Email: imbnc@rit.edu

Catherine Clark

Thursday, 6/26/03 -- 4:30 PM
Location: LBJ [060] 2nd Floor Street

Strand: Using Technology to Support Learning

Type: Poster **Audience:** College

Summary:

NTID's Department of Audiology has used computer assisted, interactive video since 1979 for supplemental speechreading (lipreading) instruction. This program has been proven effective and now has been revised and placed on CD-ROM. This session will allow participants to experience the features of this updated program.
