

Summer Co-op Available in RIT Information Security

Patrick Scanlon pmsgsl@rit.edu

March 19, 2009

The RIT Information Security Office is seeking a tech-savvy Communication student to work as an Information Security Communications Associate, as a summer 2009 Co-op. The person in this position works with Information Security staff to “develop and implement a campus-wide Information Security Awareness Program.” The job calls for someone with excellent writing and editing skills, particularly in technical communication. The position runs from June 1 to August 21, with the possibility for renewal.
