Student Court Organizes Plans for Judicial Seminar

Plans for a Judicial Seminar to be held on Saturday, Nov. 12 are being organized by the RIT Student Court. The seminar, the first of its kind to be held at RIT, is planned to bring together all judicial committees and interested individuals who are involved in discipline on campus.

The purpose of the seminar is to acquaint these groups with the work that each is doing and to develop a uniform understanding of discipline in the campus community.

The seminar will feature an address by a guest speaker on a topic involving student discipline. This will relate to the program now being formed that will in-

clude the topics, the purpose of discipline in a college, the responsibility of the student to RIT and the school to the student, and the types of corrective actions available to the committees.

There will also be a discussion of case studies used to supplement the topics.

The seminar will be open to anyone interested in the area of discipline. Those interested in attending the seminar, or who have suggestions for presentation material are asked to contact Ralph Atkins (Pr 4) or A. Stephen Walls, director of Student Activities, not later than Oct. 28.

PIC ELECTS

Election of officers for the '66-'67 school year was held by the Professional Interfraternity Council on Oct. 11. Bob Hayes (GET) was elected president with Jack Hoyt (DLE) and Bonnie Mayo (DSP) chosen for the respective offices of vice president and secretary-treasurer.

Institute Tugs at Purse Strings; Increases Tuition, Room, Board

by David Gregory

The cost of tuition, fees, room, and board all will increase beginning next fall, according to Frank P. Benz, vice president of Business and Finance. His announcement came this week after a decision by the Board of Trustees.

"With the possible exception of the tuition increases," said Benz, "the higher costs are largely due to expenses associated with the new campus."

He said, "When an institution builds a \$60 million complex and requires nearly \$45 million in loans, it is absolutely necessary for some costs to rise."

Tuition will be increased \$50 per quarter across the board.

The Student Activity and Union Fee will be \$100, while the athletic fee remains the same at \$15.

Room and board costs will be lumped together, since all residents are required to eat in the residence dining halls, the yearly cost for both amounting to \$1260,

or \$650 for room and \$610 for board.

Explaining the reason for the increases, Benz said the cost for board is reflected by the fact that 20 meals will be served per week, instead of the 10 meals served now, Monday through Friday.

Room rates are up because, as Benz expressed it, "The dormitory facilities are entirely self-liquidating," meaning the entire cost of the structures must be recovered by student room rental.

He pointed out that the clean, new facilities with lounge and recreation areas, full carpeting, and modern design will cost a little more, adding that the rate is still only about \$3 per day, "cheaper than most people can live in their own homes."

The Student Activity and Union Fee is more, Benz said, because many more facilities are provided for student use. The College Union is a self-liquidating building also, and some of the \$100 fee will be reserved to pay off the cost of the building.

Fraternity and sorority housing costs are to be somewhat less than the \$650 quoted the dorm residents, but Dr. James B. Campbell, vice president of Student Personnel Services, said accurate figures are not yet ready.

Yearly tuition including fees, by departments will be: Fine and Applied Arts, \$1,600; Graphic Arts and Photography, \$1,675; Electrical or Mechanical Technology, \$1,675; Executive or Medical Secretarial, \$1,600; Medical Technology, \$1,675; Electrical or Mechanical Engineering, first and second year, \$1,675, third, fourth and fifth year, \$1,130; Business Administration, Food Administration and Retailing, first and second year, \$1,600; third and fourth year, \$1,080; Biology, Chemistry, Mathematics and Physics, first and second year, \$1,675; third, fourth and fifth year \$1,130.

Homecoming Queen

Candidates Picked

Candidates chosen for Homecoming Queen, to be elected on Wednesday, Nov. 2, are: Drinda Devasher (Ret 2), Bonita Marshall (Bus Adm 1), Elaine Dagen (Pr 3), Jette Davidson (A&D 2), Oksana Eliaszewsky (A&D 1), and Joanne Gaylord (Ret 2).

They were chosen by a nominating committee made up of representatives of several campus organizations. On the committee were Carol Wegener, chairman; Linda Hilbrecht, assistant chairman; A. Stephen Walls, director of Student Activities, Miss Deanne Molinari, associate director of Women's Housing and Activities, Paul Smith, president of IFC, Beverly Karl, president of Women's Residence Halls, Gail Bertram, representing the Student Senate, Ralph Cyr, president of Men's Residence Halls, and Judy Van Peurse Panhellenic Council.

New Lot Eases Faculty Parking

Vice President of Business and Finance, Frank P. Benz, has announced that the crucial parking situation here will be eased with the addition of about 40 spaces for faculty use only.

The new area will cover the entire lot which borders on Spring St. and Livingston Park.

Benz expressed regret over the necessity of using the lot, saying "this is a valuable recreational spot." According to him this is the chief reason the lot had never been developed before.

Leaving the area behind the SAC building as "one of the few grass areas on campus," Benz feels it should be left as "a place where someone can kick a football on a sunny afternoon."

Asked about the RIT-owned lot behind Nathaniel Rochester Hall, Benz replied: "That lot has never been a student or faculty lot. At the time the hotel was purchased in 1957 there was a previously existing agreement with a private operator. When the lease expired the Institute decided to lease it for parking to offset the cost of purchasing the hotel."

Next year's move will solve the problem said Benz. "The Institute will provide space for 4,500 cars at the new campus and there will be no charge."

'Gay Nineties' is Weekend Theme

A "Gay Nineties Night" and the annual Autumn Flame Cotillion will be presented next weekend by the Residence Hall Associations. The Ritter Clark gym will be the scene of the MRHA beer blast, which starts Saturday at 8:30 p.m. while the Tawne House will be the setting for the WRHA'S fall formal on Friday night.

The Men's Dorm plans waiters and waitresses dressed in costumes of the Gay Nineties to serve all the patrons sitting at tables. A player piano and "sing-along" also are scheduled.

The "Continental's" will provide entertainment heading the Autumn Flame Cotillion.

Men's Residence Hall Association officers are Ralph Cyr, pres-

ident; Jack Pierce, vice president; Dave Tela, social chairman; Michael Bixler, recreational chairman, Fred Higham, treasurer; and Joe Ward, secretary. Heading the women's list are Beverly Karl, president; Gail Bertram, vice president; Nancy Jayne Eisen, social chairman; and Anita Loomis and Karen Kelly.

ON THE AIR

On Oct. 12 Miss Dorothy Cotton of WHEC recorded an interview with foreign students at RIT.

Students who participated were Jean Guy Naud from Canada, Payong Padanpongse from Thailand, Stephen Bainbridge from British Bermuda, Hoo Joong Lim from Korea, Che Sau Tsang from Hong Kong, and Prabhakar Dixit from India.

This program will be broadcast on "Tell It To Rochester" on Oct. 24 at 8:30 p.m.

editorials

roving reporter

by Chuck Holden

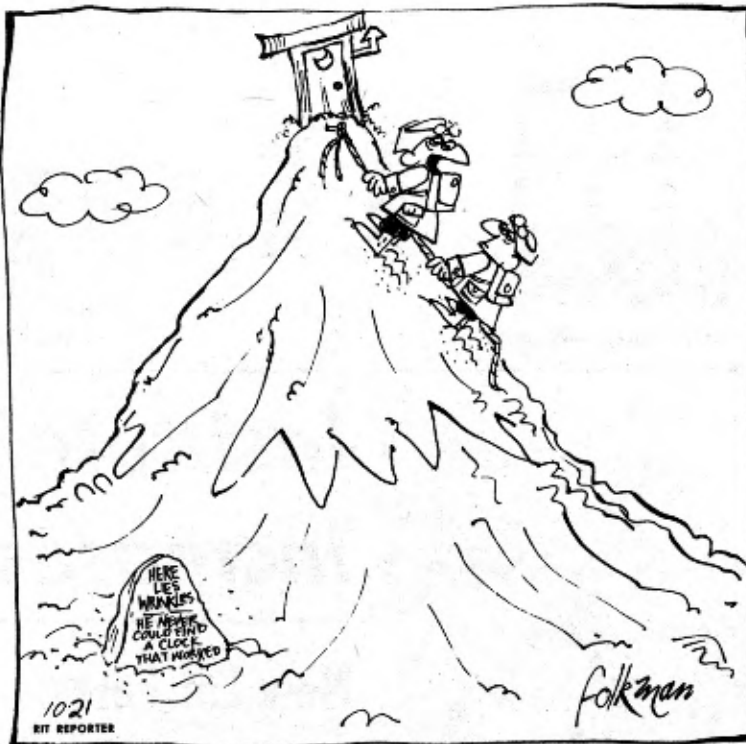

What did you think of Greek Week?

Helen Sundstrom (A & D 1): From Greek Week I've gotten the idea that the greeks enjoy being greeks by the way they act and do things. I was very impressed by the way everyone dressed up. The Beer Blast was very nice and the "Meet the Greeks" smoker on Sunday was a good idea too. It gave me a different impression of the greeks. Even though they were from different organizations they were working for the benefit of all. Every week ought to be Greek Week — it was fun."

Kerry Decker (Photo 1): "The idea of having a whole week devoted to greeks was a good one. It really gave us a better chance to meet the men in the fraternities, and to see their houses. It is a shame that more people did not attend the "Meet the Greeks" smoker. This was my chance to see all the fraternities and all their accomplishments."

Barb Wills (A&D 1): "It was just fine. With the roving party and the Beer Blast there was never a dull moment, the smoker in the gym was good, but it was too bad more people didn't attend. I don't blame the greeks for being so proud of themselves, because they play a big part at RIT."

Ralph Vitale (Photo 1): "If I had known about the smoker and the open houses I would have gone. Somehow the word didn't get to me. Even without attending these activities I have the impression that the greeks are really united. I was very impressed by the way each fraternity has left the choice up to the rushee of where he wants to be. They have all told us to make sure to meet the other fraternity men and to see their houses."

"I always wondered why those mountain climbers were so anxious to get to the top."

stop the clock

by Ron Antos, Dave Jones and Joe Ford

We would like to re-enlighten you to the fact that we are looking forward to contributions to this column from you, the public. In the past, we have received vast amounts of material, much of which has come from past pledge classes. What is wrong with this year's class? This week let's hear from Sigma Pi and AEPi. Please make sure that articles are in by Wednesday.

LATEST & GREATEST:

What has happened to Decem Jani??? . . . Have they already moved to the new campus? . . . Dear Speedy (better known in the INN CROWD as Fani): thanks for your opinion on the parking problem. . . . Was that from the buses point of view? . . . Being such a parking expert, we expected you to be in there, Olga... and not from the buses point of view.

Congratulations to Alpha Chi on being accepted by their national . . . InterReporter Staff Communique: Dear Folkman, Let's give Lord Bobski back to the Indians. . . . Congrats to Dave Davis on his Photo Award. . . . Who's going to tackle the administration and finally get football to RIT. . . . Somehow it seems more important than the cigarette machines.

Upcoming events: Don't miss the Talisman Film Festival on Oct. 22. "The Men Who Tread on the Tiger's Tail" . . . at NRH on Oct. 23 "Hit the Deck."

In the sports world: Oct. 22 our cross country team takes on Roberts Wesleyan at home at 2 p.m. On Oct. 26 we play soccer. The varsity takes on Alfred and the frosh are matched against Geneseo.

"Where the Boys Are": (NRH) You really threw up a bad show. Oh well, the patterns on the rugs needed changing anyway. . . . We'll keep you posted on the Beer Blast schedule . . . and remember, as we once said,

"Walking on window ledges, roofs, and other dangerous places is strictly forbidden."

IN ATHENS:

Let's thank S.J. & P of AXD for the following: The Phi Sig auction was a great success; all the items bought will be returned to attic to be sold again next year. You're ahead all the way in a FORD — Right, Chevy??? . . . Congrats to the Phi Sigs on their delayed Spring Weekend Geek Speaks — regrets to the graduated seniors.

Phi Sigs, of course, are always first in everything, or at least that's what they said when the (Continued on page 3)

letters to the editor

Dear Editor:

May I take this opportunity to express my thanks and great appreciation to all the members of the faculty, staff, and student body who participated in the celebration at Ritter-Clark Building on Wednesday, Oct. 12. This event took me completely by surprise; it was handled in a magnificent way; and words are inadequate to express my appreciation and thanks for this fine tribute.

I pointed out to Ray Baker that this event alone made all the trials, tribulations, and headaches of the last thirty years seem well worth while. All of you have contributed more than I can ever tell to whatever success the Institute has had.

With warmest best wishes for the years that lie ahead, I am

Sincerely yours,
Mark Ellingson,
President

Dear Editor:

The RIT Reporter has always been a masterpiece of printing but it lacked personality and depth in editorializing and reporting the news. On Friday, Oct. 14 I picked up a copy of the Reporter and was overjoyed to see the changes that have taken place. This year's paper will be the best college newspaper in the country if it continues to grow in the same manner it has begun this quarter.

Some readers who know little about journalism or printing are not even cognizant of why I should be getting excited about the Reporter. Here are my reasons:

(1) Off Campus News Brief is the first change that brought the Reporter from "C's" to "A" in communicating the facts to the students. The realm of off-campus news has broadened the scope

(Continued on page 3)

common courtesy

Dr. Campbell met last week with fraternity presidents and other student leaders in a plea for more courteous conduct, both on the part of the fraternity men and our students living in the campus neighborhood.

A rash of complaints by area residents prompted the informal meeting in which students were told to get their groups under control.

With all fraternities conducting their pledging programs now, the occasion for noise and disturbance is greater than at other times. But other students residing in the area can take some of the blame for complaints also.

The Institute is justified in asking both fraternal groups and independent students to cut down the noise and clean up the language which has irritated other residents. All it takes is for those concerned to exercise a measure of courtesy.

It might be added that a new city ordinance requires noise and disturbance to cease by 11 p.m. After that hour, police may arrest noise-makers for disturbing the peace.

The Institute stands behind fraternities and it protects the rights of all students living in the campus community. But Dr. Campbell has warned if conditions continue, if students maintain their failure to respect the rights of others, the Institute will leave the matter to the police.

D.G.

spirit of tradition

This summer the largest fleet of moving vans assembled in New York State will begin the monumental task of moving RIT from its present location to Henrietta. Riding in the trucks with office furniture and the printing presses will be concrete pieces of the city campus—posts with the RAMI insignia, the Victory Bell, and parts of the Quadrangle. And with each item that represents RIT heritage and tradition should go the spirit of tradition itself.

The New Campus will for many years be a raw tract of land on which a college is being reborn. With this rebirth comes the obligation to keep alive the heritage of RIT. Without a sense of tradition and the past, RIT can become one of the finest centers of learning in the United States, but it cannot truly claim the spirit of a college.

Starting next week the Reporter will feature a series of articles on RIT history, traditions and customs, and the men and women who have contributed to her rich past. We invite you to participate in this search for RIT's past in the hope that all of us, as members of the RIT community, may take with pride our place in the present.

Placement Installs Bulletin Board of Job Opportunities

The Placement Office, under the direction of Irving Van Slyke, has instituted a bulletin board for students.

The board is divided into four sections, the first being, "Know Your Recruiters." This will be changed each week and will contain articles about different companies and their representatives.

The second section will contain Placement Office notices of general information. This week it held information about the Peace Corps placement test, a Marine Corps representative on campus, etc.

The third section, Graduate Programs, has information about graduate studies. The fourth section is entitled Senior Interviews, and will be used later in the year.

Van Slyke urges students to check the board every week. "It will give valuable information," he said.

Alpha Xi's were going as DW's. However, with such original pledges—who would have thought of painting steps??? By the way, were they Orange??

Did Dave Jones develop shaky hands from Janis' driving? The TX pledges would like to thank Dr. Ellingson for cancelling their line-up on his anniversary. . . . Thank Goodness for pledges. Girls are now offered chairs in the snack bar. Here's to Sisko and her Sunday secrets.

Now it's our turn: There's a new corporation on campus — Erdle's Earrings, whose slogan is "Stick it in you Ear (Lobe)". Word has it that "Leaders on Campus" leaders graduated five years ago. When is Greek Week coming, Bruce? Something New, Something Different: Success at the Sigma Pi house the first night of pledging. . . the change will be good for them.

Today, we observe Frankie Frosh sitting at his desk, in his newly decorated room, writing the Great Pumpkin. Who is bigger . . . Frank or the Great Pumpkin?? Good night, Stud, wherever you are. . . Love and Kisses, Wrinkles, Rent-a-Bottle and Big C.

Spirit Trophy To Be Awarded

A spirit trophy will be awarded to the club, organization, group, fraternity, or dorm floor which shows the most spirit during the Homecoming Weekend. A Spirit Committee has announced that the competition will be open to all, and no formal entry is necessary.

All the entrants must do is to make themselves known during the activities, especially at the bonfire Friday night, Nov. 4, and the soccer games Saturday, Nov. 5.

Spaghetti Dinner Scheduled by APO

The RIT Cafeteria will take on an Italian Restaurant atmosphere Sunday when the brothers of Alpha Phi Omega present a spaghetti dinner for the entire student body.

The fraternity will serve "all you can eat" from 5 to 8 p.m. Cost will be \$1.25 per person.

According to Robert Studley, APO Public Relations director, the cafeteria will be converted to look like a fine restaurant. He encourages the men to bring a date.

Proceeds from the supper will be used to promote the growing campus-community service program of APO.

School of Printing Receives Equipment

The School of Printing recently acquired a new Durst Model G 184 Process Color Enlarger. The enlarger has a built-in Kodak punch and pin registry system and pulsed xenon lights. It can handle transparencies from 35 mm to 8 x 10 inches in size.

According to Prof. Miles F. Southworth of the Reproduction Photography staff, a Fairchild Scan-A-Color, which automatically makes color separation negatives, is expected in January or February of next year. This may be the first such machine to be used for educational purposes in any school of printing, Southworth said.

To become more familiar with this machine, Southworth spent two weeks at Fairchild's Long Island plant in September.

THE NEW SOUND OF WITR — Along with a new sound from campus radio station WITR at 600k.c.. Building for the future are (left to right, standing) Tom Davis, librarian; Mark Weinstein, business manager; Stu Elston, engineering assistant; Jay Powell, general manager; Tom Nottingham, program director; Terry Clapham, programming assistant; (seated) Dick Kahane, chief engineer; and Frank Garufi, publicity director. \$200 Scholarship Open for Women

Each year the RIT Women's Club offers a \$200 scholarship to a deserving woman student with no restriction other than the maintenance of an adequate grade point average. This award is currently available to be credited toward tuition for the Winter Quarter 1967. Any woman student in any department may apply.

Applications for this scholarship will be available in the office of the Director of Women's Housing until Oct. 31, and must be returned to the same office not later than Nov. 1. The recipient's name will be announced early in December.

letters to the editor

(Continued from page 2)

of the Reporter and reflected the fact that RIT students have interests outside of the classroom.

(2) Meet Lord Bupkis. He is not only the funniest hand-me-down that American history and David Folkman could have created, but he also is the patriot who forcefully brings the American Spirit to the reader. Folkman is the best college reporter and cartoonist who has come along in many years. I said reporter because his cartoons report current issues and feelings. Like they say, a cartoon is worth 20,000 words. Folkman's work should be considered the greatest contribution the Reporter has received.

(3) News that interests the student and stirs thought for action has found the paper for the first

time — "The Big Question — Where Do We Park?" and others.

(4) The Reporter staff has improved the look of the paper by standard use of boxed headings on all repeating columns, good thought to layout, readability and legibility, excellent photography, and the best quality printing.

I hope the RIT Reporter continues to do a great job and wins a place high up in the race for the Best in College Newspapers.

Wayne M. Gilgore (Pr. 4)

Dear Editor:

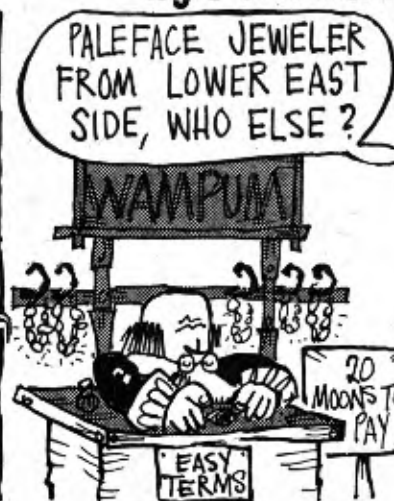

"What is in a name?" Shakespeare's answer indicates that it the name itself which matters; however, I would like to propose an exception to the importance of names, specifically the significant difference between the names Student Union and College Union

Up to \$1000 43 Printing Students Awarded Scholarships

Scholarships totaling \$25,316 have been awarded to 43 printing students in the College of Graphic Arts and Photography.

Scholarship values range from \$100 to \$1,000, said Robert F. Belknap, director of student aid. More than half of all industry-sponsored scholarships awarded to RIT go to printing students, he added.

Industry-sponsored scholarships include Case-Hoyt Corp.; G o s s Printing Co.; Harris - Intertype Corp.; Mosstype Corp.; Education

Council of the Graphic Arts Industry Inc.; New England Graphic Arts, Stecher - Traung, Lithographic Corp., Von Hoffman Press Inc., and Western Printing Co. Foundation.

Revolving scholarship funds for printing students are from Flexographic Technical Association, the Worcester Country Club of Printing House Craftsmen, and Walter A. and George McDonald Foundation.

Dean's List

A total of 73 students attained grade point averages of 3.25 or better to qualify for the Dean's List during the Summer Quarter. Seven students recorded perfect 4.0 averages. (They are denoted by an asterisk following their names.)

ONLY MEMORIES REMAIN — Perkins Hall, an RIT women's dormitory for the past two years, is no more. Wrecking crews have been at work for the past several weeks tearing down the old buildings to make way for an urban renewal project. This view is looking in from Main Street across the front lawn. (Photo by Harry Schaefer)

Enrollment Increases

in Food Administration

The 1966-67 school year has brought a new high in enrollment in the Food Administration Department. Miss Elizabeth Hurley, director of the department, announced that 74 students are enrolled this fall. Of these, 43 are transfer students.

Disproving the old theory that a woman should do all the cooking, there are 41 men taking the program.

Starting this year and projecting toward the new campus, the courses are more business oriented. With such subjects as personnel, management, accounting, and marketing, the hope is to

broaden the scope of the students in all phases of the business. Both dieticians and food management majors will receive a more professional training.

Miss Hurley foresees better facilities and an even larger enrollment at the new campus.

Biggest Turnout Elects Dorm Reps

Dorm freshmen made an unprecedented showing at the Men's Residence Halls Association elections Oct. 13 as 85 per cent of all residents voted for floor representatives in an all-day election.

The eighth floor boasted 100 per cent participation.

The following were elected as floor representatives:

Third floor, J. Teitelbaum, J. Wiley; fourth, R. Hans, B. Kudwa; fifth, M. Obstein, W. Paterson.

Sixth floor, J. Lawson, and S. Menkes; seventh, B. Hack, J. Hadden; eighth, D. Heagy, W. Moore; ninth, B. Baumgarten, G. Gentake; 10th, J. Robinson, and R. Watts.

ICF Lecture Held Tonight

Intervarsity Christian Fellowship will sponsor a lecture and discussion tonight at 7:30 in E-133. Bob Brow, North American Secretary for the Bible and Medical Missionary Fellowship, will speak on "The God You Are About to Abandon."

Brow is a graduate of Trinity College and Tyndale Hall, Cambridge University.

IVC also sponsors weekly Bible studies in Nathaniel Rochester Hall and bi-weekly Bible studies in the Student Union. All are welcome.

Richard Todd (Pr 3) is president of the RIT Chapter of the IVC.

letters to the editor

(Continued from page 3)

as they apply to college life at RIT.

As a name, Student Union has been used here for several years; College Union is a new term. By definition, the name RIT College Union expresses one of the purposes of the College Union as stated in its constitution: to bring about a greater spirit, unity, and cooperation among all is (RIT's) members. The College Union Constitution embodies the framework to assure that this purpose is accomplished, to assure that the college union facility, the program it presents, and the services that it offers will actively involve people from all areas of the campus community — students, faculty, staff, alumni, and guests. The Constitution provides for the establishment of the College Union Board which is charged with the responsibility and given the authority to plan for the use and operation of the College Union facility and to plan and execute its program of activities and services.

As a means of encouraging the development and continued growth of students as responsible members of the community and a means of recognizing the desire of students to be involved in decision making situations, the College Union Board is predominantly student. Obviously, the stated purposes of the College Union disallow the name Student Union. It is interesting to note that this situation at RIT is not unique. The University of California at Berkeley in planning an expansion of its union facilities is also planning a name change. There, it is felt that the name Student Union alienates the faculty, who think the union is only for student use. Again, the RIT College Union is designed for the use of the entire campus community.

May I request your assistance this year as we attempt to overcome our semantical problem?

William H. Rose, Director
College Union

CORRECTION

Talisman Film Festival showings will be Friday at 8 p.m. and Saturday at 7 and 9:30 p.m. There will be only five Friday performances—the "Historical Documentation" films. "Famous Film Directors" presentations will be on Saturdays. Consult the Reporter for schedules.

Prospectus: College Union

The students, administration, and faculty of RIT have many new and wonderful experiences awaiting them next year. One of the most fascinating will be the College Union. As the hub of social, cultural, and recreational life at the New Campus, it has been planned to provide the utmost in modern union facilities. Highlighting the College Union will be a totally equipped auditorium and spacious cafeteria and snack bar. Many lounges and browsing rooms with decors ranging from "Old Campus" to

Stephen Austin State College Games Area

Texas Tech Lounge

"Ultra Modern" which will add variety to the Union complex. The games area will undoubtedly be one of the most used sections, with the meeting rooms and craft areas running a close second. The Union will also house the bookstore, organizational offices, some administrative offices, information and control center, barbershop and formal dining area. It is certainly an understatement to say that the RIT College Union will be one of the most outstanding union facilities in the nation.

The pictures selected for use here are similar to the planned College Union and are from the following colleges:
Stephen F. Austin State College
Texas Institute of Technology
University of Texas

University of Texas Auditorium

LOCKER ROOM TALK

"The team is real anxious to get started this year," I overheard Jim Robinson say to Coach Lou Alexander Jr. "I know I am," he continued, "and so is John (Serth). Rebel (Tom Williams, also known as the Hustler) has been talking up a storm about the upcoming season."

Robinson, Sophomore of the Year last season, shot the basketball team to an 18-9 record. The man from Dullen, N.J. totaled 529 points for 25 games, a new record.

Soon the conversation shifted to a game last year. "I remember last season at Plattsburgh," Robinson continued, "when I got thrown out of the game. I supposedly punched a guy and the ref threw me out of the game."

"Before some games you really feel good and feel like playing. This was one of those games," Robinson explained. "I scored something like seven points in three minutes and 20 seconds and the ref threw me out. All I did was encircle the guy with my hands and he thought I punched him."

"He blew other calls that night," Alexander said.

As I wandered past the wrestling room I looked in and saw Coach Bruce Proper going through a workout. Veins popping out of his neck and a tortured look on his face, I figured he was committing suicide.

"What are you trying to do, kill yourself?" I asked?

"No, this is a new gimmick we have. Here try it," he said.

The gadget looks like a tube with ropes coming out each end. As you pull on one rope, it comes up as the other goes down, that is when it moves. The ropes can be set so that they simulate the pulling of one to four-hundred pounds. By holding one rope, the other one will not move giving you isometric exercises. It is fast becoming known as "Proper's Torture Machine."

I tried it, broke my back and quit.

"What are you using this for?" I questioned.

"All our varsity athletes will get a crack at it to build up muscles," Proper answered. "It is a good gadget because you can pull weight while going through the motions you encounter in your particular sport. Let me show you."

He brought out a baseball and a bat with hooks embedded in them. Poor Gino Church happened to be there and Proper asked him to demonstrate.

Church, a lefthanded pitcher, went through the motion of pitching with the special ball hooked up to the "torture machine." As he came through with his motion he was pulling about 175 lbs.

At least our athletes will be strong and in good shape.

Frosh, Varsity Harriers Win Three Meets, Lose Two

Varsity and freshmen cross country teams had a busy week last week as they faced competitors from four schools.

The week started when the

ROSSETTI QUALIFIES

Joe Rossetti qualified individually in the 7th annual Eastern Collegiate Athletic Conference golf playoffs at Colgate University Saturday, Oct. 15.

As a team, RIT placed fifth as Colgate and the University of Buffalo walked away with the honors. The Tigers were represented by Garry Briddon, Gary Legler, Paul Flagg and Rossetti. Bob Honegger traveled as an adviser.

Rossetti advances to the ECAC finals which will be played tomorrow at Farmingdale, L. I.

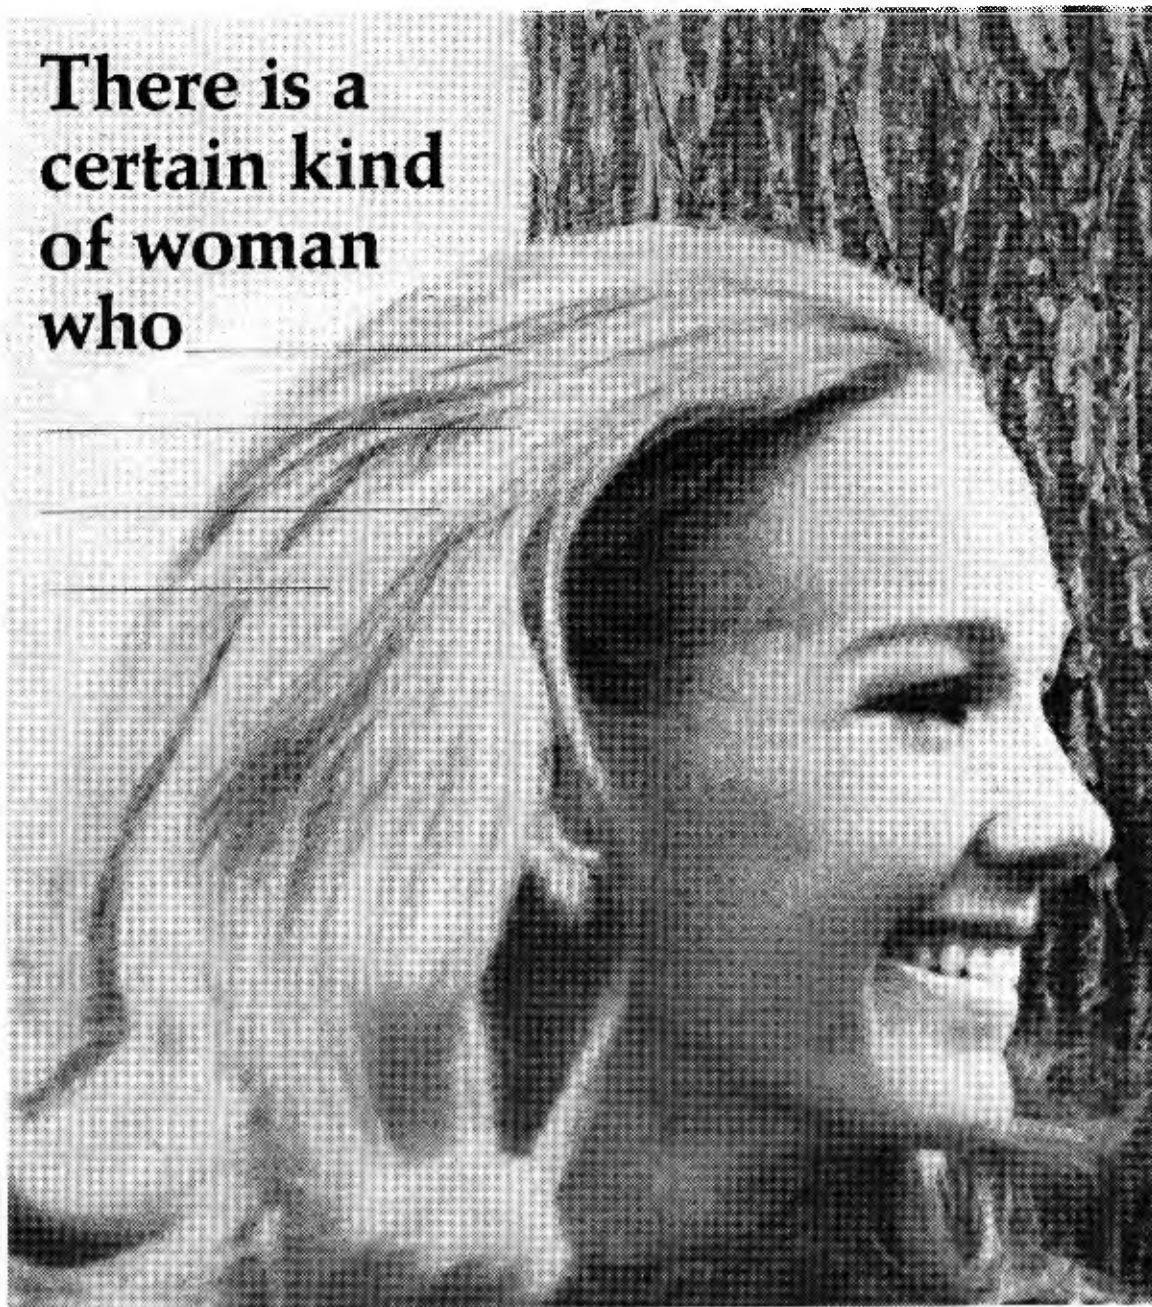

freshmen Tigers faced Monroe Community College Oct. 10. Bill Eld of MCC took individual honors. Following Eld were RIT's John Minnick, John McCarthy, Don Wilkalis, and Frank Chase in the second through fifth positions. Monroe was then able to put men in the next three positions before the Tiger's Jim Newkirk finished to give the winning team their 23 point score. The final score of the meet was 23-32.

Tuesday, Oct. 11, the varsity defeated Fredonia State 36-20. Paul Policella of Fredonia took honors. He was followed by Chuck Bennett, Bill Fretz, Dan Benz, Jack Campbell, and Terry Gersy, all of RIT. The meet was run in bad weather over the 3.75 mile course at Fredonia.

The Tiger hill-and-dalers then

There is a certain kind of woman who

Peck and Peck • 139 Midtown Plaza • Rochester, New York 14604

Are you that certain kind of girl who's been itching to write a Peck & Peck ad of her own?

If you are, you might win a \$50 Gift Certificate.

A \$50 gift certificate from Peck & Peck—that's worth an all-nighter! Here's how easy it is: you know what Peck & Peck's advertising campaign is like. Every ad starts off, "There is a certain kind of woman who..." All you have to do is finish the sentence.

Here are a few examples of headlines that Peck & Peck has run:

There is a certain kind of woman who applies perfume so that it whispers... never shouts.
For this woman, there is a certain kind of store: Peck & Peck.

There is a certain kind of woman who can spot a T formation or a Chanel suit at 50 yards.
For this woman, there is a certain kind of store: Peck & Peck.

There is a certain kind of woman who reads Sartre, but is secretly in love with James Bond.
For this woman, there is a certain kind of store: Peck & Peck.

It's easy to think up some more. And there will be a winner from *each* college campus. You might be that certain kind of girl who wins a \$50 gift certificate from Peck & Peck. But hurry, contest entries must be submitted by November 10. Now, we'll start you off. "There is a certain kind of woman who _____"

CONTEST RULES

1. Only registered students of this college are eligible, but any one student may submit as many entries as he or she pleases.
2. All entries must be personally given to the manager of a Peck & Peck store on or before November 10, 1966. Each entry must be stamped by the store manager in order to be eligible for judging.
3. There will be one winner on each college campus who will receive a \$50 gift certificate redeemable for Peck & Peck merchandise. Winning entries may be used in whole or part in Peck & Peck's advertising, at the discretion of Peck & Peck. Winner's names may be used at the discretion of Peck & Peck.
4. The judging of the contest will be done by Peck & Peck's advertising agency. Their decision will be final. Winners will be notified by December 1, 1966.
5. All entries become the property of Peck & Peck. If Peck & Peck uses any entry for advertising purposes, either in whole or part, that does not win a \$50 prize, Peck & Peck will pay \$10 for each such entry. Contest not valid where prohibited by law.

Alumni Appointed to New Jobs in Gov't. and Industry

Lt. Col. LeRoy Williams (Photo '39) has had an active career in photographic research. He is assigned to the Pentagon as Chief of Imagery and Sensors Branch, Assistant for Reconnaissance, Research & Development. He was a member of the advanced specialization class on

Lt. Col. LeRoy Williams

color illustration at the Institute. Following graduation he was commissioned a second lieutenant from the Air Corps Aviation Cadet Photographic School.

During WWII, Williams served as photographic officer at Wright Patterson Research and Development Facility in Dayton, Ohio, and was overseas as Photo Lab Officer in China, Burma, and the India Theater where he directed a motion picture facility to train pilots and crews in using gun cameras installed and engineered under his direction. Recalled in the Korean conflict, he was assigned to the Aerial Reconnaissance Laboratory at Wright-Patterson. His background was instrumental in the establishment of the Lowery Photographic School at Lowery AFB, Colo.

He has maintained an active interest in the photographic programs at the Institute and the summer Air Force programs were a direct result of his efforts. He has also been a continual adviser to the administration and assisted in the development of the B.S. and M.S. programs at RIT. William Shoemaker, Director of the School of Photography, credits Williams with aiding RIT in acquiring much valuable equipment and assisting the school in obtaining technical speakers.

He has maintained an active interest in civic affairs, especially the Boy Scouts. With his wife and four children, Williams resides at 2917 Wickersham Way, Falls Church, Va.

Edward H. Owen (Pr '48) was appointed editor of *Printing Production Magazine* in 1959 and has served more than 15 years in various editorial positions in the printing publications field. He has authored numerous articles on graphic arts technical subjects and is the printing industry's contributor to *Encyclopedia Britannica's Book of the Year*.

Owen has been active in Alumni Association activities, and has

been one of the prime spokesmen for the Institute's graphic arts programs. He has served on many fund raising committees, assisted in the organization of a Cleveland Alumni Club, and helped with various School of Printing reunions at industrial conventions. During the New Campus Fund Campaign he was a member of the National Advisory Committee and chairman for the Eastern Division of the National Alumni Phase.

After graduation from the Institute, Owen became assistant editor of *Printing Equipment Engineer*, predecessor of *Printing Production Magazine*. He later served as assistant editor of *Printing Magazine* before returning to the Cleveland publication as associate editor. Through his editorship, Owen has been instrumental in acquainting the printing industry with the educational and research facilities of the School of Printing and the Graphic Arts Research Dept.

He is past president of the Cleveland Club of Printing House Craftsmen and as general chairman, directed one of Cleveland's city-wide Printing Week observances. He is one of the recipients of the President's Medal given for his work in the field of graphic arts education and has

Edward H. Owen

been active in local civic endeavors, including the YMCA and as an adviser to the Euclid Board of Education.

NEW CAMPUS TOURS

See the New Campus from a different perspective on Nov. 5. This is the date for Homecoming, and as part of the program, arrangements have been made for bus tours to take alumni, students and faculty on a close-up inspection of the new facilities.

For the first time alumni will be able to view the campus from a vantage point other than the observation platform. There will be guides aboard each of the buses to further inform those taking the tour. Buses will circulate around the New Campus from 10 a.m. to 2 p.m. on Saturday.

Maj. Hayden B. Peake

Peake Returns for Masters Degree In Photography

Maj. Hayden B. Peake (Photo '56) is the first alumnus to return to the Institute for the masters program in the School of Photography.

Peake was drafted soon after graduation and served in the Electronics Laboratories at Ft. Monmouth until July 1957 when he received a direct commission as a second lieutenant assigned to the Army Pictorial Center in New York City. In this capacity he supervised the quality control facilities of the motion picture laboratory. From 1960 until 1964, many and for two years was commanding officer of the Army Pictorial Center in Europe.

Upon his return to the states he was selected by the Army to attend RIT as part of its advanced degree program for officers. His thesis concerns photographic adjacency effects and their relationship to the modulation transfer function.

Maj. and Mrs. Peake and their three children reside at 27 Green Moor Way, Henrietta. Following completion of the photographic program he will be assigned to Southeast Asia.

Frosh, varsity

(Continued from page 6)

traveled to LeMoyne. The frosh were the first to meet the foe. Being quite a strong team, LeMoyne had little trouble in defeating RIT. LeMoyne took the first three spots before RIT's Minnick placed fourth, breaking a shut-out for LeMoyne. McCarthy ran to a seventh place position, Wilalis placed 10th, and Chase, John Drake, Newkirk, and Dick Pagano ran in the 12th through the 15th positions. The points added up to a 44-17 win for LeMoyne.

The varsity harriers not only had LeMoyne to contend with, but also a team from Potsdam. Once again a strong team from LeMoyne was able to easily defeat the Tigers. However, Potsdam was not as lucky. Bennett, Benz, Campbell, Jim High, and Fretz finished fourth, sixth, 10th, 11th, and 12th against LeMoyne. The same men were second, third, fifth, seventh, and eighth against Potsdam. Final scores of the meets were: LeMoyne 18, RIT 43, RIT 25, and Potsdam, 34.

Season totals for the hill-and-dalers now stand at 5-3 for the varsity and 2-3 for the freshmen.

1966 HOMECOMING SCHEDULE

- Friday, November 4; Noon; PAST PRESIDENT'S LUNCHEON: a special meeting to reunite past leaders of the Alumni Asso.
 2 p.m.: DOWNTOWN CAMPUS - OPEN HOUSE: an opportunity to see the present facilities with classes in session.
 7:30 p.m.: STUDENT PEP RALLY: a large bonfire will light the November sky, as enthusiastic students generate noise and excitement.
 Evening: SOCIAL GATHERINGS: a free evening for alumni to plan their own informal reunions.
 Saturday, November 5; 10 a.m.-2 p.m.: NEW CAMPUS TOURS: an opportunity for alumni to see the new complex "up-close"
 Noon: STUDENT MOTORCADE: a caravan will wind its way to the New Campus to cheer the "Tigers" to a Homecoming victory.
 1 p.m.: ALUMNI SOCCER GAME: returning alumni lettermen take on a spirited Frosh team.
 2 p.m.: HOMECOMING SOCCER GAME: the Tigers meet a tough Utica Club.
 CROWNING OF HOMECOMING QUEEN
 AWARDS FOR OUTDOOR ADVERTISING
 6 p.m. ALUMNI SOCIAL HOUR: a chance to join with former classmates, friends and faculty.
 7:30 p.m.: ANNUAL ALUMNI BANQUET & DANCE: a report to alumni, a tribute to the outstanding alumni followed by the mixing of music, friends and memories.

alumni news

A Master of Science degree was awarded to Ronald L. Hauth (Elec '63) by the Polytechnic Institute of Brooklyn on June 24.

Melvin F. Mayer (Bus Adm '64) has been promoted to manager, Data Processing Department of McKesson & Robbins, in New York City.

James Anderson (Pr '61) has joined the paper division of Weyerhaeuser Co. as sales representative with special emphasis on papers for web offset printing. Prior to this he was with the Hopper Paper Division of Georgia-Pacific Corp. as sales service manager in Taylorville, Ill. He is a member of the Technical Association of the Graphic Arts and on its Research and Engineering Council.

Robert Kroboth (Ev Col '62) has been appointed plant engineer by Monroe Forgings Inc. of Rochester. He has been general supervisor, superintendent, and ultrasonic inspector for the company, having worked there for the past seven years.

George DeSain (Ev Col '66) has been appointed assistant

professor in the department of engineering technologies at the Agricultural and Technical College at Alfred.

Ensign Richard K. Miller (Bus Adm '65) received his commission in March after completing the first phase of flight training at Pensacola, Fla. He has been assigned to Meridan, Mass. for jet flight training.

BIRTHS

To Mr. and Mrs. Paul Horgan (Pr '64) a son, Kenneth, on June 1 in Hartford, Conn.

To Mr. and Mrs. George Dressing (Chem '66) a daughter, Catherine Marie, on Aug. 23.

To Mr. and Mrs. (Nancy Ritz, Bus Adm '62) David Murphy (Bus Adm '64) a son, Kevin Thomas, on Aug. 13.

MARRIAGES

Diane E. Lapp (Ret '63) to Warren B. Ross (Ret '63) on Aug. 13 in Rochester.

Lynn Ellsworth (Bus Adm '65) to Editha Abary of Mabetar, Philippines, on March 12.

IFC Football Starts Sunday

by Chip Neuscheler

With the possible exception of defending champ Theta Xi, every team in the IFC grid loop looks stronger than last year's teams. Theta Xi, hampered by a big graduation loss last June, will have a difficult time trying to repeat their championship.

I'm going to stick my neck out this year and make pre-season predictions.

First place: Have to go with Sigma Pi—looks strong on both offense and defense. Have strong running game to go with an explosive passing attack. Quarterback Keith Thompson can throw long and short with pin-point accuracy. Have strong ends in Rog Collier a Gary Bloodworth, and Duncan MacRae.

Second place: Phi Sigma Kappa — Have a good passing attack with Bob Wensley and Dave Doyle, and a strong front line, but may be hurting in their defensive back field.

Third place: Toss up here! Theta Xi and-or Tau Epsilon Phi — Theta Xi will definitely be hurting in the strong running attack they possessed last year. Look to see quarterback Jan Detanna pass more to favorite end Jay Eckblom. Tau Epsilon Phi looks surprisingly good all around this year in pre-season action. Upsets of the year will be caused by this team.

Fifth place: Phi Kappa Tau — Have a so-so defense, but if Jeff Gregory, Bill Rae and Skip Van Wert come around they should have a fairly good offense.

Sixth place: Alpha Epsilon Pi — This young fraternity still needs more depth and polish. Will very possibly be hurting in both offense and defense.

Sunday, Oct. 23 — Phi Sigma Kappa meets Alpha Epsilon Pi at 9 a.m. In the second contest beginning at 9:45 a.m., Sigma Pi plays Tau Epsilon Phi. The third game will see Theta Xi squaring off against Phi Kappa Tau at 10:30 a.m. All games will be played on the field in back of the SAC building.

Cross Country Squad Faces Big Roberts Team Tomorrow

by Dick Sienkiewicz

Twenty-nine straight wins and possibly 30. They have not lost since Sept. 1962. This is what the varsity cross country squad has to look forward to tomorrow at 2 p.m. when they take on the Raiders of Roberts Wesleyan. The meet is at the New Campus.

So far this season, Coach Harry Anderson's thinclads have chalked up wins over Ithaca College, Brockport State, Alfred University, and in the LeMoyne Invitational. The Raiders traveled to Oswego Wednesday to meet Oswego State and St. John Fisher.

The Tigers have a 5-3 record. Coach Pete Todd's harriers have been running although five men have injuries of one type or another. Chuck Bennett is the number one runner and he has not finished lower than fifth place this season. Bennett took honors in the Niagara meet along with teammate Dan Benz. Both crossed the line with identical

times of 23:18.5, a new RIT record.

Benz is the number two man and he has not finished lower than seventh place overall. Bill Fretz and Jack Campbell are the able third and fourth runners.

Rounding out the squad are Terry Gersey, Jim High, Jim Hartsig, Pete Kozowyk, and Dick Hennip.

Booters Play Two Games
When they score, they really score. This has been the story of the varsity soccer team this season.

The squad has a 2-3 record so far. All three setbacks have been by one goal. St. John Fisher dumped them 2-1, Potsdam also beat them 2-1, and Geneseo squeaked by 1-0 in overtime. Victories by the Tigers were over Oswego, 4-0, and LeMoyne, 7-2.

Last year's leading scorer, Jorge Rivas, was held to one goal in the first four contests. Rivas broke through with four marks in the LeMoyne game, giving him a club-leading five for the year. Paul Teremy is right behind him with four, followed by Alonzo Suescun's two. Nick Szanko and Al Pitts each have one.

Tomorrow the squad will travel to Buffalo State and they entertain Alfred on Wednesday. Game time is 4 p.m. at the New Campus.

BIG FOUR—RIT's varsity golf squad prepares for Monday's match against St. John Fisher at Irondequoit Country Club. The Tigers lost, 5 1-2—3 1-2, ending its short fall season with an 0-2 record. Front, Bob Honneger. Back, L-R: Joe Rossetti, Gary Briddon and Garry Legler. (Photo by Phil Fraga)

Kickers Now 2-3

RIT's varsity soccer team split two games last week, and has now registered two victories against three defeats. At the new campus Tuesday, the Tigers were shutout by Geneseo 1-0 in overtime.

Tech's goalie John Juliano played a fine game in the nets. Early in the first period he blocked a penalty kick by the Knight's Dan Mboya and both sides were held scoreless for the remainder of regulation play. However, in the first overtime period a shot by Dick VanHook was deflected past Juliano and this proved to be the winning tally.

At Syracuse on Saturday, the Tigers swamped LeMoyne 7-2. Senior Jorge Rivas sparked the offense with four goals. Rivas,

leading scorer from last year's team, first dented the Dolphin defense at the 15:25 mark of the first period. He converted a pass from Paul Teremy. Then at 16:40 Rivas headed in his second goal of the period. LeMoyne bounced back, however, and Tech needed a third goal by forward Rivas (5:45 into the second quarter), in order to take a 3-2 halftime lead.

Goals by Alonzo Suescan, Al Pitts, Teremy, and a fourth for Rivas at 13:25 of the fourth period, put the game out of LeMoyne's reach in the second half.

Frosh Soccer Team

Over Geneseo JV's, 2-0

The RIT frosh soccer team won their first game this season by shutting out the Geneseo State JVs 2-0 Saturday, Oct. 15 at Geneseo.

Gary Atkinson, assisted by wing Russ Anderson, tallied from eight yards out with 50 seconds remaining in the second period of play. The Baby Tigers placed another mark on the board when Chris "Greek" Tsiastos passed the ball to Seth Oser, who booted it in from five yards out.

The second score came at 19:22 of the third period.

The frosh-controlled game was paced by Bob Coleman, who not only played fine defensively, but also led an all-out offensive attack against the Geneseo defense.
