29 April 2008

If you're looking to get involved in a professional organization, work with a great team of students, hold a creative leadership position and you want a standing portfolio piece, the American Advertising Federation (AAF) at RIT has just the job! AAF is a student-run organization that promotes networking skills and creativity and is looking for a webmaster. RIT students with web design skills who are willing to design, implement and update AAF's website are encouraged to apply. The webmaster position is an Executive Board position and is a great way to gain leadership skills and practical experience. If you are interested in the position or have questions about it, contact AAFR at [AmericanAdvertising.RIT@gmail.com](mailto:AmericanAdvertising.RIT@gmail.com).
