[News & Events goes 'green'](#)

RIT's [University News](#) continues to support environmentally friendly initiatives around campus and, as a result, is proud to announce that [News & Events](#) has gone 'green.'

Starting with the Feb. 7 issue, [News & Events](#) will be printed on 100 percent recycled, chlorine-free paper. According to figures researched by our print buyer from RIT's University Publications department, over the next 16 issues: 78.34 trees will be saved; 3,682 pounds of solid waste will not be generated; and 7,249 pounds net of greenhouse gases will be prevented.

We're gladly joining the growing 'green' initiative, and excited to be a part of helping to preserve our environment for future generations.
