Brotherhood on Campus

Brotherhood Week is a symbol—a reminder—to the people of this nation to live up to the ideals of brotherhood.

Brotherhood Week has not been set aside as the one week of the year most suited to the practice of brotherhood, for all weeks are equally in need of that practice. Rather it is a time of resolution and renewal to sustain brotherhood throughout the year, among all peoples.

Brotherhood is one of the most demanding and most rewarding principles in our lives. Its application is not limited to our homes or our homeland. The responsibilities of brotherhood stretch around the world; and wherever men dwell, their needs and successes are for all of us to share.

The furtherance of such a principle demands the utmost in justice and charity, but the rewards of brotherhood are even greater.

We students are afforded, through our student organizations: academic societies, dormitory groups, fraternities and sororities and our student government, rich opportunities for the developing of better intergroup understanding and the practice of democratic human relations. Let us utilize these opportunities while they are available to us.

This year the Religious Activities Association is sponsoring not one, but two successive weeks dedicated to the promotion of brotherhood.

The first week beginning Sunday, Feb. 12, will find Hillel hosting a Lox and Bagel Breakfast. On Friday, Feb. 17, Newman Club will be the host at a roller skating party which will be followed by a dance. Student Christian Fellowship is bringing some good country atmosphere to our surroundings, with a square dance which will be held on Saturday, Feb. 18.

National Brotherhood Week begins on Sunday Feb. 19 with the observance of The Universal Day of Prayer. A special service will be held in accordance with this on Sunday evening in the RIT Chapel.

Thursday, Feb. 23, an assembly will be held in the Ritter-Clark Memorial Building at 11:00 a. m.

Sincerely yours

Judy Newton, President
Religious Activities Association

Theme Set

A change in the line-up for the Saturday night dance during Spring Weekend has been announced. Buddy Murrow will play instead of Les Elgart and his band. The appearance of the Four Freshmen on Sunday still remains the same.

The committee has also announced the themes for the weekend. "European Holiday" is the central theme for the whole Spring Weekend. Friday afternoon and evening has a setting of "World Fair - Brussels," and Saturday's night dance will have a Rome setting. Sunday is to be centered around returning to New York with the Four Freshmen.

This year Spring Weekend will be under the general leadership of Kay Richane with Fran Chiacchierini serving as co-chairman. Ray Mahoney will be in charge of the Friday afternoon parade, Bob Jankowski of the afternoon show and Bill Ferguson and Leni Lee Lyman will be in charge of the Friday night events.

The dance on Saturday evening will be under the chairmanship of Carl Telban. Sunday's event will have Fran Chiacchierini as chairman.

Other committee heads include: Mr. Campus, Dick Justino; Pub-

CCC Planned

The Constructive Criticism Campaign, that tension-ender, peeve-mender campaign will be initiated at RIT again. Here's your chance to express criticism of your school to a group intently interested in listening.

Student Council is sponsoring this campaign to become better familiar with the criticisms of its association so that it may be better informed of the interests of the student. The type of criticisms expected would be in the areas of student organizations, facilities, social events, and also administration-student-faculty relations. Another area of extreme interest to Student Council is that of Assembly programs. Suggestions pertaining to types, frequency, and possibly specific groups or individuals would be beneficial.

Although your criticism is valuable, it is even more so if you have a suggested solution, though this is not necessary.

Public Relations and Publicity, Jack Trickey; Advertising, Mike Lavine; Tickets, Dick DeSarra; Printing, Dick Ferris; Gifts, Dick McCormick; Electrical Equipment, Jerry Huffman; and Judging, Ed Lazarus.

Dean's List Announced

Dr. Leo F. Smith, Vice President in charge of Academic Administration has announced that 129 RIT students have made the Dean's List for the Fall Quarter.

Business Administration, and Printing had the largest number of students on the list, with 23 from each.

Business Administration: 1st year students: Donna Bailey, Mary G. Ferguson, Bonnie Gare, Norman Gath, Judith Kaiser, and Elaine Kendrick. Also Gary Lindsay, David Rumfelt, Ann Vitale, Nancy Walters, and Karen Welter. 2nd year students were: Clifford Brown, Paula Burrichter, James Carey, Lawrence Downs, Joyce Joseph, and Brenda Romball.

Third year students were: Kenneth Hartman and David Wurtenberg. Among fourth year students named to the list were Ronald Hough, Moreland Lysher Jr. Kamal Richane and Sol Schick.

In Printing were first year students Eric Anderson, John Bates, Marvin Getlen, Robert Greene, Louis Jacobson, Robert Laffler, Richard M. Mann, Thomas Sabanosh, Wayne T. Stanek, and San K. Tan.

Second year printers making the list were: Matthew Arena, William O. Kiefer, Frank Lentz Jr., Karl Thurber Jr., and John D. Turek. From the third year were Allan Shepard and John Spear. Fourth year students were: James Anderson, Robert Cully, John Lattimore, Dever Pedley, James Tisdale, and Frank Warren.

The Electrical Department had the next highest number of students with 17. They were: First year: Harold Butler, Michael Crowl, Hugh Davies, Robert Jennings, Louis Leone, and Douglas Saunders. The only second year student on the list was James D. Starr. Third year students who were on the list were: Charles Dunham, Carl G. Love, Donald Quant, and Corrado Zollo.

The four fourth year students were Eugene Finger, Ronald Hamlin, Donald Huot, and James Kubinec. Alfred Gutzmer, and Raymond Thompson were the only two fifth year Electrical students on the list.

Photography, and Retailing were represented with 14 students from each. In the School of Photography: First year: Richard Fisher, Edward R. Kob and Harry Parsonage. Second year students were Russell Flint, Grant R. James, Donald Lehmbeck and George E. Murray. The two third year students were Lawrence Albertson, and Donald Gaffney. Fourth year: Richard L. Banks, Carol Edwards, Carl Dumbauld, Jack Franks and Clarence Robertson.

(Continued on Page 7)

National Conference Sponsors Week's Activities

Special events in more than 10,000 communities throughout the United States will mark Brotherhood Week, Feb. 19-26. Sponsored by the National Conference of Christians and Jews, the Week's programs are designed to extend the work of the Conference, which stimulates year-round projects in colleges, schools, churches and synagogues; labor, management and community organizations; and in all media of mass communication.

The theme of Brotherhood Week is "Brotherhood: Believe it!—Live it!—Support it!"

According to Dr. Lewis Webster Jones, President of the National Conference, the purpose of the Week is to give people an opportunity to re-dedicate themselves to the ideals of respect for people and human rights.

"We try to dramatize the practical things that people can do to promote understanding and realization of those ideals," said Dr. Jones. "Brotherhood Week is essentially a campaign against the prejudice and bigotry that distort and distort religious, business, social and political relations.

The principal aim of Brotherhood Week, states Dr. Jones, is to urge people to do more than give mere lip service to the principles of brotherhood. "By getting to know the other fellow, the one who has a different creed, race or national origin from yours, by understanding his viewpoint, his ambitions and goals, you will find that old prejudices disappear.

"You'll find that we are all one family made strong and great by the very differences that so many times divide us as individuals and groups. You'll learn to accept or reject a person strictly on his merits as a human being and not because he happens

to be different from you. "We hope that during Brotherhood Week people will begin to get to know and appreciate each other—to make brotherhood a year-round practice."

The National Conference of Christians and Jews founded in 1928, after the Alfred E. Smith campaign for the Presidency of the United States. At that time, many people felt that a vicious storm of anti-Catholicism had swept the country.

Charles Evans Hughes, Newton D. Baker, S. Parkes Cadman, Roger W. Straus and Carlton J. H. Hayes and a number of other great leaders decided there was an urgent need for an organization to combat, not only anti-Catholicism, but any form of bigotry that tried to turn one group of Americans against another.

The NCCJ, started with a one-man office and a budget of \$10,000, has since grown to a nationwide educational program with 64 regional offices and 154 chapters. Its Brotherhood Week is observed in more than 10,000 communities throughout the United States. The current NCCJ budget is approximately \$3 million. The Conference is supported entirely by voluntary contributions from individuals, corporations, foundations and organizations.

The purpose of NCCJ, as stated in its by-laws, is: "... to promote justice, amity, understanding and cooperation among Protestants, Catholics and Jews, and to analyze, moderate and strive to eliminate intergroup prejudices... with a view to the establishment of a social order in which the religious ideals of brotherhood and justice shall become the standards of human relationships."

ORATORICAL WINNER—Harold Leader, president of RIT's Young Republicans Club, participates in the recent oratorical contest sponsored by the Forensic Society and TKA. Leader went on to win the contest. (Barley Photo)

EDITORIAL

Brotherhood—Basis of American Way of Life

Our American way of life is based on the concept of brotherhood: giving to others the same rights and privileges we would like for ourselves. The challenge to all of us today — labor, management, government — is to implement this principle to its fullest extent in practice, so that we may maintain and expand our way of life for the benefit of all.

One need only look back over the events of last year, both at home and abroad, to be reminded of the need to renew our devotion to the American ideal of brotherhood in order to create a better understanding among all religious and racial groups and to eliminate intergroup prejudices.

It is fitting that we have this opportunity each February during BROTHERHOOD WEEK to rededicate ourselves to the cause of understanding and fair play among all men — and among all nations as well.

America is the home of the greatest experiment in liberty and equal rights ever developed by man. Here we have demonstrated before the world, the ability of men and women of good will to live and work together in peace and harmony, regardless of differences in race, creed or cultural background.

Despite the success of these efforts, there are times when we have failed to measure up to our democratic ideals and to the basic teaching of both Christians and Jews — the brotherhood of man under the Fatherhood of God. And because of this, it is important that we take inventory from time to time and unite our efforts to promote better understanding and cooperation among all people of the world.

It is our hope that during BROTHERHOOD WEEK, we will consider these principles so as better to know and appreciate each other and to make brotherhood a year-round practice.

Man and Brotherhood

Brotherhood is a simple idea as abstract concepts go. But it has tremendous implications for mankind, and Brotherhood Week is a good time for us to review them.

When we speak of brotherhood, we mean that relationship which ought to exist between man and man, nation and nation.

We mean a relationship which, if implemented, would bring about a world functioning as one family.

Here's where our aspirations and our behavior seem to come into conflict. We want to love our fellow men. But aren't we taught to fear strangers.

We want to understand our fellow men. But their ways are different and it is difficult for us to accommodate to their ways or they to ours.

We want to share our blessings with our fellow men. But if we do, will we have enough for ourselves?

We want to help our fellow man. But if we do, will they help us when we need them.

Fear and ignorance are the great enemies of brotherhood. And yet the idea persists, has persisted since man has been able to put images together at will in the process called thinking, and will not die.

Why? Because humankind is one family. Not brothers perhaps; cousins more nearly. We have climbed the ladder together and we are as dependent on one another for survival as we are upon the sun and the air we breathe.

The lives we live today are as they are because of what others of the race did years and years ago.

And life in the ages to come, if there is any, will be, in part, of our making.

We will build well if we do so in the conscious spirit of brotherhood.

The Denver Post

Who Caused Weekend to be Closed?

In answer to those who may be wondering who caused Phi Sig's weekend festivities to be closed to all but Greeks:

You did.

In addition, look for more closed events in the future.

The reason: in past years, the Greek organizations have invested heavily in social affairs, in an effort to expand the campus' social slate. Thus they expected, and counted on, "independents" taking advantage of the opportunities provided. And they took a financial pasting as a result.

CAYLEY'S CORNER

Brotherhood Week

Coming up,

Years ago,

When

Some big shot

Proposed "Brotherhood Week"

Many of us said -

"That's a laugh!"

And

When meetings about

"Brotherhood"

Were held

Lots of us

(Then) brittle cynics

Sneered -

"Meetings! Schmeetings!

Let's have some Brotherhood,

Thank you, instead!"

But,

Do you know -

There has certainly

Been a change!

Education does work!

And

I don't think

I'm just being

An oily optimist

Either!

I can certainly

"Name 3"

(and more)

Evidences of growth

in Brotherhood

Since

I was a campus radical!

In spite of New Orleans!

And

What's more

I don't believe

That you can grow

In

Brotherhood,

Without

Achieving some sense

Of

A common FATHERHOOD!

They seem sort of

Inseparable

To me!

Yep.

Fatherhood is

Sort of

Pre-requisite!

Chaplain M.A.C.

Letters to the Editor

Dear Editor:

How was the name for the snack bar chosen? This is a mystery even to members of Student Council that have been asked this question.

I do not, at this time, wish to comment on the name that has been awarded the snack bar, but I do think the entire student body certainly should have had the opportunity to vote in this matter. Perhaps naming the snack bar was taken too lightly; perhaps many students think the entire so called "contest" was ridiculous. Perhaps it was, but if student apathy toward our "concrete campus" is to decline, a better job of handling and organizing student campus activities has to be done. Better communications between students is a good place to start.

To sum up, who, or what group, made the final decision to call the snack bar "The RITskeller?"

Richard D. Kast

Latest and Greatest:

Howcum Mr. Campii became so bashfull just as things started to move? . . . It is more than likely that the afternoon skits, floats and night shows will be subjected to censorship. . . . If S.W. is to be wet you owe your thanks to Mr. Ehrenberg, he's working hard. . . KSK and PSK have a new sport; Bung Races, like golf the whole thing is in the grip. . . TEP is having a closed, open to friends, party that should end all parties. . .

After council stabbed the Greeks they asked them to provide a chairman. . . so they did. . . it sometimes amazes us that the Greeks continually turn the other cheek and do the work that will make SW a success and still reap a pile of grief. . . The CCC is back; start thinking again. . . Be the first kid in the block to own a genuine Bob Rolly song book; send a Jenny label, one dollar and a goldfish to Bob Rolly, c-o Attica, New York. . . Our choice for Mr. Campus: Puchinelli (just ask him).

In This Corner: How To Take

Notes.

If The Prof. Says:

You Write:

"The class Friday will probably be the most important of the year since we will throw it open to a general discussion of the main problems which have come to our attention throughout the course. Attendance will not be taken."

"No class Friday."

"Pages 24 through 39 are not required, but will prove of inestimable worth to the students in preparation for the final examination."

"Omit pages 24-39."

"The examination will test the student's overall comprehension of the subject and a thorough knowledge of theories behind the facts and their relevance to fields other than Economics will be absolutely necessary."

"Bull Exam."

"... the papers will be marked on a scale . . ."

"Bull Exam."

WRESTLING

Wrestling was a popular sport even before the Greeks and the Romans participated in the early Olympic games. This summer at Rome three American wrestlers won gold medals, reflecting the growing interest and popularity of the sport here in the U.S.A.

The sport began at RIT in 1927 when the coach of the team and now president of RIT, Dr. Mark Ellingson, led the first team of grapplers onto the mats.

In 1948 Earl Fuller became mentor of the wrestling squad. Since then he has put RIT on the wrestling map. His record is 89 won, 46 lost, and 5 tied. Over the last three years his teams have compiled a record of 35-8.

A series of injuries have plagued his team this year. As yet the entire first string have not all appeared in one meet. Despite the injuries the team still promises to be one of the strongest in RIT's history.

Charlie Missakian packs a lot of mat savvy into the 123 pound division. Included in his record is a one point loss to Gray Simons, one of the current national champs.

Returning to action this year, 130 pounder Dave Egan is developing rapidly and shows promise of becoming a vital link in the lineup.

Last year Ramon West, the Baltimore Bullet, won the 137 pound Championship in the 41 tourney. This year he placed third in the Wilkes Tourney. His three year record is currently 26-2-1. This represents a team point total of 103-8.

Perhaps the most underrated member of the team is 147 pounder Jim Kennedy. His three year record of 24-3-1 is among the best in the history of RIT. His record represents a team point accumulation of 84-11.

An injured elbow has kept captain Dick Zoyhowski out of 157 pound matches but should be healed soon. Last year he placed second in the Wilkes Tourney and won the 41 champion. His three year record of 27-1 includes a 22 match undefeated string. His team point total is 86-8.

Some quick addition will show the tremendous value that the torrid trio of West, Kennedy and Zoyhowski represent. The won-lost-tied record of the team is 74-7-3. This represents 273 points against only 27 opponents.

Filling in for Dick Zoyhowski has been Roy Hiller. His career work places him strongly in next year's plans.

The only sophomore in the lineup is 167 pounder Jerry Manek. He has already proved tough and his continued development will make him hard to back up the heavier weights. Backing up the heavier weights is Bob Cully. So far this season he has wrestled all weights from 167 through heavyweight.

Fully recovered from an injury that shelved him last season, 177 pounder Dave Zoyhowski is again showing the form that made him a big winner last year.

Ken "Moose" Klaus got a great start in the heavyweight division only to have an injury slow him up temporarily. Development over the past two years indicates that he should come into his own this season.

The three remaining members provide a chance to build a fine wrestling team in the future. The torrid trio of West, Kennedy and Zoyhowski is undefeated in action in every match and promises to be exciting and enjoyable.

Keeping Up With Institute Alumni

Where They Are — What They're Doing

ENGAGEMENTS

Announcement of the engagement of Miss Suzanne Ellis to **Charles Tholstrup**, son of Mr. and Mrs. Henry Tholstrup of Willowbend Road is made by her parents, Mr. and Mrs. Harry Ellis of Scotia. Miss Ellis was graduated from the State University of Education at Plattsburgh. Her fiancé was graduated from RIT, Electrical Department, Class of '57. Mr. Tholstrup was affiliated with Sigma Theta Gamma. A March 25 wedding is planned.

Mr. and Mrs. Earl C. Conklin of Quaker Way, New Jersey, announce the engagement of their daughter, Miss Joan Helen Conklin of San Francisco, to **Floyd Lawrence Alfson** of Burlingame, California. . . . The prospective bridegroom is the son of Mrs. Alfred Alfson of Williston, N.D. and the late Mr. Alfson. Miss Conklin, attended Cazenovia Junior College. She is a stewardess with United Air Lines, based in San Francisco. Mr. Alfson at-

tended the University of Montana and was graduated from RIT, School of Photography, Class of '52. He is now a first officer with United Air Lines, San Francisco.

MARRIAGES

The wedding of Miss Rosemarie Curcio, daughter of Mr. and Mrs. Dominic Curcio of Newark, New York and **John Lapomarda**, son of Mr. and Mrs. Michael Lapomarda of Seneca Falls, New York took place on October 22, 1960. Mrs. Lapomarda is a graduate of St. Mary's School of Nursing, Class of '58. John is a graduate of RIT, School of Printing, Class of '55. The Lapomardas are residing at 723 South Main St., Newark, New York.

Announcement has been received at the Alumni Office of the marriage of **Miss Florence C. English** and **Henry D. Hannah**, both of Storrs, Connecticut. The wedding took place on September 21, 1960. Mrs. Hannah is a graduate of the School of Art and Design, Class of '24.

Alumni on Faculty

(Editor's Note) This is a new feature that we are adding to the Alumni Page of the RIT REPORTER. We hope that it will prove interesting and enlightening to the members of the Alumni Association.

One of the many alumni who are presently members of the RIT Faculty is **Christopher Nilson**, a 1958 graduate of the Mechanical Department of the College of Applied Science.

A native Rochesterian, Chris came to the Institute as a student in the fall of 1953. During his undergraduate days he was a member of Theta Gamma and the American Society of Tool and Manufacturing Engineers. He served as corresponding secretary for the fraternal group.

Christopher Nilson

Upon his graduation, Chris decided upon a career in college teaching. For further preparation for this field, he entered Worcester Polytechnic Institute at Worcester, Massachusetts. He completed his studies there in June of 1959, receiving a Master of Science Degree in Mechanical Engineering.

During his studies at Worcester Polytechnic Institute, he became interested in the study of powdered metallurgy. Pursuing this interest, he elected to write his master's thesis on the subject.

He joined the faculty of RIT's Mechanical Department in the fall of 1959 as an instructor. He is presently teaching freshman physics, engineering drawing and metallurgy within the department. In the Institute's extracurricular program, Chris is an advisor to Phi Sigma Kappa, the national fraternity that was formed from Theta Gamma, to which he belonged as an undergraduate.

To occupy his spare time, Chris counts rifle and pistol marksmanship among his hobbies. He is also an avid fisherman. Photography and wood sculpture are also numbered among his interests. His enthusiasm for fishing has led him on several trips to Canada.

Alumni Association

Holds Bridge Tourney

"An Evening of Duplicate Bridge" sponsored by the RIT Alumni Association attracted forty people to the bridge tables on January 27, 1961. The affair was held in the Pioneer Room of Nathaniel Rochester Hall.

Proceeds from the event will benefit the RIT Alumni Scholarship Fund. This scholarship fund, open to all students, is administered through the Institute's Scholarship Committee.

In duplicate bridge, each pair of East-West and North-South players compete against the other teams in their category on a point basis. Comprising the top East-West team for the evening were two electrical students, Tom Frantz and Ron Hamlin. Also among the winners were Mr. & Mrs. Earl Lewis. Mrs. Lewis is a secretary in the Evening College.

Final scores and standings of the teams were mailed to each of the participants following tabulation by the Director. Prizes for the evening were also mailed following the official tabulation.

Midway in the evening, refreshments were served and the players had an opportunity to exchange comments on the first half of the play.

Directing the duplicate play was Mr. Eugene T. Natale, a 1942 graduate of the Chemistry Department. He is the current president of the Alumni Association and is also president of the Kodak Bridge League. He used a Mitchell movement for the play which was conducted under the rules of the American Contract Bridge League.

The Alumni Association will hold another such affair on Friday evening, March 10, 1961. It will also be held in the Residence Hall and will be called "Another Evening of Duplicate Bridge". Admission is \$3.00 per couple and tickets are available from the Alumni Relations Office. It should be noted that anyone who plays bridge can play duplicate.

Company Coming? We'll Put Them Up!

For weekend guests, there's no better place than **Mohawk Manor** for proximity to the campus and downtown, comfortable rooms, moderate prices.

Council Notes

Monday night's brief council meeting saw only a few items of business discussed.

Kamal Richane, social division chairman, announced the theme for Spring Weekend as "European Holiday". In carrying out this theme, each participating organization will represent a European country of their choosing.

He also explained that dialogue used in skits for the weekend will be reviewed in advance by the Spring Weekend committee.

The trip to Europe by RIT students this summer is still open for applicants. Charles Decker reported the quota of 75 is eleven short. Date of the trip is Aug. 21 through Sept. 21.

The noise conditions prevailing in the library are being remedied, according to photography representative Don Lembeck. This was in reference to a motion brought before council several weeks ago pointing the existence of these disturbances.

Council was reminded by President Beusch that next week's meeting will be devoted to a brainstorming session.

Dean's List

(Continued from Page 2)

First year Retailing students on the list were: Elizabeth Alessi, Virginia Ballou, Grace Dalton, Elaine Holschuh, Elizabeth Meyer, Dorothy Rodecker, Edward Scheideler, Maria Tedesco, Bonita Thiel and Corrinne Wright. Jane Hunt and Jacquelyn Rosser were the only second year students and Pat Mathews and Janet Ross were the only fourth year students on the list.

The Chemistry Department and SAC both had 11 students on the Dean's list. In the Chemistry department they were first year students James T. Frazer, George W. Sovocool, James W. Wilson, Kay L. Frey, Diane Hoogendoorn, Carole Romball and Jacqueline L. Snyder. Peter F. Cullen and Charles L. Myers were the only second year students on the list. Sally L. Marsh represented the third year and Carl Frank represented the fifth year.

In SAC there were first year students Julie Baldwin and Kathryn Simon, third year students Nancy Stubing and Richard Swartz, and fourth year students Robert Howe, and Louis Pezzuti. Fifth year students from SAC were William Keyser, Richard Abnet, Patrick Maher, Peter Riley and Thomas Wilson.

There were ten students from Mechanical. These were: first year: Richard Hoppe, William Peck, John L. Piechota, and Eugene Vidmantas. There were no second year students and only Richard Evershed from the third year. George E. Bohrmann, John P. Swapceinski, and Fred J. Wilson. John Beusch, and Philip Lopez represented the fifth year.

In Art and Design second year students Albert Gollner, and David Rogers, and fourth year students Jennifer Brennan and Eunice Woodward were named to the list.

Roy A. Lattime from the third year and David Campbell of the fourth year were named to the list from Food Administration.

Student's Wives Plan St. Valentine Party

The RIT Student's Wives Association will sponsor a St. Valentine's Party on Friday, Feb. 17, at 8:30. The party will be held at the Ukrainian-American Club, 292 Hudson Avenue.

Married students and their wives are invited to participate in the event which will include dancing, games, and refreshments.

There will be no admission charges for this event.

My 16 Minutes in Space

By Ham

I don't know what all this fuss is all about. It was just a routine flight. Strictly routine from count-down to pick-up. Just because I was the first primate to fly through space everyone gets excited. Do you know that four soap companies have asked me to indorse their product. "When in Space - Be Safe, Don't Offend." A maker of a headache remedy wanted me to say that I took their product for my tension headache and that my stomach was not upset in space. Balderdash! Strictly routine.

The blastoff was a jolt. Accelerating to 5,000 miles an hour in a few seconds is a tough kick in the stomach to take.

Was I worried? Not exactly

worried. I knew that if the humans we chimps are forced to work with stayed on the ball, everything would be OK. I had a few misgivings when I saw that the groundlings had put too much soup in the stick and that I was being blasted 40 miles higher and 130 miles further than planned. But I was prepared for that. Even when my speed zoomed 800 miles faster than what we had talked about in the briefing, I wasn't too worried. I knew that I could handle it. The only thing I wondered about was how the boys on the ground were taking it. I was afraid they'd panic and I'd have to float around in that capsule past lunch time. I always worry about missing lunch.

Pass me another banana.

Automotive Service

JOHN C. DiBELLA

Gas, Oil, Lubrication, and Minor Repairs

PARKING for evening students \$.25
(Free with 10 gal. of gas or \$3.00 service)

Located opposite RIT Men's Dorm LO. 2-9480

Loan Fund Set-up

A loan up to one-fourth of tuition costs can now be obtained from the new Student Association Loan Fund.

Although no interest is charged, all loans are payable one year from the date on which the money was borrowed. A \$3.00 Service charge is the only additional expense.

This loan fund has been recently set up in order to make constructive use of the former Surplus Fund of the Student Council.

Any upperclassman having approximately a 2.2 grade point average or better may apply for such a loan by seeing Mr. David Calman, Institute Bursar in the main office.

Evening School Food Course To be Repeated

Due to the overwhelming response to RIT's new Evening School course, The Art and Science of Quantity Food Preparation and Serving, (RIT Reporter 1-20-61), the course will most likely be given again.

According to Miss Elizabeth A. Hurley, Coordinator, Department of Food Administration, plans are now being made to conduct the course again next September.

There are at present enough applications over the limit of the present course which started Feb. 1 to warrant the course be continued.

IBM WILL INTERVIEW FEBRUARY 16

Candidates for Bachelors or Masters Degrees are invited to discuss opportunities in:

Engineering and Science

This is a unique opportunity to find out about the many career opportunities at IBM. The IBM representative can discuss with you typical jobs, various training programs, chances for advanced education, financial rewards, and company benefits—all important factors that affect your future.

SOME FACTS ABOUT IBM

An Unusual Growth Story: IBM has had one of the exceptional growth rates in industry. It has been a planned growth, based on ideas and products having an almost infinite application in our modern economy.

Diverse and Important Products: IBM develops, manufactures and markets a wide range of products in the data processing field. IBM computers and allied products play a vital

role in the operations of business, industry, science, and government.

Across-the-Country Operations: Laboratory and manufacturing facilities are located in Endicott, Kingston, Owego, Poughkeepsie and Yorktown, N. Y.; Burlington, Vermont; Lexington, Ky.; San Jose, Calif.; Bethesda, Md.; and Rochester, Minn. Headquarters is located in New York City with sales and service offices in 198 major cities throughout the United States.

The Accent is on the Individual: No matter what type of work a person does at IBM, he is given all the responsibility he is able to handle, and all the support he needs to do his job. Advancement is by merit.

The areas in which IBM is engaged have an unlimited future. This is your opportunity to find out what that future has to offer you.

Call or stop in at your placement office to arrange an appointment with the IBM representative for the date above. If you cannot attend an interview, write or call the manager of the nearest IBM office:

Mr. A. E. Brown, Branch Manager
IBM Corporation, Dept. 882

Grapplers Tie Lock Haven

With the entire first string varsity in action for the first time this year, Coach Earl Fuller's grapplers drew with a strong Lock Haven State squad 13-13 last Saturday.

Snow storms created some anxious moments during the trip into Pennsylvania but the result of the meet, which Coach Fuller called "a good change of pace" made the hours of traveling worthwhile.

The meet featured a come from behind finish thanks to the heavier weights in the lineup. After the 157 pound match the Tigers trailed 11-6 and the outlook appeared bleak. Two RIT wins and a draw in the final three matches gave the Tigers the boost they needed to gain the tie.

In the 123 pound opener Charlie Missakian clashed with Elliot Simons, Lock Haven's national champion. Missakian wrestled a smart match and the best that Lock Haven could come up with was a decision victory.

Dave Egan continued to draw some of the tougher opponents in his 130 pound weight class. Fred Powell proved to be part of a powerful Lock Haven opening one-two punch and defeated Egan by decision.

At 137 pounds Ramon West remained undefeated for the last two seasons as he decisioned Lock Haven's Charles Walizer 4-2. A take down in the final period proved to be the margin

of victory for the Baltimore Bullet.

An early break which gave his opponent five points led to 147 pounder Jim Kennedy's first defeat of the season. Although he came back strong later in the match Kennedy dropped a 6-4 decision to Lock Haven's Jack Day.

Captain Dick Zoyhowski returned to action for the first time in over a month, recovered from an elbow injury. In his 157 pound match he wrestled to a 3-3 draw and was pressing his opponent, Roger Cook, throughout the final period for a winning take down.

Jerry Hejtmanek returned to the winner's column with a 4-3 decision over Lock Haven's Bill Bailey. An escape in the third period gave Hejtmanek the edge he needed to pull out the victory.

At 177 pounds Dave Zoyhowski continues to look increasingly tougher with every match. A reversal, coupled with the excellent riding he did throughout the last two periods gave Big Zye a convincing 3-0 win.

With the score tied 11-11 going into the heavyweight match the outcome was in the control of Ken Klaus. With the packed stands going wild, Klaus scored an escape in the last minute to tie his match at 5-5, the meet at 13-13.

Fencers Beaten By Toronto Univ.

For the second week in a row the Tiger fencing team dropped a 14-13 decision to the University of Toronto bladesmen. Last Saturday the Tigers had the advantage of competing at home in the Ritter-Clark gym but the final result was the same as a week ago in Toronto.

Toronto won the meet by dominating the foil and epee contests while the Tigers proved to have most of their power in the sabre division.

In the foil division Toronto swept to a 7-2 advantage. John Capurso and Bill Ottemiller both compiled 1-2 records for the Tigers with Dan Mitchell coming in at 0-3.

John Capurso led the epee team with a 2-1 mark but it was not enough to put the Tigers in front as Toronto won the weapon 5-4. Jim Mason and Bill Ottemiller finished with 1-2 records to round out the Tiger action in the epee division.

Again the bulk of the Tiger attack came from the sabre fencers. Ron Bambas led the Tigers to a 7-2 advantage with his perfect record of 3-0 in the contests he fenced. Also proving tough were Jenó Horvath and Jim Mason as they both finished up with 2-1 records.

By winning his three sabre matches All-American Ron Bambas still remains undefeated for the season and has won 15 bouts in a row.

This weekend the swordsmen will take a breather in the schedule but will return to action the following weekend in a three-way meet with Syracuse and Utica in Syracuse.

Cagers Drop Two Games

HOT POTATO—Lamoureux and opponent fight for ball.

(Nance Photo)

Having a rough weekend, the RIT cagers tacked on two more losing efforts to their record, bringing it to 3-12.

In Friday's game against Baldwin-Wallace, bad passing stopped the Tiger offense cold, the final score being 92-57. Bill Lamoureux was high man with 18 points.

Saturday's game against Toronto brought another injury to the Tiger lineup. This time it

was team captain Kay Kramer who had to leave the game early in the first half because of torn ligaments in his left foot. The Tigers came out on the wrong side of a 103-64 score. This was the first loss suffered by the Tigers in Toronto since 1955! High scorer for RIT was John Berdine with 16 points. Dave West scored 35 points for Toronto and played only 20 minutes of the game.

Sidelights on Wrestling

In the preliminary action the Lock Haven jayvees downed the Tiger's jayvees 22-6 as the Tigers won only two matches. One of the two winners was Captain Barry Liebl who won his fourth match in five outings for Coach Gary Dotzler.

This Saturday night the jayvees and varsity squads face the Lycoming jayvee and varsity squads

here at the Ritter-Clark Gym. The Lycoming team promises to be another tough test for the Tigers, as they come from the same area as Waynesburg, Bloomsburg and Lock Haven and always have a strong team. The jayvee meet begins at 7:00 p.m. and the varsity will follow at 8:30 p.m.
