TechGirlz Summer Camp Planned

February 21, 2008

Girls with hearing loss who are entering 7th, 8th or 9th grade in September 2008 and who are interested in science, technology, engineering, and math can attend TechGirlz, a career exploration camp from Aug. 3 to Aug. 9 at Rochester Institute of Technology's National Technical Institute for the Deaf.

Girls will learn and think about jobs and careers in science and technology by building their own computer to take home, discovering the secrets of roller coaster design, investigating a crime scene and becoming a commander on a simulated mission to Mars. They also meet other girls with similar interests.

Camp activities are presented in English and in sign language, are certified by the New York State Department of Health and incorporate National Science Education standards. The cost is \$650 and includes tuition, housing in a residence hall on campus and meals and snacks for the week. Parents are invited to opening and closing activities

For more information or to register, [click here](#), call (585) 475-7695 (voice/TTY) or [e-mail](#). Registration deadline is May 31.

TechGirlz from last summer's science camp at RIT/NTID get hands-on learning under the guidance of Lecturer Annemarie Ross. [See full-size photo](#)
