Friday, 6/27/03 -- 11:00 AM
Location: LBJ [060] 2590

Strand: Using Technology to Support Learning

Type: Formal **Audience:** All

Summary:

The TabletPC is a fully featured 'Windows' laptop, that allows you to write on it using a stylus. A new notetaking application, Microsoft Journal, makes it of particular interest for notetaking applications for deaf students. This presentation demonstrates Journal and discusses the TabletPC potential in the field of deaf education
