  - The sky is the limit, looking at anything
  - Panel for new students, more panelists than people in audience
  - Cory: e-mail for class times so can check schedule
  - sign up sheet next week
  - Dave: come up with a general script of what should be discussed
  - Matt: Winter quarter, advertise freshman senator
  - Colette: Sometimes come too late, day of or day before deadline for freshman senator
  - Alay: Students feel there is nothing to do on campus, looking to get involved
  - Colette: Work with Cabinet and get something together
- b. Heath: Construction activity
  - Construction kick off next Friday, 3pm
  - Cory: when does it open?
  - Originally Fall of '09, now seeing January '10 but hoping sooner

## 8) Old Business

- a. OUTspoken
  - Cory motion to discuss, second by Dave
  - Cory: Asked about numbers last week. 10% of population is either Gay, Lesbian or Bisexual. Got some approximate numbers of students from RITGA orientation, 120. Over 100 students going to meetings.
  - Cory: "Trial" MSO suggestion by Ed Wolf. Feels like it would just be an MSO, so why bother with trial?
  - Dave: Don't agree with Trial, senate should support group or not. Everything brought up last week about by-laws and graduate senator now in there

- Emily: guidelines for MSO's, steps to add MSO
- Matt: don't feel nervous about adding this, not really an addition just transferring. Better serving GLBT community as an MSO than a Senator.
- Jackie: More MSO's means less money to current MSO's? Women's Senator also MSO?
- Emily & Matt: Being discussed.
- Cory: Taken money from MSO's?
- Kiersten: Yes.
- Cory: Money in other funds, trying to get money from GLBT center
- Kiersten: Working on MSO budget with Alay
- Steph: Looking for guarantee about where money is coming from before you vote?
- Jackie: Brought up to make SAAC MSO, about the pool for MSO's. Will there be more money since there are more MSO's.
- Matt: Cory has money as a Senator, not a big hit. Not losing any money, MSO budget increases annually.
- Alay: Can't guarantee, can look into it for next year. There is money right now. Don't think there should be a trial period, but maybe a transition period. Get to know processes.
- Phil: All new MSO's go through transition? Limit to just senators then.
- Alay: No just for this situation.
- Phil: Should be concerned about MSO's not having money taken away. Motion for MSO's to already have an idea of where they will get their money from.
- Dave: Any MSO could get a decrease in budget when they come up for review. MSO's all have different sizes. Purpose here is should this group have the right to be an MSO, correct route. Budget people worry about budget.
- Steph: Knowing where money is coming from is important. Budget as Senator less than MSO's. Don't think one should be added without thinking through.
- Matt: Guaranteed funding for this year. Roll later, should SG allocate money. Not something for now.
- Jackie: Voting to start MSO now or next school year.
- Cory: Need to get advisors, e-board, funding. Take at least a quarter. Agree with transition period. Starting this year.
- Kiersten: Money aside, money will work out. Voting on if there is a need for OUTspoken. Not voting on if money will be taken away. Money will be addressed. This is a need for the organization.
- Dave: Should we wait to get rid of Senator until MSO is functioning?
- Cory: will be acting as representative.
- Matt: Important for group to get off the ground and get running, be ready for elections in the spring.

- Motion to accept all changes to by-laws as written on paper provided on this day, Phil seconds. 14 in favor, passes unanimously.
- b. Staff Council Seat
  - Emily: Will be a seat. Will seat have voting power?
  - Motion to discuss by Frank, seconded by Dave.
  - Frank: No voting power, separation, checks and balances.
  - Dave: Agree. Institute Council unites the three groups. SG votes on things as the voice of students. Don't understand Academic Senate and Staff Council voting seats.
  - Academic Council: Used to be strictly staff. Thought that there were certain situations that required input from all organizations and levels before making a vote. Important to know stance of other constituents there. Institute Council even a larger group. Something shouldn't be just faculty anymore.
  - Staff Council: just passed voting seats. Started working closer with SG and Academic Senate.
  - Academic Council: Three groups working closer together then ever.
  - Emily: Sign of respect.
  - Jackie: CAB, Reporter and WITR don't vote.
  - Frank: Sitting in the meetings gets your opinion out there.
  - Heath: Students should always have a vote. Not sure these councils need a vote. A seat is a good idea, but voting not necessary. Students should be the voting power. Not obligated to give a vote.
  - Gerry: SSO's do not vote because they do not represent a body at RIT. Groups that represent students on campus.
  - Emily: Working on this for next week.
  - Motion Dave to table for next week, Dave second.

## 9) New Business

- a. Post-Tenure Review
  - Skip due to time.
  - Might have a committee to review professors every 4 years.
  - Matt: Professors becoming more relaxed in their teaching. Department chair reviews every 4 years.
  - Motion to discuss by Cory, second by Dave.
  - Cory: Agree, 1<sup>st</sup> quarter having to deal with a bad professor. Either needs to change how he teaches or not teach. Need a review.
  - Alay: Agree, allows for checks and balances. Following guidelines.
  - Dave: Agree. Who would do it?
  - Matt: Dr. Hafner has discussed this. This it would look bad coming from provost, could be an issue. If students propose it, it would be received better. Dean would do the reviews.
  - Noella: If passed, professors have ten year already will have to comply or will be grandfathered in and only new rules apply to new ten years.

- Kiersten: Agree. Students feel rate your professor at the end of quarter is a joke. Review would help support idea those should be taken seriously.
- Matt: Not advocating to get rid of faculty, but they will get feedback on their teaching. Help improve faculty.
- Cory: Eisenhart Award for professors who do outstanding teaching. Used the surveys to help and went in to classrooms. Same could be done, if professor not doing well use surveys and go to class to review them.
- Kiersten: Not throwing out professors. Room for improvement to help faculty. Look for areas of improvement.
- Emily: Noticed strong support. Form committee to work on this?
- Matt: Straw vote?
- Unanimous.

b. Bug List

- Make a list of RIT peeves that you want to make changes to

c. Proposal

- \$5000 awards to be presented to Senate
- Alay presents, Senate votes
