Council Near Finish On New Constitution

by Jon Strickland

The Student Council is in the process of finalizing its new Constitution.

The Executive committee under the direction of John Beusch has been working since last summer in order to provide the students of RIT with a standard by which all organizations, activities, and even the student body as a whole will be organized, coordinated and governed.

Following is an outline of the sections of the new Constitution:

Article I — NAME — Student Association of RIT.

Article II — PURPOSE — What the purpose of the Student Association is.

Article III — DERIVATION OF AUTHORITY — who gives the Student Association the authority to function, and how often this authority must be renewed.

Article IV — MEMBERSHIP OF THE STUDENT ASSOCIATION — Who is eligible for membership in the Student Association.

Article V — GOVERNING BODY — What the Student Council is, and what it does.

Article VI — MEMBERSHIP (STUDENT COUNCIL) — How representation for the Student Council is decided, who is eligible and what the requirements of his office are.

Article VII — EXECUTIVE COMMITTEE — Who they are, and what they do.

Article VIII — OFFICERS AND DIVISION HEADS — How officers to Student Council are elected or appointed, and what the terms of office and requirements of the office are.

Article IX — ADVISORS — How a faculty advisor is appointed, and his duties.

Article X — MEETINGS — How often they are held, who may call a meeting, and whom, outside of Council Representatives may attend.

Article XI — QUORUM — What constitutes a quorum.

Article XII — FINANCES — Who determines Student Association fees, and how they are distributed.

Article XIII — LEGISLATION — Who is affected by Student Association legislation and how it is passed.

Senior Pics Due Today

Work on "Techmila," the Institute's yearbook is progressing at a fast clip.

Seniors are reminded that today, Friday, Nov. 11, is the deadline for returning their individual portraits with the pose that they want to go into the Techmila, specified.

If the proofs are not in, students will run the risk of not having their picture included in the yearbook.

Since they are now ahead of schedule and are progressing at this fast rate, the staff of Techmila hopes that they can keep it up throughout the year.

Article XIV — STUDENT ORGANIZATIONS — How student organizations are organized, to whom it is responsible, and who may be eligible for membership.

Article XV — SUSPENSION — How the Student Association will suspend an organization or individual, for misconduct.

Article XVI — AMENDMENTS TO THE CONSTITUTION — The procedure that will be followed in changing the existing Constitution.

Along with the Constitution the Student Council has drawn up a complete set of By-Laws. These deal primarily with the voting privileges of members, duties of department heads, and the organization of the Student Council. They also contain procedure and responsibilities not contained in the Constitution.

These two documents are still in the process of being ratified. Later on in the year there is a possibility of their being distributed to all students.

New Scholarship Forms Available

Up to the present time, student scholarship applications have been obtained from and submitted to the Student Affairs office. This year, however, RIT will start using the services of the College Scholarship Service.

All potential freshman must obtain Parents Confidential Statements from their high school guidance counselors, complete them, and send them to the College Scholarship Service in Princeton, New Jersey.

All presently enrolled students seeking scholarship assistance may obtain P. C. S. forms from the Student Affairs Office and forward them to Princeton, N.J.

The report from the College Scholarship Service will be accepted as an application for scholarship assistance.

No scholarship will be issued until this form has been filed with the C. S. S.

The Student Affairs director is Mr. Robert L. Belknap and his office is in E - 112.

ELECTION RALLY—Irving Van Slyke commenting on election results as they were received at the Reporter-Alumni Assn. sponsored party in the Snack Bar Tuesday night.

RIT Represented At State Conf.

Rochester Institute of Technology was represented last weekend at the State University Press Association conference which was held at the Hotel Syracuse, in Syracuse N. Y., from Nov. 3-5.

RIT's representatives were Assistant Professor Charles Arnold, of the School of Photography who participated in the workshop on yearbooks on Saturday. Miss Louise Smith, director of publications participated in the workshop on layout, and headlines of student newspapers, and a workshop on literary magazines.

Irving Van Slyke, who is assistant to the director of alumni relations participated in the workshop on business management of publications.

The keynote speaker at a banquet held Thursday night was J. Lawrence Murray, secretary of the State University. Dr. Thomas H. Hamilton gave the main address at Thursday's event. Dr. Hamilton is the president of the State University.

European Flight For Students, Faculty Planned

Paris, Amsterdam—are you interested in a trip to these and other spots in Europe?

A charter flight to Europe for the faculty, staff, and students of RIT is now being planned. Planned for the summer of 1961, the trip presents a wonderful opportunity for those who always have wanted to visit Europe.

The flight would leave Rochester about August 18 and fly to Amsterdam; the return flight would leave Paris about Sept. 20. Arrangements can be made to suit either an individual or group activity vacation.

For those who are interested in this venture or maybe only curious to find out what it is all about, look for further news to appear soon. A meeting is planned for the end of November.

Any further information on the flight can be obtained from Tage Frid or Michael Harmes of the School for American Craftsmen faculty.

Approximate cost for the trip will be three hundred dollars or less. This trip can only be arranged for those who have been at RIT for at least six months.

INSTITUTE RENAMED recently by party or parties unknown, on a night appropriate for pranks. A maintenance man who happened by looked up at the new blazon, sighed, and queried, "How the - - - did they get up there?"

EDITORIAL

Guest Editorial: View on S.A. Budget

Editor's Note—Last week John Lattimore presented his views on Student Council's handling of the 1960-61 budget.

This week Charles Decker, Vice President of Student Council and head of the committee that prepared the budget, outlines his views on this subject.

Each year, the budget is made up by a budget committee and submitted to Council for its approval. This year's budget (1960-61) was to be approved last spring, but due to the inability of the committee to draw up a satisfactory budget, the budget was not approved by Council.

As the newly elected Vice-President I had this responsibility handed to me. I immediately formed a committee and during the summer we met once a week to make up a budget. We investigated every budget request thoroughly.

There were five main sources of information that were used; this year's budget request, last year's, and the year before that, the Treasurer's Report from the Administration, and personal contacts with these organizations. After compiling all of this information we made up the budget and presented it to Council for its approval.

In presenting the budget to Council each organization and function that was to obtain funds from the Student Association Fee was explained in detail. This was followed by a question and answer period. If, after all this discussion there were some points that were not clear, I arranged informal meetings with the person or group concerned.

There was not a single item on the budget that would use part of the student's \$22.00 fee that was not thoroughly discussed. Of all the organizations that were allocated funds, only three thought that they were not being allocated their fair share. All the other organizations were pleased with their allocation. I think that this brings to light the efficiency and the exactness of the work done by the budget committee.

A few weeks ago, we read about the record smashing freshman class entering this year. This record-setting class increased the enrollment and also increased our available funds for allocation by \$2500.00 more than what we had anticipated during the summer. The budget had already been made up when the committee became aware of this. Since all the organizations were investigated and their allocations proposed to Council, the budget committee and the Student Council did not see the necessity for spending student money just because there was some of it left over. As a representative of the students who elected me to act in their best interests, I will not stand by and allow student money to be spent just because there happens to be some left over.

In regards to Mr. Lattimore's obvious slanted views of the budget proceedings in last week's issue, students are reminded that Mr. Lattimore has not attended a single meeting of Council this year. It amazes me how a person can evaluate and pass judgement on the proceedings of Council without being there.

I hope that the facts presented here will provide the RIT student body a better understanding of the budget proceedings of Council.

Respectfully yours,
Charles Decker
Vice-President, Student Association

Congratulations Sigma Pi

Harvest Festival Weekend sponsored by Sigma Pi fraternity was the best Fall Weekend we have witnessed.

Highlighted by their move to hold the Saturday night dance out of the Ritter-Clark Gym the brothers of Sigma Pi really put themselves out to provide the students of RIT a weekend to remember (those who attended).

Letters to the Editor

Dear Editor:

In reference to Mr. Lattimore's "guest editorial" last week, we wish to point out the inaccuracies in the editorial pertaining to WRTI Radio and its budget.

It was stated that the organization "originated out of a dispute between Mr. Rinfret and Co." The truth here is that the campus wide station was in the planning stages six months before our dispute with the Housing Administration during the fall of 1959. Mr. Rinfret is now the administrative advisor for WRTI.

Mr. Lattimore asks where the funds for the speakers for the women's dorm will come from. Of course, it is well known that we already have a large amount of equipment donated to us by WHEC. The value of this equipment ranges in the thousands of dollars.

It was pointed out in the editorial that the Men's Residence Hall could use its system for broadcasting to the women's dorm through the use of telephone cables. There are several things wrong with this suggestion:

1. Women would not be able to work on this kind of radio station because it is situated on the eight floor of the men's dorm.
2. The equipment is not up to the standards that would present quality programs and would not be able to be used for an FM station, which WRTI plans to do.
3. The programs put on in the men's dorm are designed for men.
4. There are no governing rules pertaining to the men's dorm station. The administration desires that the group broadcasting to the dorms be governed by rules.

In conclusion, we believe that WRTI has one of the most well organized and controlled constitutions in the entire Institute. When the station gets on the air, it will be the only daily source of news and comment from every school of thought formed among the students.

Sincerely yours,
Joanne M. Kamola
President WRTI

FADS and FASHIONS

Leni Lee
Lyman

Notice to Freshman girls! Watch out for circle pins! The men at RIT have somehow attached a certain status symbol to them. Even though they're a popular jewelry fad, you're bound to take some teasing when wearing one.

Speaking of jewelry . . . large, chunky, bracelets, three strand necklaces with earrings to match in plum, golds and silver. Crystals for evening will catch the highlights of your dress and the lighting of the room.

Romance in the kitchen! If you doubt that cooking is the way to the man's heart, read on. An unofficial survey at the University of Toronto reveals that nine out of ten girls in the Home Economics graduating class are engaged. Is this fad or fashion?

Apparel for the IFC Chug

party . . . girls . . . slacks, bermudas, or bandstands. . . men . . . drinking clothes(?).

I understand that Phi U's fashion show is going to be tops. This is a good time to get a preview of what to buy for the holidays. This show is for you men, too. By the way, Lisa will be there.

For the frustrated chain smoker . . . Esquire's "Philters" cigarettes. This cigarette has 2 inches of filter and one inch of tobacco. Note: \$1.50 a pack.

Something I have heard men complain about . . . girls wearing high heeled shoes. They say they can't walk in them straight and they also trip in the sidewalk grates. Why do they wear them? High heeled shoes were invented by a woman who was kissed on the forehead.

Latest & Greatest:

From our "Memos We Wished We'd Sent Earlier" Department: To: DO, Subject: Pre-Rushing, Haste makes waste, popularity is gained through respect, not spectacle. . .

Then there's the guy who offered a chick a scotch and sofa and she reclined. . . For that special Sunday dinner we recommend the Garlock House in Palmyra. . . As much as we dislike the idea, it appears that SW is destined to be dry: if you

can think of a hall large enough, close enough, and inexpensive enough, please speak up. . .

Co-Ed: "There's a girl in my class who has a dress just like mine."

Daddy: "I suppose you want a new dress?"

Co-Ed: "It would be cheaper than changing schools."

We wish to thank Messrs. Conniff and Cacker for a great evening. . . Corvettes must grow on trees. . . The new "Clintonaire" is where the younger sociables reside: after going there we can see why. . .

Phi Sig: "Your girl is spoiled isn't she?"

Sig Pi: "Na, that's just the perfume she's wearing."

Fearless Prediction:

The Editors of the Reporter will print the following stupid things: Three editorials, which won't get them anything, on apathy; one editorial on how childish pledging is and two letters from independants agreeing with them.

Letter Writers Please Note

Future Letter to the Editor writers, please note.

Due to the limited amount of space available for the printing of these letters, the Reporter asks that you keep your letters under 150 words.

This will insure that the complete letter is published without any deletions being made in it.

'Prelude to a Holiday' Planned by Sorority

Something unique in the history of RIT will happen Nov. 21 at the Ritter-Clark gym. A fashion show by the students, for the students, and open to the public will take place at 8 p.m.

Presented by Phi Upsilon Phi sorority and being sponsored by E. W. Edwards & Son, the show, called "Prelude to a Holiday" will be the first of its kind here on campus. Not only will women's fashion styles be shown, but also campus and dress wear for men.

This is a good time to see what the styles of 1961 will be and also get an idea on what to buy for the holiday season. E. W. Edwards & Son's clothes will also give you good ideas on buying Christmas gifts.

Evening wear, sportswear (including ski trips), lounge wear and school wear will highlight the fashions of the show.

"Prelude to a Holiday" is not

just a fashion show for women but for everyone. Parents, dates and guests are welcome to attend.

General chairman of the show is Pat Marrow assisted by Jackie Rosser, co-chairman. Fashion co-ordinators are Sandy Cagnazzo; fashion co-ordinator of E. W. Edwards & Son and Fran Chiacchierini. In charge of advertising is Leni Lee Lyman and narrator for the show will be Bill Ferguson.

Models include Brenda Romball, Jackie Rosser, Toni Schoenburger, Jan Embling, Barb Hamilton, Agnes Barry, Ann O'Shea, Sandy Leppert, Sally Cutuli, Lorraine Shepherd, Mercedes Connley, Bill Sloan, Eli Liss, Joe Wimmer, Bill Turri, Marty Gordon, Fran Cosentino and a special guest of honor, Lisa.

Admission is only 50 cents and tickets may be purchased from any sister of the sorority, or at the door.

Chilian Printers Visit Institute

A group of South American printers received a close-up look at modern graphic arts education last Tuesday, Nov. 1, when a 12-man Printing Productivity Team from Chile visited RIT's School of Printing and the Graphic Arts Research Dept.

During the day-long visit the team toured the Institute and was given the opportunity to observe classes in printing laboratories. Considerable time was also given to examining graphic arts research facilities in the basement of the Clark Building.

In the afternoon the group heard brief talks by Byron G. Culver, Director of the School of Printing; Warren L. Rhodes, GARD Head, and Alfred L. Davis, Vice-president for Public Relations and Development. In addition, members of the School of Printing faculty presented short descriptions of training methods and procedures used at RIT.

The Chilian printers are currently on a five week trip which will take them to principal printing centers in the eastern United States.

Children's Books Feature of Library

November 13-18 is Children's Book Week.

This year the RIT library plans to feature books for pre-school children. It will have book lists, book marks and posters from the Children's Book Council in New York City.

Just before Christmas, the library plans to obtain book catalogs from Scrantom's book department. This will also give the parents of these pre-school children an opportunity to select Christmas books for their children.

SAM Hears Rockowitz

Almost all the members of the Society for the Advancement of Management were in attendance at the recent meeting to hear Mr. Seldon Rockowitz from Lawyers Co-op give his speech on Advertising.

An informal coffee hour was held following Mr. Rockowitz's talk to help the seventeen new members meet and get acquainted with the current members.

Membership in SAM is open to all upperclassmen in the School of Business. Although the membership drive is officially finished, anyone wishing to become a member may do so by contacting either Lee Cooper or Irv Van Slyke, the president and vice-president, respectively.

Although membership is restricted to the School of Business, the entire student body is encouraged to attend any meeting and listen to the speakers.

The meeting dates are conspicuously posted on all bulletin boards in the School of Business.

Forensic Society Ties for Second

RIT's Forensic Society tied for second at the St. John Fisher College Debate Tournament which was held in Rochester Nov. 4-5.

The team shared second shot with Brooklyn Polytechnical and the University of Vermont.

Members of the high placing team were Gwen Owens and Barry Winters on the affirmative side with Doug McMane and Roger Clough maintaining the negative side.

A second team representing RIT was also at the tournament. Tom McMoughlin and John Sturge had the affirmative side on this team while Bob Moore and Doug Strait presented the negative side.

A novice team consisting of Terry Scholley and Dick Bertan on the affirmative and Russ Zimmerman and Bill Campbell as the negative side represented the Institute at a debate held at Hamilton College on Saturday, Nov. 5.

This novice team won four of its six rounds.

Silver Lake 'Retreat'

SCF RETREAT—Members of SCF "chow down" at their semi-annual retreat. (Beard Photo)

With the hustle and bustle of city life behind them, the members of the Student Christian Fellowship recently attended their semi-annual retreat at Silver Lake, N. Y.

There were discussion groups, large and small, where motivated ideas of one were the food of thought for another. All was not work. There were games, hikes and a chance to relax.

The theme for the weekend was "The responsibility incurred by Christians in a campus environment." There were four basic areas discussed: the social-logical responsibilities of christians; religious organization and participation; student and faculty

relationship; and student activities in general around campus.

The sociological problem was narrowed particularly to Rochester's 3rd Ward. This is a project that is being started by SCF but will require the help of many people. Mentioned was, why is the 3rd Ward as it is, run down and forgotten, and how can it be improved? Presently SCF is accumulating knowledge of the people and their needs so that they can help the people help themselves.

The group discussed that each person on campus theoretically belongs to RAA. Why don't they (the students) help support their various faiths? RAA itself has one difficulty, the isolation of its three groups. Why can't the formal and informal activities of the various groups be interwoven?

The SCFers took note of the fact that RIT sets up standards for the students to abide by. Then the student balks at taking a required class. Cannot students and teacher reach an understanding at this is for his benefit?

Also discussed was, why don't the students go to more activities on campus? It was suggested that there was no organization, no coordination between the various groups on campus.

CAMPUS GREEK TALK

Kappa Sigma Kappa

On Tuesday Oct. 25, we held our smoker at the men's dorm and we would like to thank all those who have shown an interest by attending. We would like to thank the Sisters of Phi Upsilon Phi, who acted as our hostesses for the evening.

Brother Don Paladino just completed about two weeks ago his renovating job on the front room of the fraternity house and we would like to commend him for the fine job he has done. Some of the floors in the house have been tiled under the direction of our president Bill Turri, and Dave Shirely. The brothers have been putting an all out effort this year to give the house a facelifting and new additions are being added every week.

Art Streppa and Lorraine Shepard have started a Glee Club to sing at school affairs and parties. It will be made up of Brothers of Kappa Sigma Kappa and sisters of Phi Upsilon Phi under the direction of Jerry Habinak. They have purchased quite a repertoire of music and I believe they plan their first performance around Christmas time.

We would like to extend our congratulations to Miss Sue

Heacock on being chosen queen of Sigma Pi's Fall Week-end. We would also like to congratulate the brothers of Sigma Pi for putting on a fine weekend.

Don't forget to attend the fashion show of college men's and women's holiday clothes put on by Phi Upsilon Phi, Nov. 21, 8:00 P.M. in the gym. Look for "Lisa," she will be the hit of the show. She is a direct German import.

Phi Sigma Kappa

Chug Contest!!

Look for it Friday, Nov. 11. The contest will be held at the Ukrainian Club on Hudson Ave. News Flash! - girls teams will be competing. They will use glasses, not mugs. The contest is closed to fraternities and the guests of Phi Sig.

Hayride:

A closed affair Saturday, Nov. 12. It will be held at Elrancho. The Stork dropped in on Cromwell and Ruth Schubarth, a girl. Love Walked in on:

Don Boyl and Judy Button, engaged.

The Old and the New:

New brothers Ken Klaus and Jim Ball (alumni) were inducted last weekend. The entire fraternity attended the gala affair.

Mr. Clarence Tuites resigned

as fraternity advisor in lieu of his coming retirement. We express our gratitude for his wonderful assistance and regret his leaving.

Mr. Chris Nilsen is to be our new advisor. We are looking forward to fine direction from him.

The Brothers Comment:

The rush party, held at the German Club on Nov. 10, was termed a huge success—that's the understatement of the year!

Guess who won the three dollars for the ugliest girl at the blind date party last Friday? Some blast, eh brother Link!

Newman Notes

While Newman Club has had many interesting and informative speakers in the past, every Newmanite is looking forward to hearing Father Jamison, Monday, Dec. 5, 1960, when he will speak about "Retreats."

Another event will be the monthly Coffee Hour to be held on Nov. 13, 1960, after the 10 o'clock Mass at the Immaculate Conception Church Hall. Speaker for this event will be Robert Kennedy, Assistant District Attorney in Canandaigua, N. Y. His topic will be "Law for College Students."

GOUDY TYPE COLLECTION

A B C D
E F G H I
K L M N O
P Q R S
T U V W
X Y Z

The RIT School of Printing has acquired from Mrs. Marie Caggeshall a fine collection of the work of the late Frederic W. Goudy, designer of over one hundred type faces, and whose achievements in his field far surpass the contributions of most other designers in the history of printing types.

Mr. Caggeshall, printer, of Ulrica, New York, had for many years been a close associate of Mr. Goudy and had acquired one of the most complete collections of Goudiana, including books, pamphlets, letters, drawings of designs, and the famous "Lost Goudy

Types." The latter were types cast from matrices which were destroyed in 1939 when fire demolished Goudy's Village Letter Foundry. Hundreds of drawings, master and work plans were destroyed, including designs for new types in the process of production, all representing nearly 40 years of his life's work.

The Institute's collection of Goudy material is housed in the Memorial Workshop on the second floor of the Clark Building and represents one of the most important sources of information on the life and work of this great American type designer.

Keeping Up With Institute Alumni

Where They Are — What They're Doing

Miss Rosemarie Curcio, daughter of Mr. and Mrs. Dominic Curcio, and John Lapomarda of Newark, son of Mr. and Mrs. Michael Lapomarda of Seneca Falls exchanged marriage vows at the altar of St. Michael's Church on Oct. 22. John is a Printing '55 graduate and is presently employed at Bloomer Bros. Co.

Miss Marie Polvino and Mr. John Fitzgerald were married in St. Anthony's Church in Fredonia, N. Y. After a wedding trip to New York City, the couple will reside in Rochester. The bride is a graduate of Fredonia Central High School and the New York City Community College. John is a '60 graduate of A&D with a B.F.A. degree.

Mrs. Dorothy Worthington has received a B.S. degree from Oswego State Teachers College, having completed studies in August. Mrs. Worthington has been a faculty member of the Camden Central School for 17 years. She is a member of the Class of '19 Home Economics. Prior to her position with Camden Central, Dorothy taught home economics in the Vermont school system.

Mr. Vincent T. Morehouse of Oakland, California, has been appointed to the position of Sales Representative for the Brodock Press Printers and Lithographers, 714 State Street, Utica, New York.

Mr. Morehouse is a former partner of an Oakland printing firm. He graduated from the Institute in Printing '56 with a B.S. degree.

Mr. Sid Baker has joined the staff of the Dycril plate division of Atlantic Lithotype Company, Brooklyn, New York. He is specializing in sales and servicing for his division. Sid has a B.S. degree in printing and is a member of the Class of '56. During the past four

years he has been employed by the E. I. duPont de Nemours & Co., engaged in research, production, and sales for its Dycril Photopolymer Plate Division.

Mike Gotz, Ph '59, of 17 East 3rd St., New York 9, N. Y., stopped in at the Alumni Office on Oct. 27 to see what is going on at the Institute.

Bob Peloquin, Pr '53, visited Tony Sears on Oct. 24. Bib is the Office Manager for Tweddle Litho of St. Clair Shores, Mich.

Raymond A. Vosburgh, Pr '49, stopped at the Printing and Retailing Departments on Oct. 21. Ray is a salesman for Von Hoffmann Press of St. Louis, Mo.

Joseph H. Ebeling III, Pr. '50, visited the Printing Department on Oct. 21. He is now Vice President in Charge of Sales at Mendle Press Inc. of St. Louis, Mo.

William Swanson, Pr '59, is now with W. A. Kreuger Company of Milwaukee, Wis. Bill is working in sales service. The firm is the printer of the famous "Arizona Highways" magazine. Bill resides at 7339 West Fernwood Circle in Milwaukee.

Richard Hudson, Art '47, has accepted a position in Sales Promotion at Carhart Photo Inc. of Rochester. Dick will be handling sales promotion for Rochester, Syracuse and Buffalo outlets.

Edgar Williams, A&D '27, passed away Sept. 23, 1960, in the Clifton Springs Sanitarium after a long illness. Mr. Williams was an art teacher in the Rochester schools for 13 years. His home was on the Butler Center Road, outside of Wolcott, N. Y. Mr. Williams had retired from teaching 2½ years ago. He was 58.

Photo Society Honors Warner

Rick Warner

Rick Warner, Ph '54, has received a full fellowship in the Royal Photographic Society of Great Britain.

Rick previously held an associateship in the RPSGB, earned by submitting examples of pictorial subjects in color.

Subsequently, the fellowship was awarded for examples of commercial illustrative subjects submitted in the form of Ektachrome transparencies. Rick holds a degree of master of photography from the Professional Photographers of America.

He is the Professional Technical Service Center photographer at Eastman Kodak.

Enlargers Presented To Photo School

Recently the School of Photography was the recipient of a gift of twenty new enlargers for its darkrooms.

Edith Walter's Book Awaits Early Release

Edith G. Walters, the former Edith Gardner, School of Applied Arts and Science '42, is awaiting the release of her first book, MATIN "Star of Morning."

Mrs. Walters' book is the psychological story of her life. In it she answers and gives her interpretations on such subjects as "Is there such a thing as reincarnation?" and "The meaning of the evolution of man."

The first two chapters of

MATIN "Star of Morning" tell a love story of World War II. The following chapters tell of the emotional pressure she was placed under when her husband returned from the war with a psychosis. Mrs. Walters tells how the psychic barrier has been drawn back, and the key to health . . . happiness . . . and abundance has been found.

Congratulations, Best Wishes To:

Mr. and Mr. Larry Albertson on the birth of a son, David. Mrs. Albertson is the former Joan Polina - Bus. Ad. Larry is a third year student in photography.

Mr. and Mrs. Jim Guisande on the birth of a son, James. Jim is a student, second year printing.

Mr. and Mrs. Bruce Jaworski on their marriage on August 27. Mrs. Jaworski is the former Gail Nichols. Bruce is a fourth year printing student.

Mr. and Mrs. John Perell on their marriage July 9. Mrs. Perell is the former Sandra Cromwell. Mr. Perell is a third year chemistry student.

Mr. and Mrs. Edward Joseph on their marriage on July 30. Mrs. Joseph is the former Joyce Graff. She is a second year Business Administration student. Mr. Joseph is a graduate of Cortland State.

Ramon West (Pr 4) and Judy Tummonds (BA 2) on their engagement.

Vito Altavilla (Pr 2) and Ingrid Hahnel (BA 2) on their engagement.

Mr. and Mrs. Robert A. Moore on their marriage on Sept. 17. Bob is a third year printing student. Mrs. Moore is the former Brenda Ann Mello of Hillside, Illinois.

Elec. Students Visit Mill

A 7,000 horsepower D.C. motor, as large as a medium size office was a featured highlight of a trip taken by twenty-three Electrical majors on Oct. 31.

Prof. Austin Fribance of the Mechanical Dept. led a group of third-year Electrical students to Lackawana, where they were guests of the Bethlehem Steel Company.

The future engineers toured the entire operation, amply guided by John Frick and Ned Ball, representatives of Bethlehem Steel Inc.

The excursion was organized to outline and point out definite applications of electronic devices employed by industry to save time and expense, in short, to drive home the complexity of modern-day engineering problems.

Students observed the making of steel from beginning to end, keeping an eye peeled for the use of electronic equipment.

During the last few years, steel companies have invested millions of dollars in electrical controls, computers and other such devices to improve quality and decrease manufacturing cost.

RIT students visited Bethlehem's main generating station, new control center and their brand new remote reading unit. These elements keep a watchful eye on the steel as it is being made.

Other interesting phases such as the pouring of 240 tons of molten steel were also observed.

These educational trips are designed to more closely knit the classroom with industry and introduce the budding engineer to the problems he may face upon graduation.

Smith to Attend Education Meet

Dr. Leo F. Smith, Dean of Instruction at Rochester Institute of Technology, will attend a meeting of the American Council on Education's Committee of Measurement and Evaluation on Nov. 21-22.

Among the items on the agenda of the meeting, to be held at the Educational Testing Service in Princeton, N. J., will be problems and practices of the college testing scene, and a review and discussion of the policies, functions, and operations of the Educational Testing Service.

Dean Smith is one of nine educators, representing colleges and universities throughout the U. S., on this committee.

Intramurals to Open...

This year the athletic department will again sponsor an intramural sports program. In the near future the plans for the basketball program will be announced, and later in the year it is possible that this program can be expanded to volleyball and wrestling.

The success and extent to which these programs are carried out depend entirely on the interest shown by the student body. If there is little interest shown the programs will be correspondingly restricted.

I believe that the intramural program is one of the most valuable extra-curricular activities offered to the students. It provides the men with the chance to actively participate in a sport without having to attend a daily practice. In a school where no athletic requirements are imposed upon the students, this program fills a definite need in the area of physical fitness.

Another item in favor of the intramural program is the fact that active participation adds to the spirit and development of the individual. This participation results in a closer relationship between the students themselves and the school.

An Impressive Finish...

Although the soccer team has been the subject of much discussion in this column, special mention is again due to them. Last Saturday they played the Brockport JV squad in Brockport and came back with a 1-1 tie.

This is quite an accomplishment as the Brockport squads play some of the toughest opponents in this part of the country. Among them are Army, Navy and CCNY. Up to last Saturday the JV squad had a record of 4-1 and was heavily favored. RIT completely dominated the game as they outshot and outplayed the Brockport squad.

The game was a test of Coach Jim Dickie's patience as well as a test of the team. Both came out ahead. The Brockport students were grouped around the goal and were a constant distraction to RIT goalie Roger Millard. The situation finally resulted in the referee clearing the immediate area around the goal to allow the game to continue under normal conditions.

Another amusing incident occurred when Coach Dickie questioned a call by the referee. He was informed by the Brockport coach that "visiting coaches don't discuss calls with the referees at Brockport." This bit of particular philosophy added a humorous touch to a successful afternoon.

Matmen Begin Drills

This past week marked the start of practice for both the freshman and varsity wrestling squads. The turnout for each of the teams was good as both teams had men reporting for each of the weight classes.

Coach Earl Fuller met with the varsity candidates and discussed the outlook and plans for the coming season.

At 123 pounds the two candidates at the moment appear to be Charlie Missakian and Paul Rode. Chuck was the regular 123 pounder during the 1958-59 season, during which he compiled an impressive won-lost record. Paul was the regular 123 pounder for a part of last season.

Another returnee from past teams is Jim Dollar, who was voted the outstanding varsity wrestler of the 1957-58 season. Jim probably will see action at the 130 pound spot.

The Baltimore Bullet will again be in the 137 pound spot. After an undefeated season last year, Ramon West again figures to be one of the big winners in the lineup.

Also out at either 137 or 147 pounds is Ed Moshey. Ed came along well during his freshman year last year and appears to have the potential to develop into a tough competitor.

In the thick of the battle for

the 147 pound spot will be Dave Shirley. Although now on work block, he is expected to be back for the majority of the season.

Another returnee from last year is 157 pounder Jim Kennedy. Jim was a vital link in last year's lineup as he compiled a 10-1 record.

Riding on the crest of a 20 match winning streak during the last two years is Dick Zoyhowski. At 167 pounds Dick was also undefeated last year and did well in tournament competition.

Apparently fully recovered from a knee operation last Spring is Dave Zoyhowski. Dave was the regular 177 pounder last year until the injury forced him out of the lineup late in the season.

Jerry Hejtmank and Bob Cully both figure to see action at the 167 and 177 pound spots during the year.

The anchor man on the team again this year will be Ken Klaus. At his heavyweight position Ken is always the last to wrestle and last year came up with some clutch victories.

Freshman Coach Gary Dotzler had approximately 30 applicants for the freshman team. Although it is too early to judge individuals on the team, the squad appears to be well represented in all weight classes.

Pitchmen Impressive in Final Meets

The rain and cold apparently had little effect on the RIT pitchmen Wednesday, Nov. 2, as they trounced a Geneseo State Teacher's team 3-0.

RIT banged the ball into the Fredonia goal shortly after the start of the game. Right wing Bill Sahmel took a pass from Vic Bokhan and booted it into the goal at 3:30 of the first period.

The score at halftime remained 1-0 but at 14:30 of the third quarter Vic Bokhan notched the second RIT score of the afternoon. Vic scored after taking a pass from Felipe Block and kicked a beautiful shot into the Fredonia net.

The final score of the afternoon came at 3:00 of the last period. Felipe Block scored from about 15 yards in front of the goal.

In the shots on goal department, RIT took 28 while the losers took 19. Geneseo had a total of 24 saves while RIT goalie Roger Millard had 6 saves in the home net.

The following Saturday the pitchmen finished the season at Brockport where they held the powerful JV squad to a 1-1 tie. It was a vast improvement over the two 5-0 and 5-1 losses that they suffered last year at the hands of the same team.

The degree to which RIT dominated the play is reflected in the shots taken on the goal and the goalie save. RIT outshot their thruway rivals 24-9 while the goalie saves totaled up to 18 for Brockport and 3 for the Tigers.

Luis Novarro broke the Tigers into the scoring column in the first period when he scored at 16:00 on a pass from Corrado Zollo.

The Brockport goal came at 18:00 of the third quarter and finished the scoring for the afternoon although two overtime periods were played.

The picture play of the game came when Corrado Zollo took a pass at mid-field and moved the ball downfield as he outmaneuvered seven members of the Brockport team. His shot on goal just missed the mark by inches.

This Saturday the pitchmen will scrimmage with St. John Fisher College, which is in the process of organizing a soccer team.

Skiers Plan Cabin Party

Plans for the Ski Club's annual Fall Cabin Party have been released by president Bill Sahmel. The event will be held on Saturday, Nov. 19 from 5 to 10 p.m. at Powder Mill Park.

Club members and their guests will participate in the event.

The club desires to obtain used equipment for the use of its beginners. Anyone who wishes to donate (or sell) these items is urged to contact Mr. William Toporcer in the Veteran's Affairs Office.

At the last business meeting the remaining officers of the club were elected. Mike Gissinger was elected as Secretary-Treasurer and David Hunkins was installed as Social Chairman.
