Student Action Committee seeks answers from administration

The Student Action Committee and the administration met in the Ritter-Clark gym at the Activities Hour on April 19. The committee scheduled the assembly to ask the administration questions prevalent around campus, and to allow the administration to answer in public before the student body.

Representing the administration were Dr. James B. Campbell,

vice president of Student Personnel Services; Dr. Leo F. Smith, vice president of academic administration; Frank H. Benz, vice president of business and finance; and R. H. Tollerton, business manager.

W. Frederick Craig and David G. Gregory (Photo 3) represented the *Reporter* as advisor and editor, respectively.

Student government was represented by David H. Rylance (Pr 4), Student Association president; Ray Baker (A&D 3), Student Association vice president, and Robert Webster of the School of Printing faculty, Student Senate advisor.

The Student Action Committee was composed of Wayne Gilgore (Pr 3), chairman; Robert Macur (Chem 3) and James Esser (Photo 1). Richard Neidich (Photo 4) sat

on the panel because of his letter to the editor concerning the *Reporter*.

Hank Olson (Photo 3) served as panel moderator.

The discussion began with the question of policy and how it is made, directed primarily at Dr. Campbell and the student government group.

The committee continued questions about the *Reporter* with

the questions being asked of Craig and Gregory.

The greatest section of time was taken up with questions concerning current student problems: prices in the bookstore, housing, limited dorm space, censorship, and tuition increases. Following the panel discussion, questions were taken from the floor.

Drama Guild to present 'The Brute' on May 10; Evrard cast in lead role

On Tuesday, May 10, in E-125, the RIT Drama Guild will present *The Brute*, a farce by Anton Chekov. The story takes place in the residence of Mrs. Popoff, who is outwardly mourning the death of her husband. Mr. Smirnov, a creditor of Mrs. Popoff, has come to collect his debt. The servant, Looka, aids the plot with his actions and peculiarities.

Janice Aspridy (A&D 1) plays

Mrs. Popoff, Joseph Evrard (Photo 4) plays Smirnov, *The Brute*, and Gary Webb (A&D 1) plays the servant, Looka. Mrs. Duane H. Da-Boll is the director.

The first public appearance of the play by the Guild was extremely well accepted by residents at the County Infirmary on April 16 and the Guild will be on the road again on May 16 when they visit the School 49 PTA.

Budget reflects increase

A preliminary operating budget which reflects a nine per cent (\$700,000) increase in overall expenditures has been adopted by the Institute's Board of Trustees.

Dr. Mark Ellingson, RIT president, said the Institute would operate during the 1966-67 academic year with an \$8.8 million budget. RIT will spend about \$8.1 million during the current fiscal year which ends June 30, he said.

The proposed expenditures include \$7.4 million (an increase of \$600,000) for educational purposes, and \$1.4 million (up \$400,000) for operation of the Institute's food services, dormitories, bookstore and auxiliary expenses.

Frank P. Benz, RIT vice president for business and finance, said the \$700,000 hike in expenses represented the college's attempt to "... make a continuing effort to raise the salaries of our employees and to add needed personnel in both faculty and administrative staff."

The expanded budget is also needed to meet the rising costs of Institute operations, he said.

It was estimated that approximately \$3.4 million of the 66-67 budget would be obtained from endowment income, corporation support and auxiliary enterprises. The remainder will be obtained (Continued on page 7)

Carl Rowan to speak at convocation exercises

Carl Rowan — the former ambassador to Finland, Assistant Secretary of State and U. S. Information Agency director for the Kennedy and Johnson administrations — will be the principal speaker at the Institute's 81st Convocation exercises Saturday, June 11, at the Rochester War Memorial.

This year's graduating class is expected to be the largest in RIT history, according to Dr. Leo F.

Smith, vice president of academic affairs. Last June, 1,183 persons received RIT citations ranging from Evening College diplomas to Master of Fine Arts degrees.

Rowan, who at one time was the highest ranking Negro in U. S. government, is currently writing a nationally-syndicated newspaper column. The column, "Rowan Writes," appears three times each week in the *Rochester Democrat and Chronicle*.

As a prize-winning writer for the *Minneapolis Tribune* from 1948-61, Rowan covered many of the major news events of the nation. His book "South of Freedom" also took its share of honors and because of this publication he was named one of "America's Ten Outstanding Young Men" by the United States Junior Chamber of Commerce.

Rowan made his entry into government service in 1962 when President John F. Kennedy appointed him Deputy Assistant Secretary of State. The next year he was named ambassador to Finland.

Later, as director of the United States Information Agency it was his responsibility to coordinate this key government agency which is charged with interpreting American policy and actions to the world.

Artists open studio, Gallery Imaginator

Twenty-five students from the Institute have opened Gallery Imaginator, "a collection of works by young contemporaries," at 340 Broad Street.

The students are from the School of Art and Design and the College of Graphic Arts and Photography.

Computer dance cancelled

Due to circumstances beyond the control of Alpha Phi Omega and Freshman Student Council, the Computer Dance which was to have been held Friday, April 29, had to be cancelled. A refund of over 500 tickets has been made by mail.

The sponsoring groups had arranged with Compatibility Research Inc. in Cambridge, Mass. to process the data collected from the participants through their *Operation Match* program. The completed matches were to be mailed to the participants 30 days before the dance so that dates could be arranged.

For reasons which were not completely clear at the time this was written, the results were never sent by Compatibility Research. The committee spent several days prior to the 29th trying to work with the Cambridge firm to facilitate the data processing; however, the attempts were in vain as Compatibility Research was not able to make a delivery date before the 29th.

Alpha Phi Omega and Freshman Council wish to extend their sincere appreciation to the many students who anxiously awaited the results of *Operation Match*.

Rettig heads AEP officers

A new slate of officers was elected by the brotherhood of Alpha Epsilon Pi fraternity on April 27. Philip Cohen, present Master, handed the gavel to newly-elected Master Edward Rettig (Pr 3).

Rettig's new Executive Board will consist of Stuart Shaub (Bus Adm 4), lieutenant Master; Ronald Goldberg (Bus Adm 3), exchequer; Edward Kagan (Pr 2), scribe; John Kenny (Ret 4), pledge-master; David Folkman (A&D 3), sentinel; and Robert Meyers (Pr 4), social chairman.

The new officers will be inducted at the First Annual Induction Dinner of the fraternity on May 14 at the Midtown Tower Restaurant.

Hallauer, who is chairman of the Board of Directors of Bausch and Lomb Inc., and Mrs. Webb, chairman of the Board of Trustees of the American Craftsmen's Council, New York City, were cited for their many years of service to the Institute.

Also reelected to four year terms were Lynn N. Bitner, Howard F. Carver, Brackett Clark, A. Dexter Johnson, Byron Johnson and Thomas F. Judson.

topography. They pooled their "meal money" to get enough for renting the studio. Future sales, they hope, will provide money to keep the studio in business.

Most of the contemporaries are second and third year students at RIT and many have had one man shows in Rochester and other upstate cities.

The gallery will feature prints, drawings, paintings and photographs, all in the contemporary mood. Prices will range from \$5 to \$150.

Tony Petracca, a third year art and design student, is heading the all-student effort.

A special open house for faculty members and guests was held April 22.

The gallery will be open weekdays from 5-9 p.m. and from 11 a.m. to 7 p.m. Saturdays and Sundays, according to Petracca.

quote the receipts and expenditures for the bookstore because the bookstore is run as a part of all the services at RIT, and is not accounted for separately. Benz and Tollerton said that some of the items were higher in the bookstore than wholesale price, and in some cases the wholesale prices had been raised and the items were being offered at these rates. They said that the reason for additional costs are the lack of sales volume and the lack of storage space and high overhead.

Dr. Campbell explained that the freshmen are being allowed to occupy the housing space because of their inexperience with college life and apartment living, and also because of a lack of interest shown by upperclassmen in living in the dorm facilities.

Gregory and Craig explained that the *Reporter* exercises no censorship, except in the case of material which is libelous. Gregory explained that often he must edit poorly written material and put it in correct newspaper form, e.g. most important facts at the top, decreasing in significance. He explained that, due to space limitations, some stories must be cut and the reason for the newspaper form is that material is cut from the bottom of a story after it has been set and thus, should not affect the story.

No significant answers came from the discussion of the tuition increase because of its complexity. The highlight of the questions from the floor was a question by Gary Calderwood (Photo 3) about married student housing, to which Dr. Campbell replied that there are several possibilities of action if conditions are bad: you can stay and try to correct them, or you can transfer to another institution.

What's Wrong With the Baseball Team?

The recreation room in the Ritter-Clark gym was quiet except for the hum of the air conditioner. I was early for my appointment with Varsity Baseball Coach Bruce Proper. About 9:10 a.m. he came in, his arms loaded with textbooks and trophies.

This is a man who is constantly busy. This is a man who works hard at his job. Staying until 11 p.m., working at his job, is a common occurrence. This is a man who has great faith in the boys who play for him.

I remember asking him before the season began, what the Tiger's chances were for a successful season.

"We won't score many runs," the former Dodger said, "but our pitching and defense will pick up the slack. Bacon (Warren Bacon) has a great repertoire," said Proper. "He throws 'em all. Church (Gene Church) is a fastball artist, and both have great potential."

The pitching has not let him down. The defense has. Church and Bacon have done an excellent job. Greg Zimmer is the able third man of the staff. The defense has committed 10 errors in four games. At times it has sparkled. To win, it must be consistent.

If the Tigers are to do it, the hitting must come around. Al Cross has lived up to expectations. After four games, the New Jersey boy is hitting a neat .333. Keith Thompson, with no previous college ball, has solved the second base problem. At the plate he is adequate. John Serth, last year a .311 hitter with 9 RBI's has not got started. Mike Krembel probably will pitch as he did last year. Proper has only three pitchers and must come up with a late inning reliever. His pitchers are all overworked and all three have sore arms.

I asked Proper where the team is going from here.

"We'll win our share of games," he answered. "I have faith in the fellas."

I believe him.

Legler, Mitten, Captains of Golf Teams

Gary Legler has been honored by his teammates. They have elected him captain of the varsity golf team.

Arthur Mitten has been appointed captain of the freshman golf team by coach Earl Fuller.

Phi Sigma Kappa, Sigma Pi, or Theta Xi?

In the six-team IFC softball league, Phi Sigma Kappa, Sigma Pi, and Theta Xi are all tied for first place as of April 29. Theta Xi, paced by the homerun hitting of Jerry Wilhelm and the .500 hitting of Ed Russo, has exploded for 44 runs in four games. Phi Sigma Kappa has scored 32 runs in just two games. Sigma Pi has produced only 26 runs in two games.

Who will win the race? The betting in Las Vegas has it as a pick-em affair.

Tigers win over Alfred in lacrosse

The RIT Lacrosse Club traveled to Alfred last Thursday and outscored Alfred 10-6.

Second half goals by Bill Linthicum, Dan Viele, Phil Dean, George McGraw, and Mike Smith pushed the Tigers to their second win without a loss, while Alfred lost its second in two starts. The Saxons were to one goal in the second half after forging a 5-5 tie at halftime.

Bruce O'Palka, a freshman midfielder from Syracuse, scored three of RIT's first half goals. Linthicum had two for the game.

Junior attackman Keith Gregory scored four times for Alfred, but was a shutout in the second half.

Tigers beaten in Lacrosse

Brockport State trounced the RIT Tigers, 24-3, in lacrosse last Saturday at Brockport. The loss was the Tigers' first after two victories.

Joe Scalise scored five, and Dan Porter and Tony Badalato four goals each to lead the winners. Dan Viele scored two and Bruce O'Palka one to round out the Tiger scoring.

Varsity track team scores first win; freshmen place fifth in relay meet

by Jim High

RIT's varsity track teams started the season with a win over Roberts Wesleyan and a fifth place finish at the Mohawk Valley Relays.

On April 30, the varsity ran against Roberts Wesleyan in the first dual meet of the season at Wesleyan. The final score was 90 1/2 - 45 1/2, with the Tigers on top. It was the first win for the outdoor track team in school history. Walt Wilcox, Chuck Bennett, and Dick Poole were double winners.

Wilcox won the 100-yd. dash in 10.6 and the 330 intermediate hurdles in 42.5. He also tied for a third place in the broad jump and ran one leg of the winning 440 relay team.

Poole proved best in the high jump, and came back with a sizzling 53.5 for the 440-yd. dash. He ran on the winning mile relay team.

Bennett won the 120 high hurdles in a rapid 17.1. The time established a new school record in the events. The old record was 17.5, set in 1965. Bennett also tied for first in the broad jump with teammate Pete Basti. The jump measured 19'9".

Another of the school records to fall was that of the javelin throw. The old record of 146'8" was erased by Mike DiToro, who won the throw with a distance of 148'5". He also placed third in the high jump and shot put, and took second in the discus.

Bill Fretz won the 880 in a time of 2:05.3. The 440 relay team of Leo Derkowski, Joe Farrand, Wilcox and Lauterbach, and the mile relay team of Pete Kozowyk, Poole, Fretz, and Southworth placed first.

The April 27 relays at Mohawk, open to freshmen only, had 16 teams participating. When the

points were totaled, only teams from Cornell, Mohawk Valley, Colgate and LeMoyne outscored the Tigers.

Points scored for the freshmen came from four sources. A sprint medley team of George Southworth, Bob Lauterbach, Dick Henip, and Bill Fretz placed third. Jack Campbell, Bob Franzen, Fretz, and Southworth came back to take fourth in the two-mile relay.

Another third was taken by RIT's mile relay team, comprised of Al Norton, Fretz, Southworth, and Campbell. Placing fifth in the 440 relay were Mike DiToro, Wayne Belleau, Bruce Luders, and Lauterbach.

SPORTS QUEEN — Members of the RIT Lettermans Club have announced the selection of Miss Patricia Tancos (above) as the Lettermans Club Sports Queen for 1965-66. Pat is a fourth year student in Art and Design and hails from Spring Valley. She has been active in the Art Students Art Society, the Lettermans Club, cheerleading, and is a resident advisor in Kate Gleason Hall.

On May 1, Theta Xi swept two games, defeating Sigma Pi 27-7, and outlasting Phi Kappa Tau 11-9. Frank Romano blasted a four-bagger for Sigma Pi in a losing effort.

In other games played, Sigma Pi knocked off Alpha Epsilon Pi 12-8. It was the fifth straight loss for AEPI. Phi Sigma Kappa extended their winning streak to four games without a loss, beating Phi Kappa Tau 11-8. League leader Tom Hurtgen hit a three-run homer.

Tennis team wins over Potsdam 9-0

The Tiger varsity tennis team streaked to its third straight win of the season defeating Potsdam State, 9-0 at Potsdam. This gives them 17 wins in 19 tries since 1964.

Tigers Bob Costanza and Chris Delbert remain undefeated in singles competition. Neither was beaten last year in singles play.

The results: Bob Costanza def. Larry Pool (P), 6-0, 6-0. Chris Delbert def. John Armstrong (P), 6-1, 6-0. Al Uptis def. Dave McLeod (P), 6-0, 6-0. John Helms def. Howard Cohn (P), 6-1, 6-1. Andy Davidhazy def. Jerry Abrams (P), 6-3, 6-1. Bob Kayser def. John Malter (P), 3-6, 6-1, 6-3.

intent of our request. In addition, the carnival has no limit.

Therefore, due to the fact that the rules are not as we requested them, we regretfully state that Phi Kappa Tau will not enter the point competition of Spring Weekend. However, we do hope to enter the talent show.

Best wishes for a successful Spring Weekend.

mostly fiction

Dear Editor:

The editorial, SAC—Action or Agitation? is 1 percent fact and 99 percent fiction. Where is your proof, Mr. H.O.?

I and many members of this institute will be writing letters and editorials dealing with some facts and issues which your paper is lacking. I personally will prove the H.O. article to be a lie and back up my words with facts. Be prepared to save space (plenty of it) in your next paper. Also you can expect articles every week here after dealing with the bookstore and housing.

Sincerely yours,
Wayne M. Gilgore (Pr 3)

enough publicity?

Dear Editor:

I would like to inquire about your editorial supporting "... Baker and Staab as the only logical choices for next year's campus leadership."

As the "Official Publication of the Rochester Institute of Technology" is it to be assumed that said editorial reflected the views of the Institute (administration,

In other business at the meeting, it was announced that total enrollment for the Institute would surpass 12,500 for the current academic year, with 3,100 full-time students and more than 9,400 in Evening College programs. It was also announced that construction at the new campus is on schedule and the campus will be ready for occupancy in September of 1967.

faculty, student body, and Reporter staff included)?

Do you consider the photographs of the two presidential candidates to be adequate coverage of the entire Student Association election? How much time and space was devoted by the Reporter to the actual presentation of the candidates' campaign proposals?

Furthermore, do you feel that an official publication is justified in supporting causes and/or candidates without first describing in some manner the policies and proposals they represent?

As the Editor-in-Chief of the 966 *Techmila*, I would like to state that the yearbook publicly supported neither candidate. We did, however, urge every student on campus to listen to the candidates attentively, examine the merits of their campaigns, and respond accordingly in the election booths.

In closing, I must state that I disagree with your statement, "... the results are in before the votes are cast." It is my personal opinion that the results are not in until the Official Publication of the Rochester Institute of Technology cast its vote.

Attend Spring Weekend Events
May 13, 14, 15

WHAT SORT OF MAN ATTENDS SPRING WEEKEND?

A young student whose social interests are widely diversified and adaptable to a variety of social situations. He is equally comfortable in the atmosphere of an informal carnival, a sophisticated champagne breakfast, or a formal evening dance. Such a student usually follows contemporary entertainment trends, and frequently attends "in person" performances.
