

Day School Faculty Increased; 42 Members Added This Year

An increasing student body and the addition of new courses and programs has created a need for a larger Institute faculty. This year 42 new faculty members were added in the day school departments.

They are: **Electrical**, Frederick C. Burgwardt, M.E.E., Clarkson; Roy C. Shelton Jr., M.S.E.E., Toledo; **Mechanical**, William M. Baggs, M.S., I.I.T.; Dr. Bhalchandra Vasudeo Karlekar, Ph.D., Illinois; Robert N. Rich, M.S., Rochester.

Business Administration, Dr. You-Ken Chiang, Ph.D., Chicago; Alan J. Golden, M.B.A., Colorado; Mrs. Sally Hutteman, M. Rochester; Paul H. Van Ness, M.B.A., Michigan.

Art and Design, Andrew B. Gardner, M.A., Ohio State; Donal Lumbert, M.F.A., Syracuse; James E. Thomas, M.F.A., Penn State.

Photography, Donald L. Bruning, B.A., Athenaeum of Ohio; Richard Floberg, M.S., Boston; Glenn C. Miller, B.S., RIT; John F. Trauger, A.B., Bucknell; Eugene Tulchin, M.A., NYU; William C. Waldheim, B.S., RIT. **Printing**, Willis Johnson, B.S., Oswego; John B. Wordeman, B.S., Carnegie.

Biology, Dr. Robert L. Gering, Ph.D., Utah; Dr. Raymond Sowiński, Ph.D., Indiana; Dr. Egon Stark, Ph.D., Purdue; Dr. James C. Vandenberg, Ph.D., Washington State. **Chemistry**, Earl Krakower, M.Sc., British Columbia; Dr. Jerry M. Adduci, Ph.D., Pennsylvania.

Mathematics, Coenraad Bakker, M.S., SUNY at Buffalo; Albert R. Erskine, M.A., Michigan; Dr. Bing Kuen Wong, Ph.D., Illinois; Mrs. Joyce Chan Wong, M.S., Illinois.

Physics, Dr. Charles F. Hewitt, Ph.D., Missouri; Dr. Varadaraja

V. Ramam, Ph.D., U of Paris; Dr. James Rouvina, Ph.D., Rochester.

General Studies, William DeRitter, M.A., Rochester; William J. Kehoe, M.A., SUNY at Albany; Mrs. Bonita J. Longbeam, M.A., Maryland; Miss N. Evelyn Brandon, M.S., Howard; Louis E. Neff, M.A., Mexico; Nabil M. Kaylani, M.A., Clark; Mrs. Brita M. Reed, B.S., SUNY at New Paltz.

Computer Center, Edward F. Mann, M.A., Boston; Ronald Stappenbeck, B.S., RIT.

MODELS NEEDED

Girls, has anyone ever told you, you ought to be in pictures? Why don't you try our School of Photography? They need models for photographic assignments.

If you'd like to pose, apply in the Clark Building, C-317, on Saturday, Oct. 8, from 10 a.m. to noon.

Test photographs — pretty as a picture — will be taken and schedule cards will be filled in listing the model's available time.

Not only terrific for the ego but girls will get \$1 an hour modeling fee and a print for each assignment.

RIT now, Harper's and Vogue later!

SONGFEST—Students gather round at an impromptu hootenanny during the student-faculty picnic Saturday, Oct. 1. The event was a successful climax to a week of Frosh Daze activities. (Photo by Peter Loughane)

Freshman Aided First Week By Members of Frosh Daze

The Frosh Daze Committee helped register and entertain over 900 freshmen and students last week. Under the leadership of co-chairman Joan Davis (Ret 4) and David Jones many upperclassmen worked to make the first days of college easier for the frosh.

Moving In

The first task of Frosh Daze was to move the new students into their dormitories. The freshmen were greeted by "student red-caps," led by Neil Gorfain (Pr 3), who worked to send the many footlockers and suitcases to the proper floors.

The majority of students arrived between 9 a.m. and noon on Sunday, Sept. 25. At Nathaniel Rochester Hall it was estimated one freshman was moved in every 45 seconds during the peak of the rush.

Everything went smoothly until the freight elevator at NRH began

to overheat from the heavy loads of luggage. The luggage was piled in the Pioneer Room of the dorm until the elevator was again operative.

Registering

Frosh Daze representatives were on hand to help freshmen through the trials of registration last week. With this help, the freshmen were registered without much difficulty.

Entertaining

A busy week was planned for Frosh Daze. Included was a mixer for the freshmen, the All College Concert, the Freshmen-Faculty Picnic, and a dorm open-house at Nathaniel Rochester Hall.

The mixer was a get-acquainted dance, which gave the boys a chance to make dates for the rest of the week.

Ritter-Clark gym was filled to (Continued on page 6)

New Campus Roads To Honor Founders

The heritage and history of RIT became a reality at the new campus last week when the Board of Trustees moved unanimously to name the roads of the Henrietta complex after founders of the Rochester Athenaeum and the Mechanics Institute.

F. Ritter Shumway, chairman of the Memorials Committee, announced his committee's proposal for the street names at the board meeting Sept. 26.

The main entrance to the campus from Jefferson Road will be named Lomb Memorial Drive, in honor of Henry and Carl Lomb, founders of Mechanics Institute and first and fifth chairmen of the RIT Board of Trustees.

The second entrance from the north, also from Jefferson Road, will be Lowenthal Road, in honor of Max Lowenthal, a founder of Mechanics Institute and a member of the board for 29 years.

The north entrance from John St. will be Perkins Road, named for Charles Perkins, a founder of the Rochester Athenaeum.

Wiltsie Drive is the south entrance from John St., in honor of Charles H. Wiltsie, a founder of Mechanics Institute and member of the board for 43 years.

The north entrance from East River Road, which meets Lomb Memorial Drive, will be named Ward Road, in honor of Levi Ward a founder and first secretary of Rochester Athenaeum.

Andrews Memorial Drive, which traverses the entire campus, connecting John St. with East River Road, will be in honor of Mr. and Mrs. E. R. Andrews, founders of Mechanics Institute. Andrews was the second chairman of the Board of Trustees.

The Memorials Committee, which will also be charged with naming the buildings on the new

campus, includes Mrs. William S. Allen, Ezra A. Hale, M. Herbert Eisenhart, Carl Hallauer, Paul Miller. Ex-officio members are Arthur Stern, chairman of the Board, and Dr. Mark Ellingson, Institute president.

Alfred L. Davis, vice president of development and public relations, said the board's move "constituted a major first step in perpetuating the history and heritage of RIT at the new campus. He said naming of the new buildings was now in committee and would be ready for the board's approval shortly.

Davis added that all names presently given for downtown buildings will be used at the new campus.

While major dormitory units will be named by the trustees, David added, students will be responsible for naming the individual living units.

Ellingson Names Bjork as Assistant

Early in September, Dr. Mark Ellingson, Institute president, announced the appointment of Dr. Richard Bjork as assistant to the president.

Bjork will be concerned with all activities in the president's office and will assist Dr. Ellingson in administrative tasks.

Since 1963, Bjork has been associate dean for liberal arts at the State University of New York at Plattsburgh. From 1961-63 he was dean of students-director of program research at Austin College, Sherman, Tex.

Dr. Ellingson said in his memo to Institute faculty and staff, "It is my judgment that Dr. Bjork can strengthen the general ad-

Dr. Richard Bjork

ministrative structure of the Institute by acting in a staff position as my personal and professional assistant."

Bjork is co-author of "The International Programs of American Universities: An Inventory and Analysis." In addition, he is co-editor of four texts and books of readings on political science and international relations.

His memberships include the American Political Science Association, American Society for Public Administration, American Association of University Professors, and American Personnel and Guidance Association.

\$500,000 Fund Given to RIT

RIT will receive a \$500,000 endowment fund for a professorship in photography from the Master Photo Dealers' and Finishers' Association. The professorship was announced by H. D. Carhart Jr., chairman of the Education Committee, and president of Carhart Photo Inc., Rochester, at the annual meeting of the National Association of Photographic Manufacturers in Washington, D.C. on Sept. 8.

The professorship, first of its kind in the photography field, will be named for the late James McGhee, who was a vice president at Eastman Kodak Co.

RIT was chosen because "it is foremost in photographic education," Carhart said. The School of Photography expects to enroll 466 students this fall.

The McGhee professorship will coordinate two-year and four-year degree courses tailored to the industry's needs, working with an advisory committee from industry. Seminars for dealers, finishers, and manufacturers will also be organized.

FLU SHOTS

Dr. Victor S. Murphy, M.D., Director of Health Service, announced that "flu" shots will be administered to students at a charge of 50 cents. They may be obtained at the Student Health Service building.

editorials

only change is typical here

It's a welcome sight, indeed, to see RIT bustling with activity again after a typically dormant summer. With classes fully underway, student activities humming, and freshmen still "dazed" with that uncertain look, it's a typical opening of the fall term at RIT.

Typical in its outward appearance, that is.

No fall term is typical in the sense that it is identical to the last, because there are everchanging elements in an educational institution that make it a dynamic and exciting place to be.

Faces change from year to year, courses change, buildings get a face-lifting, styles change, tastes change, attitudes and outlooks change. And amidst all these changing elements, even people change.

They have to, because nothing really remains the same at RIT from one year to the next.

Take this year's freshman class. They're a little bigger, a little brighter, and (some say) a little better looking than last year's.

Take Charlie (the guy with three "pro's" last year). He'll be an honor student this term.

Take Irving (the bookworm). He was elected an officer of his club.

And take Zelda (no dates). Her face cleared up and now she has to turn the guys away.

Changes are all around us, though not all of them for the good. But one thing is sure—it is we, ourselves, who direct the course of change, whether good or bad.

Why not make this your year of change for the better like Charlie, Irving, and Zelda. Both you and RIT will be so much better off.

D.G.

heritage for RIT, too

An act to preserve the history of RIT made history itself last week as the Board of Trustees made a significant decision to name roads on the new campus after founders of the Rochester Athenaeum and Mechanics Institute.

It has been unfortunate that RIT, unlike its ivy-covered counterparts. (liberal arts colleges, etc.), has not been able to enshrine its heritage to a great extent. Because of its urban environment, the nature of its curriculum, and its rapid development in recent years, the Institute has found difficulty in developing meaningful traditions.

The Board's decision is truly a significant step in the preservation of history and heritage, adding a new dimension to the association both students and alumni will enjoy with RIT at its new campus.

stop the clock

by Ron Antos, Dave Jones and Joe Ford

(This is dedicated to the Stud, Fergy, and Mr. Dill).

We would like to welcome all the freshmen on campus. Our purpose in writing this column is to give you campus news in satirical style from an inside vantage point. If anybody wishes to insert material into our column, please use the "fantastic" communications system of the Institute (i.e. the Reporter folder across from E-125 of "Stop the Clock" folder in the Reporter office). Or, you may use an equally primitive means of communication — personal contact.

Latest & Greatest:

RIT regulations: "Climbing on walls and window ledges, roofs and similar dangerous places is forbidden." — Wonder when they will add — No soliciting on the Broad Street bridge.

Typical of the scene: the Dorm during moving in.

Shift: Central Duplicating has moved to the new campus. Therefore, NRH had "nice" posters for open house. What will happen next??? Will the Johns flush after the BIG move???

Dear NRH: Contrary to popular belief, there are stairs leading to the basement, rather than elevators. . . . Thus far the Kage is on one side of the campus and NRH on the other. Who's going to start the new Multiplication Dance?

Here we go again: Congratulations to Frosh Daze Committee for a smooth freshmen registration. Belated wishes to the administration for an abortion of upperclass registration. Will we have photos again next year? . . . According to last year's campaign platform, the RIT Bookstore was to be much improved. Well, the plank is split already. Word has it that you could wait for 45 minutes in line, only to be informed that your books are unavailable during evening hours. Dear Frosh: Folders with your

names on them are not to be taken . . . Boner: It's nice to see a full schedule for Homecoming. That's the way to get the alumni back. RIT policy has changed. . . . The freshmen girls are looking exceptionally good — understand Sibley's had a run on knitting needles for upperclass girls. . . . Booties???

Congratulations: Thank you for coming back, Mr. Walls. Welcome here Messrs. Brady, Rose, Todd, Appelby, Bjork, and Mrs. Smith. Also, to Prof. Hollis Todd for winning Outstanding Teacher of the year. Hearty congratulations to Dr. Campbell on his recent marriage.

We are deeply sorry to hear of the passing of Charles Searchfield. The people and organizations for whom he did so much will never forget him.

Dear Boobs: Your replacement this year is SPEEDY — Dear Speedy: Your bus went by, but there will be more coming. . . . There is a new girl on campus, her name is Joy.

Dear TEP: Doc. C. is not a freshman. . . . To the girl without a room: Dear Judy — whose floor are you sleeping on tonight? AXD: Handshake has been shaking European hands. Dear Stud: Did you steal her car?? Note: a new committee on Freshmen Daze is "Pin Week." Chairman is Elaine D. . . . Latest to Pan Hell: How soon will we get our pins?

To the Freshmen Girls: Hi! I'm Mitch. . . . Best wishes: S.P.'s Frank Canzano and Mrs. Lorie (Catallo) on the arrival of their new baby boy. . . . From the girls of the Kage: Thank you, S.P. for carrying frosh luggage into the hallway and letting the parents carry it upstairs.

Historical value: Frank Friis started school in 1958 and is taking Freshman Physical Ed? Getting in A-one shape — or is it 1-A?? . . . Word has it that Phi Sig's "Geek Speaks" is com-

(Continued from page 6)

roving reporter

by Chuck Holden

Last week with the arrival of our Freshman Class, the Roving Reporter asked the freshmen to tell their first impressions of RIT.

Pat Johnson (Ret 1) — "Exciting. After going to an all girls school, RIT is quite different. Not that I am going to be one to complain about the difference. I like the campus, and everyone in the dorm is very, very nice. I was a little confused at first about registration, but once it had been explained to me it went smoothly. The only thing so far that I dislike about Rochester is its weather."

Johnson

McFarland

Jim McFarland (Mech 1) — "RIT is just great. The floor advisors are real nice, and this school is full of friendly people. They have really made me feel at home. Rochester is a clean city, which is one of the reasons I like the campus here. Beside that the new campus is only one year away." On the girls of RIT: "Well, the ones I have seen so far seem real nice, but there is very friendly and it has been fun getting to know them" On the Freshmen Mixer: "It was OK, but the best part of the dance was when three of the freshmen boys took over during the band's intermission. Those guys were really good." About boys: "I like the odds, and everyone that I have met so far has been tremendous."

Dennis Rook (Mech 1) — "The campus isn't too bad, as far as a concrete campus goes. I didn't have any problems with registration. Everything went along smoothly. What few girls there are here are pretty sharp. There is one thing that this school should have and that's a football team. If we had one, I would try out for it."

Rook

Bowker

Peggy Bowker (Ret 1) — "Fantastic! I love it! I have no complaints at all, especially concerning the boy to girl ratio here. The dorm life is just great, all the girls are nice, and everybody has been friendly." The freshmen dance: "All the freshmen just stood around with their hands in their pockets."

The Alumni Office greatly appreciates the assistance of the Reporter staff and their advisor, W. F. Craig, in the production of this section for alumni. We hope you will note the variety of activities now underway and the plans for the coming year. We encourage — now more than ever — your support of the programs sponsored by the association and Institute. The school year 1966-67 is the year before the big move. We have a tremendous task before us in the next 12 months. The role of the alumni cannot be underestimated and the successful transition to new facilities will depend on the support — both financial and moral — of RIT sons and daughters.

Currently, Harris Rusitzky (FA '56), and the alumni giving committee are preparing a new campaign on those members of the association who have not become a part of the new campus through their contribution. Only 25 per cent of the alumni have accounted for the impressive total of nearly \$600,000 in pledges and cash gifts. With an assist from the non-contributing alumni — 13,000 in number — the association will earn the entire \$200,000 Incentive Fund, and go over the \$1,000,000 goal. It has been a great thrill for every alumni donor to visit the construction site and feel that he has had some part in creating this beautiful campus. You will receive this same feeling when you send your gift.

Start making plans for Homecoming. This year the committee felt alumni would be more interested in one big event than the variety of activities as in previous years. The main event will be the annual Alumni Banquet at Island Valley Golf Club. Here is an opportunity for all alumni to attend an evening of fun with Institute faculty and fellow alumni. Honoring of two alumni who

Procedure Outlined For Replacing ID Cards

Student identification cards, soon to be issued, will take about a week to replace in the event they are lost, according to A. Stephen Walls, Director of Student Activities.

He explained the procedure for replacing lost I. D. cards as follows:

1-Go to the Bursar's Office in the Eastman Building and pay \$2 for the new card.

2-Take the receipt to the Student Activities Office so the card can be reordered.

3-Report to the Student Activities Center when notice is received that the card is in. The notice will be placed in the student's departmental folder.

Davis Cops Golf Trophy

The Second Annual Alumni-Faculty Golf Outing on June 4 was a complete success, according to event chairman Russ Carter (Elec '63). The temperature soared well into the 90's as more than 40 participants teed off at Happy Acres Golf and Country Club in Webster.

After establishing equalizing handicaps, Al Davis, vice president for development and public relations, was awarded the trophy for low gross while Fred Babcock (Elec '63) received the runner-up trophy.

have distinguished themselves in their career and civic lives, along with recognition of the reunion classes of 1916, 1941, and 1956, plus dancing to the music of Carl Dengler will make for a Homecoming you will not want to miss. Earlier in the day special close-up tours of the new buildings will give all alumni a preview of what is to come.

news of alumni clubs

Detroit

Motor City RIT'ers started their second year Sept. 15 with a return meeting at the Clinton Inn at Greenfield Village in Dearborn, Mich. Heading the agenda were the election of officers for the coming year and the approval of the recently completed constitution.

Re-elected were: President, Fred Guevara; vice president, Frank Vetare; secretary, Mrs. Patricia Morrow Guevara; and treasurer, Walter Sander. Appointed to serve as committee chairmen were: Social, James R. Humphreys; Publicity and Public Relations, James Currin; Cultural, John Hemmler; and Ways and Means, James Butcher.

The approved constitution will be ratified by the Executive Council of the Association. When approved, the association will formally grant a charter to the organization, enabling the Detroit Club to receive aid and assistance from the association and the Alumni Relations Office.

Forty alumni and guests attended the meeting and discussed plans for the coming year, including a possible group trip to attend Homecoming, a meeting in November featuring a speaker from the Institute, and a spring tour of a local attraction. The dinner meeting was preceded with a tour of historical Greenfield Village, and followed by an informal gathering at the Dearborn Inn.

Bay Area

The annual social gathering of the San Francisco-Bay Area Club was held June 25 at Vince's Steak House in San Francisco. Seventeen alumni and 14 guests attended. Highlight of the evening was the naming of Mrs. Daisy Kilgore (FA '03) as honorary president. Other officers are: president, Ramon West (Pr '61); vice president, Darrell Weichen-thal (Mech '60); secretary, Barbara Marsden (Ret '55); and treasurer and social chairman, Gary Segel (Pr '59).

Literature furnished by the alumni office was distributed before a short meeting and discussion about the Institute. Dues were collected for the coming year, and ideas on future meetings were exchanged.

VIEW NEW CAMPUS PROGRESS—Alumni at the NAPL Convention Alumni Breakfast view photos of New Campus progress. Left to right: Al Davis, RIT; Dwight Kelly (Pr '57), Bernard Lazorchak (Pr '59), Lt. Col. Lou Ruiz (Pr '41).

Midwest

The Midwest Alumni Club has started the year with two successful events — a reception for the alumni attending the Professional Photographers of America Convention, and a reception for local students attending the Institute.

On Aug. 10 a luncheon was held at the Congress Hotel for members of the club and other alumni attending the PP of A convention. Eighteen alumni attended the luncheon. A meeting was held following the luncheon and RIT's Keith Mosley, Director of Public Relations, Assistant Professor Donald Smith of the School of Photography, and James Carey, Director of Alumni Relations, spoke to the group on summer activities and future plans for the Institute.

Jack Hoyt, a School of Photography sophomore, was appointed Student Liaison to coordinate activities involving student-alumni programs. Over 50 alumni visited the RIT booth in the exhibit area at the convention.

Alumni Exec Council Elects New Officers

Newly elected members of the Alumni Association Executive Council attended the June 30 meeting to tour the New Campus, witness the election of new officers and applaud the achievements of four retiring council members.

Prior to the dinner meeting at the Wishing Well Restaurant, Alfred L. Davis, vice president for development and public relations, explained the progress of the New Campus facilities on a bus tour of the site. For many members of the Council this was their first close look at the new site.

President Relin introduced the new members present and asked for reports from the standing committee chairmen. Don Thomas (Elec '32) reported plans for Homecoming included the selection of Island Valley Golf Club for the Annual Alumni Banquet.

Harris Rusitzky (FA '56) reported on the current status of the alumni phase of the New Campus Fund Campaign. Including the 1966 Pacesetters Campaign and the regional Incentive Fund returns, the members of the association have contributed nearly \$600,000 toward the project. He also outlined solicitation programs to be conducted in the fall.

Alfred Vragel (Mgt '40) reported for absentee James Hayden that the nominating committee had received over 2,500 ballots from alumni in the elections of new members to the Council.

Dr. Charles Bishop, ex-officio member of the Council and Alumni Designee to the RIT Board of Trustees, reported on an addition to the Institute Charter By-Laws that includes four paragraphs outlining the role of the Alumni Association, its operating framework and responsibilities to the Institute.

One of the highlights of the annual meeting was the election of officers for 1966-67. Elected were: Benjamin Relin '30, president; Harris H. Rusitzky '56, first vice president; William Pearson '48, second vice president; Mary McCartney '63, secretary; and Richard Wiles '51, treasurer.

Members of Council who completed terms were presented with citations of service. They were: Richard Limpert, Karl Weiss-haar, Henry Blodgett, and James Hayden.

In Memorium

Earl Hungerford (Elec '29) on July 28 in Penfield.

Ernestine Lash (FA '10) on May 23 in Walworth.

Frederick O'Brien (Ev Col '54) on July 30 in Rochester.

Hilda Lapp (FA '17) on July 27 in Florida.

Frederick Ross (Mech '18) on June 4 in Rochester.

Wilbur C. Miller (Ev Col '60) on July 16 in Rochester.

Mrs. Harry Aldridge (Matie McBrien FA '07) on June 9 in Pittsford.

Edward Phillips (Ev Col '34) on June 11 in Victor.

Geraldine Pellegrino (A&D '59) on July 31 in Rochester.

Mrs. Stuart Simpson (Elizabeth Hood A&D '20) on June 26 in Henrietta.

L. Russell Comstock (Mech '27) on Aug. 7 in Fairport.

Elmer Garson (Mech '05) on Aug. 21 in Rochester.

Mrs. Herbert Swetland (Beatrice Morse FA '15) on July 20 in Silver Creek.

Martin Named to New Post

William P. Martin, a 1959 graduate of the University of Rochester, has been named Director of Information Systems.

In the newly-created position, Martin will develop and coordinate an Institute-wide approach to systems and computer applications.

More than 25 alumni were in attendance at the Alumni Breakfast held Sept. 9 at the Washington Hilton Hotel in Washington, D. C.

The breakfast, held in conjunction with the National Association of Photo-Lithographers Convention, gave many alumni an opportunity to meet other graduates from the same geographical area with similar vocational interests, as well as a chance to hear from members of the Institute staff about new developments at RIT.

Alumni of classes ranging from 1916 - 1965, and from distances exceeding 250 miles, listened as Prof. Hector H. Sutherland, Director of the School of Printing, spoke of new equipment and future expansion. Herbert Phillips, Director of the Graphic Arts Research Department, commented on the many complex problems and basic developments being explored in the testing lab, while Alfred Davis, vice president of ment, reported on the diversified goals and achievements of the Institute.

Photographs of the construction progress at the New Campus and various literature were available to all those attending.

TOUR THE NEW CAMPUS AT HOMECOMING

GROWTH—The rapid progress made at the new campus during the summer months is readily apparent in this photo of the Fine and Applied Arts, Graphic Arts and Photography building complex. This view is from the Business, Health, and Administration building over one of the court yards that will enhance the campus.

THE SIDE WALLS are up on both the Library in the foreground, and the General Studies building visible behind it. All the campus buildings are expected to be enclosed by late November.

FROM THE PRESENT TO THE FUTURE—This view is looking across the campus picnic area to the construction work that is progressing on one of the student dining halls, part of the dormitory complex to the East of the academic configuration.

STUDENT UNION—Looking in from the Southeast corner of the campus can be seen from left to right the Library, the Student Union and Pool, and the Physical Education Athletic Center.

FIRST IMPRESSION—This view of the Graphic Arts and Photography building is from the entrance drive of the campus. Upon completion this building will have five levels and nine and one half acres of floor space, making it one of the largest academic buildings in the United States.

Cross Country Record 2-1; Kickers Lose, 2-1

Bennett, Benz Outstanding

The 1966 cross country season started for the fighting tiger harriers on Sept. 28. Competition for the home team was supplied by teams from Niagara University and Niagara Community College.

Chuck Bennett and Dan Benz led the team to a double victory as they crossed the line with identical times of 23:18.5, a new course record. Following them were teammates Bill Fretz and Jack Campbell in third and fourth positions. Jim High placed sixth to round out the scoring for the tigers. Final scores were RIT 16, Niagara University 41, and RIT 15, Niagara Community 49.

The harriers were not as lucky when they faced St. John Fisher during the Frosh Daze picnic on Saturday. They were defeated 24-31. Bennett, Benz, Fretz, Campbell, and High finished in third, fifth, sixth, eighth, and ninth positions.

Other members of the varsity squad are: Terry Gersey, Jim Hartsig, Dick Hennip, and Pete kozowyk.

SMASH— Tiger Bob Westfall (7) collides with a Cardinal during Saturday's soccer game at the Frosh Daze picnic. St. John Fisher defeated RIT, 2-1. (Photo by Phil Fraga)

Varsity Golf Schedule Starts Today; Honegger, Briddon, Legler Return

RIT's varsity golf team will open the fall schedule today against St. John Fisher at Irondequoit Country Club.

Last spring, Coach Earl Fuller's squad compiled a 5-6-1 record. Fisher defeated the Tigers twice by scores of 7-2 and 7½ - 1½.

Fuller has a strong squad returning. Bob Honegger is back after a short layoff and should take over the number two spot. Garry Briddon, a junior, returns

to the number one position, with Capt. Gary Legler the number three man and Joe Rossetti the number four player. Paul Flagg, Bill Rae and Don Thomas round out the team.

On Oct. 10 the squad will travel to the University of Buffalo.

Fuller has announced the six freshman candidates for the spring team. They are: Rodney Harris, Jim Schwartz, Brian Tom Powell, Dave Merrill, Alan Dirk, and Mark Altbir.

Freshmen Aided

ing out soon, that is, if "He" doesn't smash up Moon's car. . . . Dear Chuck: It's not Lorraine Greenley — ha haaaaa.

"Greek Week is coming" — Don't miss this because it will be your only opportunity to meet the most important organizations on campus — all at once. When you think of school activities, scholastics, and social life, these are the "outstanding" leaders. Please attend greek week functions. . . . Run down on total school activities will start next week.

Old business: We won't mention pins in the bookstore. See you next week. Love and Kisses, Wrinkles, Rent-a-date and the Big "C."

Cardinals Win in 4th Period; Sztanko Scores for Tigers

In their first game of the season, RIT's varsity soccer team fell victim to St. John Fisher, 2-1. The contest was played Saturday, Oct. 1 at the new campus during the Frosh Picnic.

After playing a scoreless first half, the Cardinals scored first when a lob shot over the head of goalie John Guiliano by lineman Larry Monaco hit the net.

The Tigers came back to tie the score in the fourth period as halfback Nick Sztanko booted a

hard shot into the goal from the left corner.

However, Fisher was not to be denied victory. Cardinal Kevin Cass kicked in the winning goal late in the fourth period.

Last season, Coach Jim Dickie's squad defeated Fisher, 1-0. In the 1965 opener, RIT's kickers were shutout by Ithaca, 6-0, and finished with a 4-8 log.

This year's 21-man squad looks promising and should end with a winning season. Nine letterman have returned, with six players up from the freshmen ranks. There are six transfer students rounding out the squad.

Tuesday, Oct. 4, RIT entertained Oswego and travel to Potsdam tomorrow. Tuesday, Oct. 11, Geneseo invades RIT.

The Tigers edged Oswego last season, 5-4, and were defeated by Potsdam, 2-1. In 1965, Geneseo squeezed by RIT, 3-2.

Frosh Soccer Team Gets Slow Start

"All our games are going to be tough, especially our first one," commented Coach Bill Carey.

Carey, in his first season as mentor of the frosh soccer team, has not been able to sufficiently prepare his squad for the oncoming games. This is due to RIT's late-starting school schedule.

"Other schools have a two-week head start on us, but we do have some speed and at last 50 per cent of our boys have had experience playing soccer," Carey explained.

The baby Tigers opened the season last Tuesday against Oswego. Tomorrow the frosh entertain Buffalo State.

Team members are: Russell Anderson, Peter Aschoff, Charles Beier, Walter Bochenko, Robert Brosan, Bruce Baumgarten, Steve Butler, Gene DeCristofaro, Phil Dubitsky, Robert Elliot, Mark Finkelstein, Charles Goes, James Gratler, and Steven Herick.

Also, John Kerner, Chris Mason, Charles Mathis, James Milton, Seth Oser, Tom Roberts, Tom Smith, Robert Strauss, David Kemp, Christos Tsiatsos, Bob Coleman, Dwayne Sylvester, William Nelson, Gary Atkinson, John Wilson, Daryl Tonson, and George Dechner.

Winter Sports Tryout Dates

Louis Alexander Jr., director of athletics, has announced the following meeting times for any RIT student interested in playing winter sports.

Varsity basketball — Monday, Oct. 17 at 5 p.m. in the gym. Freshmen basketball — Monday, Oct. 31 at 5 p.m. in the recreation room of the gym.

Varsity and freshmen wrestling — Monday, Oct. 17 at 5 p.m. in the wrestling room.

Women's volleyball — Wednesdays and Thursdays at 4 p.m. in the gym. Contact Mrs. Smith in the women's physical education office as soon as possible.

Women's cheerleading — Any girl interested should contact Mrs. Smith immediately.

Support Tiger Teams

TWO GUYS TALKING SPORTS

"Didn't you go out for the track team," Dick questioned.
 "Yea. I was also on the team in high school," Jay answered.
 "It was fun running then. The coach made us run four miles each day. Then we would do sprints and end the day doing calisthenics."
 "How come you gave up after one year on RIT's track team?"
 I guess it was because I got nothing out of it. I mean there was no one to watch you participate in a meet. I don't want glory; it just makes you feel good when someone cheers you on."
 "You mean in high school the kids came out to see you?"
 "That's right. There was always somebody there."
 "You don't go to any of the basketball games yourself," Dick said.
 This is true, but I attend the hockey games," Jay countered. Why is this?"
 More of the crowd hangs around the game. People don't go to a contest just to see the teams compete. They like to meet people and talk to them besides watching the game. I don't see how the basketball players can get anything out of playing at RIT with no one watching them."
 "Do you think it will get better or worse?"
 It may get better when we get a football team or when we move to the new campus, but right now the student just doesn't care."

appointments

Todd

Edward S. Todd was named assistant to the vice president of academic administration on Sept. 27. He will assist Dr. Leo F. Smith, who is responsible for faculty and curriculum at the Institute.

Todd previously served at the Midwest Administration Center of the University of Chicago, where he was a National Institute of Mental Health Fellow for two years.

Presently working on his doctoral dissertation through a Ford Foundation grant, Todd holds an undergraduate degree from Amherst College and a Master's degree from Harvard University. He has taught English on the high school level in the Chicago school system.

Williams to Show Work

Lawrence M. Williams, associate professor in the College of Fine and Applied Arts, will open an exhibit of painting and sculpture at Shop One, 77 Troup St., on Saturday, Oct. 15.

The exhibit, which will run through Nov. 5, will be highlighted by a "completely new approach" to wood sculpture, according to B. Tinlot, gallery manager.

Williams, who has been recognized for his work in painting, drawing, and printmaking, will display his first work in sculpture at the exhibit.

Finley Author Of New Book

Dr. K. Thomas Finley of the Chemistry Department faculty is the author of a new book entitled, "Mental Dynamics — Power Thinking for Personal Success."

Finley, an associate professor, joined the faculty in 1962 after earning his Bachelor of Science at RIT and his Ph.D. at the University of Rochester.

Finley's book discusses effective listening, techniques for everyday English, elements of logical thinking, and mental dynamics.

He is a member of the American Chemical Society and the Chemical Society, London.

SENATE NEWS

Five senators were named to positions of importance at the first 1966-67 Senate meeting on October 3. Selected as chairmen for the following committees were:

Don Hanson (Elec4), Committee Coordinator; Andy Phillips (Photo 3), Complaints; Jean Guy Naud (Photo 3), Election Board of Controls; Gary Manuse (Mech 3), Senatorial Orientation and Terry Gille (Pr 3), Publicity.

Hanson was also elected President Pro Tem.

Appelby

RIT recently appointed its first full-time Catholic chaplain on campus. The Rev. Gerald J. Appelby succeeds the Rev. Louis Hohman in working to develop the Catholic community on campus.

Assistant pastor of Sacred Heart Cathedral from 1959-1966, Appelby was graduated with a Bachelor of Arts degree in philosophy from St. Bernard's College.

He will be responsible for the spiritual guidance of RIT's Catholic students. Mass will be held each Sunday at 10 a.m. in Room 219, 50 Main West. He will also serve as advisor for the Newman Club.

Engdahl

David A. Engdahl has been named Assistant Director of the School of Photography.

In his new capacity, Engdahl will assist William S. Shoemaker, who was named director of the school early in the summer.

During the next year Engdahl will play a major role in directing the School's move to the new campus. He will help coordinate the activities of the photographic program which has an enrollment of over 400 full-time students.

'Symposium' Deadline Set

Gary Metz, editor of *Symposium* 1966-67, has announced that the deadline for Fall Quarter contributions will be Friday, Oct. 21. All material, written and graphic, may be placed in the *Symposium* box at the Student Union. In addition, all material must be fully identified and all manuscripts must be typewritten.

Metz also announced that *Symposium* is planning to have in operation by mid-quarter a student gallery located on campus. Any student will be eligible to show in the gallery.

Any student interested in contributing material, working on the magazine, or working with the gallery committee, is urged to contact *Symposium* through their box at the Student Union.

TALLISMAN FILMS

Lionel Suntop, director of the Cultural Affairs Division of the Student Activities Board, has announced the Talisman Film Festival (1966-67) will begin tonight with the showing of "Last Year at Marienbad." The films will be shown at 50 Main St.

The times of the showings will be Fridays at 8 p.m. and Saturdays at 7 and 9:30 p.m. The admission fee is 50 cents per person. Season tickets may be purchased for \$10.

A complete listing of the films for the entire season will soon be posted at various places on campus.

Glee Club Plans Three Concerts

New officers of the Glee Club for the 1966-67 school year will be: Edward Coyle, president; David Hill, vice president; and Mary Stone, Secretary-treasurer.

All individuals who signed try-out slips during the Activities Contacts will soon be scheduled. All others are invited to attend open tryouts which will be announced soon.

The club's plans include three major concerts this year: at Thanksgiving, Christmas and at Easter. The club also is planning at least one trip to the Inter-Collegiate Sing at Alfred in mid-winter. WITR will tape record this year's concerts for broadcasting.

SEARCHFIELD DIES

Charles Searchfield, assistant supervisor of the Buildings and Grounds Dept. at RIT, died unexpectedly at Rochester General Hospital, Sept. 29. He was 48.

Searchfield, of 539 Forest Lawn Road, Webster, was a retired Naval chief petty officer. A veteran of the 1941 attack on Pearl Harbor, he had planned to attend the 25th reunion of his Navy unit.

He is survived by his wife, Ruth, seven children, and one grandchild. His daughter, Mary, is a student in the College of Business Administration.

Searchfield had been employed at the Institute since September, 1957.

Youthful Drug Usage Not Limited to Slums

(New York) — Drug usage among American teenagers may not be as widespread as some fear, but it is not confined to the slums, or to a miniscule beatnik fringe.

According to a report in the September issue of *Seventeen Magazine*, based upon 1,100 responses to a survey sent to girls 13 to 20, from every state in the union:

—5.5 per cent surveyed (about one of 18) have used drugs for other than medicinal purposes at least once.

—Three out of 10 of these experimenters—one in every 61 girls—are still using the drugs.

—More than eight out of 10 of the regular users smoke marijuana, more than a third swallow pep pills, almost a third take LSD, and most are involved with more than a single drug.

—These girls have little difficulty in securing drugs through illicit channels.

The study shows that many teens take pep pills (amphetamines), some using them at exam time to stay awake all night for studying. Dexedrine, a full-fledged amphetamine, is often mistakenly believed to be free from hazard.

One student took "dex" to stay awake for an exam, and when she completed it, she thought she had done "brilliantly." Later, however, she learned she had just scrawled a single sentence — "I

am a sugar plum fairy" — all over the blue book.

Another student had a "frightening reaction" after taking the pills. Her mouth and neck became locked in a spasm, causing her to be hospitalized. The same girl tried a relaxant before a date and later "couldn't remember a thing that happened all evening."

Included as reasons for taking drugs were: horrifying parents, the secrecy, the danger, and the new "in" language — "joint" is slang for a marijuana cigarette, a "nickel bag" is five dollars worth of marijuana tobacco, an "acid-head" takes a "trip," and a "pot-head" turns on.

One college freshman admitted, "I enjoy taking marijuana occasionally just as I enjoy ice-cream cones."

FILM PREVIEW

The Educational Film Preview Series, sponsored by the RIT Library, will present "The Americans" and "The Music Rack" Wednesday at noon and 4 p.m. in Room 203, 50 Main West.

The series opened this week to all students, faculty, and staff. Films of the art field will be animated, and historical works.

All films, to be presented weekly during the Fall Quarter, are from the Rundel Library collection, and are available for classroom use through the RIT Library Audio-Visual Department.

Flight Course Begins Oct. 17

A 28-week course designed to prepare students for a written Federal Aviation Administration exam will mark the second series of ground school courses offered at RIT.

Beginning Oct. 17, the program will offer basic training in flight computations, meteorology, navigation, airway communications, and FAA regulations.

Designed to offer an educational experience rather than vocational training, the course will feature actual flight demonstrations.

According to the program's new coordinator, Robert S. Tompkins, instructor in the School of Printing, business and professional men from upstate New York will be encouraged to participate.

Registration may be made prior to or on Oct. 17 through the Extended Services Division. Classes will be conducted by John Dougherty, a certified FAA instructor.

Homecoming Planned for Nov. 4-5

Weekend Features Tours, Soccer Games, Banquet

An alumni committee consisting of Fred Austin, Gene DePrez, Dwight Kitchen, William Markert, Mr. and Mrs. Albert Marsh, Mr. and Mrs. Terence Parshall, Edward Pike, and Mr. and Mrs. Richard Schantz, is making every effort to generate enthusiasm for the Nov. 5 Homecoming date by an increase in personal contact.

Certain reunions are being organized by other committee members and interested alums. Those developing plans for their respective years are: Ralph Cogswell

'16; Mr. and Mrs. Don Thomas '32; Mr. and Mrs. Clarence Smith '41, and Harris Rusitzky '56. It is their aim to inform as many former classmates and "long lost" friends of the activities connected with Homecoming and the many informal get-togethers that some alumni are arranging.

Any person desiring to know of the whereabouts of any of their classmates may contact any one of the committee members through the Alumni Relations Office.

alumni news

Eric L. Bellman, art teacher in the Hilton Central School District, has been appointed assistant professor of art at Lock Haven State College. Bellman received his Bachelor of Science degree from State University College at Buffalo and in 1965 he earned his M.F.A. at RIT.

Capt. Edward F. Hipp (Elec '61) was graduated August 5 from the Air University's Squadron Officer School, Maxwell AFB, Ala. The school is part of the officer education system at the Air University. Capt. Hipp was selected for the special professional officer training in recognition of his potential as a leader in the aerospace force.

Frank C. Dombroski (Elec '60) has accepted a position with the Transitron Electronic Corp. as manager, Quality Assurance. He was formerly associated with Texas Instruments as chief reliability engineer, integrated circuits.

Joseph P. Burroughs (Ret '60), systems consultant at Xerox Corp.'s San Francisco zone office, graduated recently from the company's National Sales Development Center in Ft. Lauderdale, Fla. The graduate school is designed to advance skills vital to a Xerox "copy analyst's" role in

improving customer's graphic communications systems.

Burroughs resides with his wife and two children at 3659 Gleason Ave., San Jose, Calif.

Cromwell H. Schubarth (Photo '60) has been reclassified as a Photographic Engineer by the Polaroid Corp. He is responsible for the research and development activities of the Copy Service Division and for monitoring the quality control of the manufacturing department of the Mass. division.

William F. Peck (Mech '65) was granted a master of science degree from Ohio State University on Sept. 2.

Edwin Eybers (Pr '64) has been named Operations Manager of the Truth Publishing Co. in Elkhart, Ind. He will be involved in many of the research projects as well as coordinating mechanical and maintenance activities of the division. Eybers, a Marine Corps veteran, lives with his wife and daughter in Elkhart.

Ronald Gale, who received his Bachelor of Science degree in Mechanical Engineering in 1961, has been promoted to project programmer in the Systems Development Division of IBM at Endicott. He joined IBM in 1962.

Alumni Return To Meet Friends; See Changes

Alumni of every college and university return to their Alma Mater at Homecoming for two reasons. These two are, an opportunity to meet once again with classmates and friends, and to see the many changes that have occurred since undergraduate days.

This year, Homecoming for RIT alumni will emphasize these two reasons.

But it will not be by chance that this will happen. An Alumni Homecoming Committee has been planning for this event, knowing this will be the year of transition from the present campus to the 1,300 acre, \$54 million campus to be occupied in the fall of '67. And you, as an alumnus, will be able to see "close-up" this campus, a tribute to the growth of your Alma Mater.

Equally as important will be the opportunity to have a reunion with "old" friends. It is being urged this year that you contact another alum, from your class, your fraternity or sorority, a former roommate or a member of a campus organization, and make plans to attend Homecoming. In this way you will enjoy yourself even more and help bring all alums in closer contact with one another.

Advance table reservations are available. To make reservations, mail the names of the persons in your group with a check before Oct. 23. Reservations are limited.

Attend Homecoming with your friends, see the New Campus on a guided tour, watch the "old" lettermen in a soccer game, see the Tiger pitchmen play Utica, then have an enjoyable evening of dining and dancing at the Island Valley setting.

See the complete Homecoming schedule in this alumni section.

Thomas Accepts Leadership For Weekend Activities

Don Thomas (Elec '32) a member of the Alumni Association Executive Council, has undertaken the leadership of this year's Homecoming planning. As early as last March, Thomas had members of his group arranging for the Nov. 5 date. Thomas' efforts have been directed toward encouraging alums to attend with as many former friends as possible. By allowing alumni to arrange their own plans to meet with each other at the Alumni

Banquet, he hopes to provide an enjoyable evening at the Island Valley Club. Provision has been made for reserved tables of eight and 10 for those sending in deposits before the Nov. 5 date.

With class reunions, fraternal and common employer groups being contacted, the committee anticipates that this will be the largest return of alumni to their Alma Mater, especially with the special "up-close" tours of RIT's \$54 million campus on Saturday.

1966 HOMECOMING SCHEDULE

- Friday, November 4; Noon; PAST PRESIDENT'S LUNCHEON: a special meeting to reunite past leaders of the Alumni Asso.
- 2 p.m.: DOWNTOWN CAMPUS TOURS: an opportunity to see the present facilities with classes in session.
- Evening: SOCIAL GATHERINGS: a free evening for alumni to plan their own informal reunions.
- guided tours of construction progress of the new campus.
- Saturday, November 5; 10 a.m.-2 p.m.: NEW CAMPUS TOURS:
- 1 p.m.: ALUMNI SOCCER GAME: returning alumni lettermen take on a spirited Frosh team.
- 2 p.m.: HOMECOMING SOCCER GAME: the Tigers meet a tough Utica Club.
- 6 p.m. ALUMNI SOCIAL HOUR: a chance to join with former classmates and meet new friends.
- 7:30 p.m.: ANNUAL ALUMNI BANQUET & DANCE: a report to alumni, a tribute to the outstanding alumni followed by the mixing of music, friends and memories.

Data Processing Planned for Use By Association

The mailing addresses and employer information on approximately 2,000 members of the Association have been converted from metal plates to data processing cards. It is expected that all records will be converted and tests run by Jan. 31, 1967.

The new system will enable the alumni office to serve the increasing needs of other areas of the Institute with alumni statistics, provide for faster address changes, permit greater flexibility in mailing by class, department, or degree. The project is being coordinated by William Martin, newly appointed Director of Information Services. When completed the system will tie in with data maintained by the Central Placement Office and Academic Records.
