Two Summer 2009 Co-ops just became available; they are posted on the bulletin board behind DOC student mail folders and are on Job Zone.

One is an unpaid internship in the promotions and programming department at WLJZ-FM (Rochester). The second pays \$10/hour and is at Finger Lakes Community College (FLCC, Canandaigua), involves technical editing, and FLCC indicates a preference for a graduate student – PTC majors should consider applying for this position.
