

“Crowdsourcing” Collaboration with Reporter Magazine

Bruce A. Austin baagll@rit.edu

8 January 2009

The Reporter magazine is planning a special event for January 30th. Using a wiki and other social media tools, Communication majors are invited to contribute to the first “crowdsourcing” issue by collaborating online. Apply your communication skills by suggesting story ideas, voting for article topics, writing articles, submitting photography and illustrations, and even making editorial decisions. For more information, go to <http://www.reportermag.com/crowdsourcing>
