RIT on Tuesday, Oct. 30, for his new parish in Ithaca, N.Y. He had just been assigned to the Immaculate Conception Church—a familiar-sounding parish, since he had been a pastor for almost eight years at the Immaculate Conception Church here in Rochester.

Father Zimmer became chaplain of the Newman Club in September, 1955. At that time this organization was composed

of a handful of members, while today Newman Club boasts a membership of over 200 students. Most of the students said their farewells to Father Zimmer on the Sunday before he left, Oct. 28. A communion breakfast that

morning in Immaculate Hall was attended by well over 100 students, while even more than that number were at the Newman Initiation that evening in E-125. Both affairs were highlighted by the farewell messages of Father Zimmer.

"Father Zimmer will long be remembered at RIT—just as we will remember his Monday evening speeches and the bull sessions in the student lounge, his cheery hello and his Jim Farley-ish faculty for remembering names, his little red appointment book—with a page in this book and time for everyone. Father Zimmer will long be remembered at RIT . . ." stated a member of the Newman Club.

Local Hillel Organizations Sponsor Dance

A "Hanukah" dance to be held on Sunday, Nov. 18 is one of the activities scheduled by the Hillel Club of RIT.

The dance, sponsored jointly by the RIT and University of Rochester Hillel groups, will be held from 8:30 to 12:00 p. m. on Nov. 18. The affair will be held in Todd Union on the River Campus. B'nai B'rith lodges and chapters in the Rochester area will serve refreshments.

Hillel members have also been

invited to services at the B'nai Israel Synagogue tonight. They will conduct a panel discussion following the services.

Harold Goodman, Hillel publicity chairman, spoke on "The Torah" at services held by the group on Friday, Nov. 2. The meeting was held in Clark Union.

"America is too respected, too great a nation not to adopt a policy against Egyptian tyranny." This was the opinion expressed by Yehuda Hellman at the Hillel cultural meeting held in the Bevier Exhibition Lounge on Nov. 1.

Mr. Hellman is an Israeli foreign correspondent who has been covering the United Nations for the past several years. The causes of the present situation in the Middle East and a call for action to defend the rights of the Israelis were set forth by Mr. Hellman.

Justin I. Vigdor also spoke on behalf of the United Jewish Appeal. The purpose of the appeal was defined as helping Jewry throughout the world to be free from tyranny and find homes. A movie entitled "Nobody Runs Away" was shown in connection with the drive.

New Equipment Added

Several equipment additions have recently been made to the Electrical Department laboratories. A gift of new electronic computers from the International Business Machine Corp., and a high speed osiloscope for the electronics laboratory are among the additions.

Question: What's funny, honey? Answer:

Sticklers!

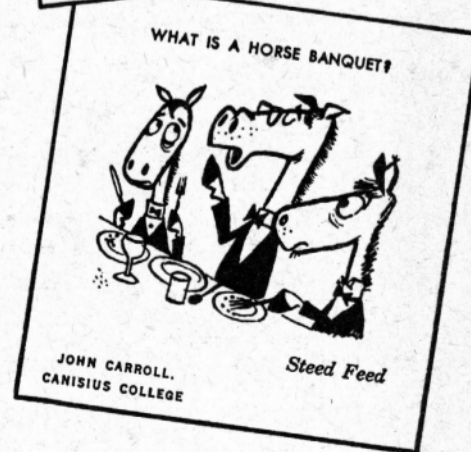

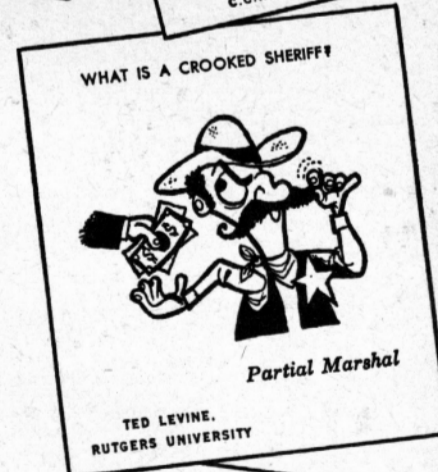

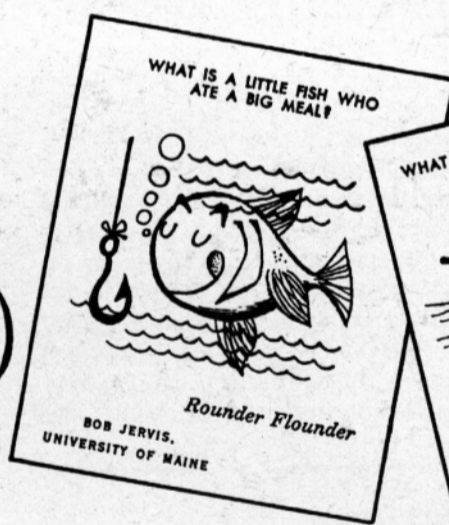

IF YOU'RE A SMOKER who's never tried a smoke ring, get in there and start puffing. While you're at it, remember: Lucky smoke rings come from fine tobacco. This makes no difference to the smoke ring, but it does to you. You see, fine tobacco means good taste, and Luckies' fine, naturally good-tasting tobacco is TOASTED to taste even better. So make your next cigarette a Lucky, and call your first smoke ring a Proud Cloud.

STUCK FOR DOUGH?
START STICKLING!
MAKE \$25

We'll pay \$25 for every Stickler we print—and for hundreds more that never get used! So start Stickling—they're so easy you can think of dozens in seconds! Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send 'em all with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

Roodman Granted Two Scholarships

Carl Roodman, (Photo 3) recently was granted two scholarships to aid him in completing the creative illustration program.

The Sophie Auerbach Scholarship for \$800, named for the woman whose funds are financing the grant, was awarded to Roodman by its administrator, the Cleveland Foundation.

He received a second scholarship for \$600 from the Photographers' Association of America.

After college, Roodman hopes to be a photography instructor on the college level. Asked why he prefers the teaching profession, he explained that he enjoys working with people and desires to help advance their welfare. Education is his means of attaining that goal.

Staffer Designs Colorful Cover

Highlighting this Thanksgiving issue of the "Reporter" is the front page color cover designed by Neva Hansen (A&D), co-art editor of the "Reporter."

Symbolic of the transition between the fall and winter seasons, the clean-cut design serves as a reminder of the pleasant "indian summer" days just passed while simultaneously heralding the approach of "old man winter."

Other color photographs appearing in this issue were produced by the three-color process.

Stop, Think, Be Thankful

The RIT student is generally too busy to stop for a few moments and think of anything else but his studies. Or he may be too busy griping about exams, high tuition fees, lack of sleep, the world situation, and what have you.

It is a wonderful thing to have "a day set apart each year for thanksgiving and praise to God" (—Webster's). Next Thursday will be the traditional Thanksgiving Day and the occasion will be appropriately observed throughout the land.

College students should be no less thankful than people of other ages for the many blessings of which they are the beneficiary. But let's face it, our immediate thanks till be for the all too brief respite from classrooms and schedules to spend a few enjoyable days with our families. The more serious aspects, however, should not be forgotten.

We should be grateful, even though some of us may be disappointed at the outcome, that we just had peaceful and democratic national elections. Many countries do not enjoy this privilege. We should be grateful that this country is not fighting any wars even though fighting goes on both in Europe and the Middle East. We should be thankful that our festive tables can be loaded with turkey or with whatever else our hearts desire. Millions of people in many parts of the world cannot have these luxuries.

Let us stop and think and be thankful ; let us praise God. And one final word from the "Reporter" staff : Happy Thanksgiving to all.—AMB.

What RIT Needs is a Good Pep Song

As perhaps some of the "oldtimers" around the Institute will remember, about two years ago plans for a pep song contest were initiated as one of the mainstays of an attempted rejuvenation of school spirit. The eventual outcome of such a contest appears to have been a casualty of "student apathy" that existed at that time also.

We do not know of the results of the contest ourselves; nor does it appear that the contest ever produced any tangible results. In any event RIT is without a good pep song at present.

But what about remedying the situation? Why not start a move toward obtaining a "good, rip-roaring" pep song?

We feel that such a venture would provide a bit of added sparkle at basketball games, would give additional impetus to "school spirit," and just might (although we are quite skeptical on this point) inject a little stimulus into a student body that at present is as devoid of interest and enthusiasm at student happenings as any group could possibly be.

As we remember it, the contest of two years ago was handled by some Student Council committee. Perhaps that group could again take the initial action in attempting to rectify this "song-less" situation. Perhaps an interested campus organization might undertake such a project ; or maybe there is some talented individual here at the Institute who could write the words and music for such a song.

goes without saying that some form of pep song would be a welcome addition to the campus scene. Whatever the outcome we offer the suggestion for what it's worth.—RGB.

Campus Comments

Zimmer's Transfer Shocks Friends; Other News Bits

The news that Father Edward Zimmer was transferred to Ithaca came as a real shock to everyone at the Institute who knew him.

Father Zimmer, who recently claimed RIT as his "second home," was advisor to the Newman Club and RAA chaplain in the absence of the Rev. Murray Cayley. In the few months that he was here he gained the respect and affection not only of Newman Club members but also that of the Jewish and Protestant students. Under his guidance Newman Club membership and participation grew to a record high. He was a familiar figure at many school functions, always smiling, always remembering everyone's first name.

When we asked a Newman Club member who was going to replace the young priest, he answered "no one can replace him." This is a fine tribute and this is how we, who know Father Zimmer, feel about him. We feel that the school suffered a great loss and we hope he will return to us soon.

Taxation without representation. With the election of Bob Ball to the Student Council presidency, Jack Tierney reminds us that his class—Printing 3—is

(Continued on Page 7)

'Reporter' Holds Election Party

The success of any event is usually the result of a lot of hard work and effort put forth by a large group rather than just a few. And the Election Night Party held Nov. 6 in the Snack Bar was no exception.

Although sponsored by the "Reporter" a great many others outside of the staff contributed time and effort to make the event the success that it was.

Co-chairmen for the election eve festivities were "Reporter" staffers Don Lenhard and Dan Miller (both Pr 2). M.C.'s Jerry Uelsmann (Photo 4) and Bob Ball (Pr 3) filled in the gaps between election returns with a variety of shenanigans.

Acting as "keepers of the boards" were Judy Gleason (Ret 2), John Beusch (Mech 1), Sy Wildhorn (Pr 2), and Frank Lang (Pr 2). Assisting with the art work was Dave Homier (Pr 4).

Campaign material and posters supplied by Don Fredette (SAC 3); music by the RIT Band; publicity announcements by Paul Hassenplug (Pr 2) and Matthew Bernius (Pr 2); and a PA system engineered by Sal Schifano (Elec 31 all added to the "atmosphere" prevailing during the evening.

Late privileges for the KG girls were the result of efforts of Connie DeCamp (Ret 3) and the women's dorm council. Mr. Robert Belknap assisted immeasurably in helping to make general arrangements for the event.

Chaperones Mr. and Mrs. Bernard Sternsher (GE), Mr. James Philbin (GE), Mr. Joseph Grassi (GE), and Mr. Robert Eiselen (Pr) all added their support to the success of the evening.

To all of the above, a very sincere thanks from the "Reporter" staff for contributing to another eventful "first" here at the Institute.

Tech Talk

QUESTION

Reporter-Photographer — Robert Brown

What is the greatest problem that you and your husband face during this period of time when he is gaining an education at RIT? (Asked of wives living in Institute apartments at 9 Backus Street.)

Left to right- Mrs. Donn McDonald, Mrs. Earl Jones, Mrs. Sid Jacobs and Mrs. Jack Dissman.

Mrs. Donn McDonald . . .

"Living in a small one room apartment is probably my greatest problem—I'm a female and consequently not 'silent' which makes good studying conditions Donn's greatest problem as I see it."

Mrs. Jack Dissman . . .

"There doesn't seem to be 'one' great problem, just a series of adjustments to make. For example, adjusting to the idea of becoming parents. Then we had a housing problem but that was solved when we moved to 9 Backus. Now since our son is walking and getting into mischief, after Jack has had some time

playing with him, I have to get him out of the apartment so Jack can study. In fact another small problem is keeping quiet myself while Jack is studying."

Mrs. Earl (Nick) Jones . . .

"The greatest problem that my husband and I have while he is gaining an education and trying to keep a family with two small children and another on the way is finances. It seems that whenever we are getting caught up with finances, one of the children gets sick or some other bills come in."

Mrs. Sid Jacobs . . .

"About the only problem we have is not being able to spend enough time together, especially on Sundays. Most Sundays are spent with Sid studying and the baby and I taking a walk, instead of it being a family day."

Cayley's Corner

(Editor's Note: At press time, Chaplain Murray Cayley was still in the Far East touring U.S. Air Force installations. This column was written by Rabbi Joel Dobin, Hillel Advisor).

Mrs. Kenneth Josephson . . .

"While my husband is attending school,—money or the lack of it—is about the greatest problem we have. Next would be a lack of time to do extra activities we enjoy. Being a photographer, much of his time is spent working on projects, leaving little time for other activities.

New Members Feted By GET Fraternity

Twenty-two new members were initiated into Gamma Epsilon Tau, national printing honorary fraternity, in ceremonies held at the group's initiation banquet at the Spring House, Oct. 27.

Initiation ceremonies were conducted by the fraternity's president Raymond Hites (Pr 4), assisted by the other officers. In welcoming the new initiates, Hites charged each with the responsibility of forging new paths in the graphic arts field.

"Engineering the Modern Magazine" was the subject of a slide illustrated speech presented by

Five Attend ACP Meeting

Four "Reporter" staff members and the publication's advisor attended the annual Associated Collegiate Press convention last weekend, Nov. 8-10, in Cleveland, Ohio.

During the weekend conference, delegates attended a series of panel discussions, meetings, and general assemblies devoted to the various aspects of producing collegiate publications.

Conference meetings were scheduled for editorial and business staffs of both college newspapers and yearbooks.

Those attending included: Mr. Hector Sutherland, "Reporter" faculty advisor; Rod Brower, editor; Mike Blobstein, associate editor; Paul Hassenplug, news editor; and Daniel Miller, business manager.

Downward Trend Noted In Parking Violations

There has been a noticeable decrease in the number of illegally parked cars on Institute property according to information received from the building and grounds department.

This recent drop has been attributed to stickers that are placed on the windshield of all illegally parked cars by building and grounds personnel.

The stickers read: "This lot is reserved for RIT faculty and staff only. If your car is found here again, it will be necessary to notify the proper authorities."

Major portion of offenders appear to be students who park their cars in the lot across from the Clark building while attending classes for a few hours duration.

Photo Students Prepare Exhibit

A group of ambitious fourth-year Photography students under the direction of Mr. Charles Arnold has undertaken a self-elected project designed to acquaint them with the photographic possibilities available in a small community.

Using the residents and landmarks of the town of Geneseo, N.Y., they will assemble a show from the photographs they make and exhibit the results in both Geneseo and Rochester. There is also a possibility that the collection of photographs will be shown elsewhere as evidenced by the student's success in capturing the essence of small-town life.

Mr. David C. House, of Time-Life, Inc. He was assisted by Mr. Albert Serafin. Both are associated with the Time, Inc. research laboratories at Springdale, Conn.

To be eligible for membership in GET, prospective members must obtain a cumulative 3.0 grade-point average. The local Zeta chapter is in its second year of existence having been formed in the fall of 1955.

New members, all second-year Printing students, include: Edward Baucum, Matthew Bernius, Howard Bliss, Robert Brown, Richard Bult, James Calista, Gerald Clark, and Eugene Glenn.

Also, Paul Hassenplug, Paul Kiengle Jr., Eli Kupitz, Donald Lenhard, Willard MacCalla, Dan Miller, Richard Nally, and Charles Northam.

Also, Robert Pazda, John Pollard, Richard Smith, George Snyder, Lloyd Vela, and Donald Volk.

CAMPUS GREEK TALK

OT The brothers of Sigma Theta Gamma are proud to announce that three brothers have recently been pinned. Dick Carlson, Phil Duell, and Bob Lurz are the men who have made the big step. The rushing period started off

in fine style this year with a smoker held in the Presidential Room of the Hotel Rochester on Monday, Oct. 22. Also, another informal get together was held in the Eastman Assembly Hall on Wednesday, Oct. 29. Attendance was tremendous at both meetings.

We wish to congratulate the brothers of Gamma Phi on the fine Harvest Festival which they presented last weekend. Congratulations also are in order for the Queen of the Harvest Festival. May she reign in beauty and charm during the coming year.

All the brothers join in wishing everyone a very happy Thanksgiving holiday.

AO The sisters express their appreciation to the brothers of Gamma Phi on their wonderful "Harvest Weekend." Everyone had a good time, and we're glad it was a success.

Upper-class pledging has come and gone once again. B-Block pledges welcomed into the folds

of Delta Omicron are Mary Gayley and Anne Guentner.

Best wishes go along to our sisters who were recently pinned: Nancy Kennedy to Dick Carlson; and Fran Ingersoll to Bob Lurz.

The sisters wish to extend their best wishes to all the students and staff of the Institute for a very happy Thanksgiving.

GF The brothers of Gamma Phi want to take this opportunity to express their deepest thanks to everyone for a big turnout at Harvest Festival events. We are sure that all who attended had a grand time.

Congratulations are extended to Donelda Choate who was elected Queen of the Harvest Festival at the Saturday evening dance. She certainly makes a good queen as all will agree.

Happy Birthday wishes from all the brothers to BUCKY Hoefler, Tom Kasprzyk, Rodger Ellsworth, and Dick Frank.

Local Red Cross Group Seeks Entertainers

Bobbie Masseur (Ret 3), RIT representative to the local Collegiate Red Cross Council, has announced that students with a flair for entertaining are needed for programs to be presented at convalescent homes and Rochester area hospitals.

Total time required of students participating in the entertainment program will be about two hours sometime during the year. Interested students are requested to fill out information blanks that are available for this purpose in Clark Union.

BEAUTIES ALL—But, of course, only one can reign as Harvest Moon Queen. Campus dolls were nominated by various organizations for this honor. Candidates and sponsors are: Roxanne Peterson (Men's

Dorm), Donnie Choate (Women's Dorm), Bobbie Masseur (Delta Omicron), Jan Carlson (Phi Up), Celia Morganberger (Alpha Psi), Marilyn Kita (KSK), Pat Hutt (Theta Gamma). (Tornberg Photo)

SIDELINES

by Richard B. Bult

Team Ready for Brockport

The most current question in the minds of all RIT sports enthusiasts is, "How does the team look?" Many times your editor has been asked this by not only the students, but in some cases, by people from outside of the school as well. Since this is the last issue of the "Reporter" prior to the opening game, we will devote some space to an assessment of the team.

To be quite honest, at the beginning of the fall workouts there was some concern among the basketball players as to their capabilities without the return of the "golden arm" of Ken Hale, and this concern was enough to necessitate an open letter to the team which appeared in this column. As time passed, this apathetic feeling increase instead of lessened and reflected in the attitudes of several of the key players. They had the feeling that they were going no-place fast and that even Brockport was going to be a stumbling block. The offense was not clicking, plays were not being developed, rebounding potential was lacking, and the defense looked anything but good. The first scrimmage against the freshman team was indicative of nothing, although the varsity had little trouble in running over the younger, inexperienced team.

Then came the scrimmage with Stromberg-Carlson, led by Ken Hale. During the first half the Stromberg zone defense stopped the Tigers cold while Hale, in the meantime pumped in points from all sides—reminiscent of his finest days at RIT. However, during the second half, the Tigers became disgusted with themselves and the beating that they were absorbing and began to work. The big men started to come through, the fast break wore down the defenders and a 10 point deficit was quickly turned into a 15 point win over a team which is estimated to be of the caliber of the average opposition which we will encounter this year.

That night, the players walked off the floor as a team. They had beaten the zone defense which many of them feared, not having worked against it. They knew that they could play as a team without Hale, who also was stopped during the second half, and the attitude now is one of determination and eager expectation. Brockport, although they have many returning lettermen, are in for a tough opener against the Tigers on Dec. 4, and we still pick the Tigers by about 10 points.

Individually, the men are far ahead of last year's team at this time. Arnie Cardillo is exhibiting still more of the fight and hustle which moved him into the starting lineup last year. Captain Fred Moss is developing his jump shot to a point where it will be able to ruin the best zone defenses and Ed (Colonel) Baucum is becoming more agile and versatile under the backboards with every day of practice.

Newcomer Ken Rhoades is living up to all expectations and it is hoped that his 6'4" frame will be of assistance to Baucum in clearing rebounds. One more man still needs to be picked to fill the fifth starting position and he will be picked from the reserves Don McCaughey, Ken Eybers, Ken Johnson, Marlin Siegwalt, Bill Hunt, or George Cook, all of whom seem to exhibit equal ability.

Frosh Cheerleaders Comprise New Squad

Seven freshmen have been chosen to fill vacant spots on the cheerleading squads.

Not only did the freshmen complete the squads, but enough were picked to increase the varsity from five to eight and the jayvees from five to six. The veteran cheerleaders total seven, and the eighth spot on the varsity will be held by freshman Marilyn Fox (Ret) in lieu of her attaining the best score during the tryouts.

The jayvees, all freshmen Retailers, include Butch Pendergast, Pat Young, Dee Pennello, Pat Tillinghast, Joan Morris, and Brenda Armstrong.

The judges that selected the girls on their poise, motion, jump, neatness and spirit were Bob Sloane (A&D 4), Ken Daniels (Pr 4), Arnie Cardillo (Mech 3), Bud Kipher (Chem 3), Paul Aloia (Pr 2), Ray Rouscher (Chem 3), Jim Modrak (Mech 4), Mrs. Edna Shaw, associate director of Kate Gleason Hall, and the veteran cheerleaders. These judges were representing the athletic organizations, Student Council and the faculty.

Basketball Team Wins in Warm-up

Coach Lou Alexander Jr., reports that after three weeks of practice he finds the varsity basketball team in good condition. The team is further ahead, than it was last year at this time due to the previous practice of most of the players before official practice started on Oct. 15.

To keep the squad from slacking off before the opener against Brockport, Coach Alexander has directed the team through extensive scrimmages. The varsity has scrimmaged Stromberg - Carlson, a strong Industrial League team, and the University of Rochester.

In the encounter with Stromberg the Tigers faced an unusual situation. This time Ken Hale opposed RIT instead of leading their attack. With Hale the Stromberg team proved to be a formidable foe. The varsity started slowly with a weak defense and not showing a dead eye.

As the scrimmage progressed the players moved the ball nicely with Ed "Kentucky Colonel" Baucum and the speedy Don McCaughey playing well. In his manipulation of the team, Coach Alexander substituted deliberately affording himself a good chance to see his players in action so that he can decide upon the ones that will be the most effective.

Coach Alexander, in mentioning the progress of the team, stated that 6 foot 4 inch basketball returnee Ken Rhoades is another ball player that should figure in his plans for the forthcoming season.

Other scrimmages are expected with the East Rochester Pauls and the Arnett Y Flyers. Both are strong teams.

RIT Women Fencers Excel

Barbi Brill, June Johnson Among Best in Country

This year the two main stalwarts of the women's fencing team are Barbi Brill (Photo 4) and June Johnson (Com 4). Both women have fenced for the past three seasons.

In her first year, Miss Johnson placed second in the Junior Women's Fencing Championship, held in Rochester. She won the Women's Divisional Tournament and as a freshman had the honor

Miss June Johnson

of competing in the National Tournament.

The following year, Miss Johnson was Intermediate Women's Fencing Champion and in the Intercollegiate Women's Fencing Association, against stiff competition; she placed fifth. Miss Johnson was also co-captain of the women's team and to climax an excellent season, broke the school record for the highest number of consecutive victories.

Last year, Miss Johnson placed

second in the I.W.F.A. During the holidays, she was invited to the Christmas Invitational Championship in New York where she captured fourth place. Miss Johnson, again having the privilege of competing in the National Tournament, distinguished herself by reaching the semi-finals.

During the first two years of Miss Brill's fencing career she placed sixth in the I.W.F.A., and won the Junior Women's Fencing Championship.

Last year, Miss Brill came into her own by winning both the Annual Open Tournament and the Women's Intermediate Championship. In the Christmas Invi-

Miss Barbi Brill

tational Tournament, she placed second. In addition to these honors she was one of four women to qualify for placement on the 1956 Olympic squad. However, she was eliminated during the semi-finals, but achieved that height against the best fencers in the country.

Ski Club Meets; Lessons Offered

The RIT Ski Club has started preparations for the coming season. On Thursday, Oct. 25, the club held its second organizational meeting.

The informal meeting progressed to many points, the foremost being as to how the club could be of most benefit to the entire school. The meeting was centered around a few good instructional movies and professional technique. Club members felt that the budget increase would be overshadowed by the value and the interest that skiing would create among the students.

Skiing is a sport which few people really understand, but with proper instruction it can be enjoyed by many. The club urges anyone interested to attend its meetings.

Do You Know That . . .

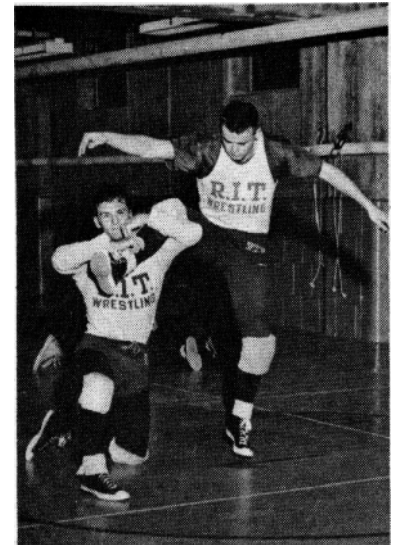

Looking ahead, do you realize that the RIT basketball team will lose only one letterman at the close of this season? Don McCaughey will not be eligible for next year's varsity inasmuch as he will have played for four years at the close of this season; however, all of the remainder of the team is expected to return including the five starters.

Varsity Matmen To Meet Frosh In Exhibition

On Monday, Nov. 19, the RIT varsity wrestling will hold a match with the freshmen team at 5:00 p. m. in the Ritter - Clark Memorial building. All students are invited to see their teams in action and observe some of the holds used during a match.

Among the holds that will be seen is the single leg drop. It is a take-down maneuver from which the offensive wrestler forces the defensive man, from a non-tie-up or a

Single-leg Drop

loose tie-up position, so that he exposes one leg more than the other. As the leg is exposed, the offensive man drops to his right knee, to the side of his opponent, grasping the exposed leg with his arms. As he grasps the leg, he pivots from the inside knee to the outside knee, while at the same time lifting his opponent's leg into the air. Then by tripping the defensive man, he brings him to the mat. This accomplished, the offensive man receives 2 points.

Photo Fraternity To Hold Banquet Monday Evening

Mrs. Margaret Shoemaker, noted marine naturalist, will be the featured speaker at a banquet for members of Delta Lambda Epsilon, professional photography fraternity. The banquet will be held Monday, Nov. 19, at the Hotel Cadillac.

Also on the program will be the presentation of lifetime associate memberships to faculty members currently serving on the fraternity's board of directors. Included are Mr. C. B. Neblette, head of the Department of Photography, and Mr. William Shoemaker and Mr. David Engdahl, departmental instructors.

The associate memberships will allow the holders to attend all meetings and have all membership privileges except that of voting.

In order to become a member of Delta Lambda Epsilon, applicants must present a record of their past academic achievements and maintain a high "B" average. An open meeting for those interested in joining the fraternity is held each year in the fall.

Free Movie Program Scheduled at Dryden

What's for free this weekend? Free movies at the Dryden: "The Inspector General," made in Czechoslovakia in 1936. Saturday at 3:30, Sunday at 2:30 and 4:30.

Free movies at the Museum of Arts and Sciences: "The Story of the Pilgrims (First Thanksgiving)," "Rocks and Minerals," and "High Speed Reading." Sunday at 2:30 and 3:30.

Campus Comments ...

(Continued from Page 4) being cheated out of a vote for the second year in a row. The president, who also represents this class, does not vote except in case of a tie.

While flattered that his class provided two presidents to the highest student body office—Dick Mort last year, Bob Ball this year—Jack would also like to see his class have a representative with a vote.

Miscellaneous Dept. The Masquers' Guild came out with some of the most attractive display advertising seen in a long time at RIT. This is the work of Al Cetta (Pr 4) . . . The Marine recruiting officer didn't do too well at RIT: he set up his recruiting table under the huge Masquers' Guild sign "Sorry Wrong Number" and "The Monkey's Paw." . . . Newman Club came out with a new, and as of now unnamed, biweekly mimeographed newspaper. . . . Hillel received \$25 from the Norry Foundation for the purchase of

books for its section of the RAA library . . . John Moore's cultural committee is doing an excellent job obtaining reduced student rates to the various activities going on in the city . . . An Archery Club is about to be formed on campus . . . The "Reporter's" own Pat Dailey bowled high game last week in the newly organized RIT Women's Bowling team . . . Campus Editor Judy Gleason is very disappointed: she was to have interviewed Mr. Adlai Stevenson when he visited Rochester. The visit was cancelled at the last moment.

It's that new V8 in the '57 Chevrolet. It's as quiet as a contented cat and as smooth as cream . . . and it's cat-quick in response when you call for action!

No household tabby sitting in a sunny window ever purred more softly than Chevy's new V8 engine. You can scarcely tell when it's idling.

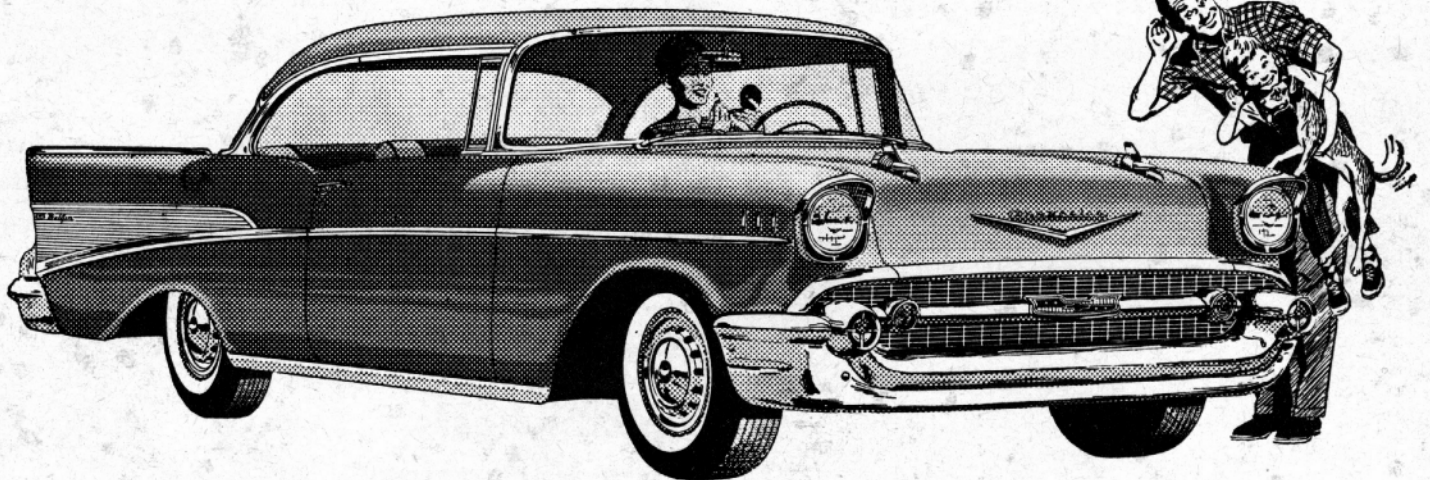

But when you nudge the accelerator, you know it's there, all right! Its right-now response keeps you out of highway emergencies. It overpowers steep hills with such ease they seem like level landscape.

This new Chevrolet V8 puts up to 245 high-compression horsepower* under your command! It's sassy, sure—but as tame to your touch as a purring pussycat. Come try the smoothest V8 you ever put a toe to.

*270-h.p. V8 also available at extra cost. Also Ramjet fuel injection engines with up to 283 h.p.

that purr you hear is no pussycat!

Sweet, smooth and sassy! The Bel Air Sport Coupe with Body by Fisher.

Harvest Scene Typical of Autumn Season

CORN ON THE COB—As if we needed any reminder, this photo tells us that autumn, Thanksgiving Day, and harvest time are here. To some

it means extra concerted efforts in the fields, to others preparation for a long, cold Rochester winter. (Marshall Photo)

Campus Groups Elect Officers

Three campus organizations have recently elected officers for the current year.

Art Students' League officers for 1956-57 are Joe Schick, president; Jewel Goldstein, vice-president; Sylvia Farrer, secretary-treasurer; and Janice Webb and Phil Duell, social chairmen.

Class representatives include Joan Cobb and Frank Gubernat, first year; Tom Gardner, second year; Nancy Thomas, third year; and Donna McAdam, fourth year.

International Students' Club members have embarked upon an expanded yearly program of activities under the direction of Jerry Uelsmann, president; Rico Buechler, vice-president; and Linda Larkin, secretary.

With the approach of winter, Ski Club activities will find their place on the school social calendar. Other officers assisting Bob Torenburg, president, will be Bob Glinski, vice-president; and Chris Mayer, secretary-treasurer.

ACP Feature

'Quench Me, Deadly'

This parody of Mickey Spillane with a typical O. Henry - type ending, comes from the Ivory Tower edition of the University of Minnesota Daily. It's called "Quench Me, Deadly" and begins:

Classified Section In Planning Stage

Anything to sell or buy? Found or lost? Part-time or full - time jobs wanted? Rooms and apartments to let?

As another service to its readers the "Reporter" will begin a classified ad section within its pages in the near future. Details as to cost, method of payment, deadlines, etc., are now being worked out between the editorial and business staffs of the paper. Sy Wildhorn will be in charge of the new project.

Watch for full details in the next issue of the "Reporter."

Council Executives Confer

IT'S A BIG JOB—Dick Nally, Council vice-president, confers with Bob Ball, newly elected Council president, on Student Association affairs. Prior to the Oct. 29 election, Ball had served as president pro-tern since last May. (Cherdak Photo)

Council Reconsiders School-wide Elections

Student Council has again considered the question of holding school-wide elections for Council officers. The action took place at Council's meeting on Nov. 5.

The question was brought to the floor by Don Lenhard. He made a motion to have the constitution committee investigate the feasibility of and make plans for school-wide elections. Lenhard emphasized that this motion would not put school-wide elections into law, merely set up an investigation into the issue.

At this time a motion to amend the proposal was passed. This

deleted the idea of making definite plans for the elections. After a short debate the main motion, amended, was passed.

The motion as originally proposed stated: That the Student Council direct the constitution committee to investigate the possibilities of school-wide elections for Student Council officers; formulate plans concerning such a program and present the results of investigation and these plans to the Council for their consideration. The amendment deleted these phrases: "formulate plans concerning such a program" and "these plans."

Action directed at attacking the apathy that exists within the student body was taken at the Oct. 29 meeting. A committee was set up to review the social programing and suggest ways to increase student interest in a wide range of events and activities.

Education Grants Made by Kodak To 67 Schools

Eastman Kodak Company announced that it has made direct aid-to-education grants totalling more than \$300,000 this year to 67 privately supported colleges and universities whose graduates have been employed by the company for the past five years.

This grant plan is part of Kodak's overall aid-to-education program which is expected to result in expenditure this year of over \$650,000 and which will benefit directly about 100 educational institutions. Many other institutions will benefit indirectly this year through other special grants by Kodak.

Special grants already made this year by Kodak include contributions to RIT, United Negro College Fund, National Fund for Medical Education, and Empire State Foundation of Independent Liberal Arts Colleges.

Under The Kodak grant plan, begun last year with a similar contribution, privately supported educational institutions receive grants based on the number of their graduates who joined Kodak during the fifth year preceding the year in which the grants are made and who are currently employed by the company. This year, grants were based on the number of 1951 college graduates who joined Kodak in that year and who are presently employed in all the company's . . . various divisions and offices.

Payments of \$500 are provided for each year spent by the student at the institution from which he was graduated and completed a regular degree program at either the undergraduate or graduate level.

Lecture Held By Society

RIT's recently formed student chapter of the Society of Motion Picture and Television Engineers held its first regular meeting on Thursday, Nov. 1, in the Eastman Assembly Hall.

The subject of a lecture given at the meeting was "A Survey of Motion Pictures." It covered motion picture production from script and casting to final projection for the public. It centered mostly on laboratory procedures used in professional motion picture production.

The speaker was Mr. Walter Kisner, chairman of the Northeast Division of SMPTE and a technical editor at Eastman Kodak Company. Chairman of the meeting was Stan Feigenbaum who is secretary-treasurer of the chapter. Welcoming and opening announcements were given by Howard Hall, chairman of the chapter.

Museum to be Closed Thanksgiving Day

Rochester Museum of Arts and Sciences will be closed on Thanksgiving Day, Nov. 22.

Regular visiting hours will be resumed on Friday, November 23, when the Museum will be open daily from 9 a.m. to 5 p.m. and on Sunday from 2 p.m. to 5 p.m.

AND PUMPKINS, TOO—Halloween is gone as is the summer, but these pumpkins are still waiting in the fields to be transported and sold; waiting to end up in someone's pie. (Hermanson Photo)

Director Posts Dorm Vacancies

A few vacancies for men in the men's dorm are now available according to Mr. Howard Simmons, men's housing director.

Those interested in rooming at 102 Spring Street should apply immediately and students who have already applied should plan to file new applications.

Forms for making application for housing are available in the first floor office of Clark Union.
